Subject: **Inputs of Brasilia Mission on Youth Festival-2025**

Director (Public Diplomacy) from Head of Chancery

Please be informed that the Mission planned to celebrate the Youth Festival-2025 in two phases to ensure the highest participation and involvement of the younger generation from the Bangladeshi community situated in South America, especially in Brazil. It may kindly be noted that the maximum number of young Bangladeshi nationals live in Buenos Aires, Argentina and in Foz de Iguazu, Brazil. Consequently, Mission organized a seminar with the presence of Her Excellency the Ambassador Sadia Faizunnesa in Buenos Aires, Argentina in the last week of December 2024 entitled "Contribution of the Youth to Make a Discrimination-free Bangladesh". In that seminar, almost all the members of the Bangladeshi Diaspora (nearly 200) were present and enthusiastically participated in the discussion with the spirit of a new era of Bangladesh where the young generation has the aspiration of a discrimination-free Bangladesh where everyone—regardless of gender, religion, ethnicity, socioeconomic status, or disability—has equal opportunities and rights, and economically vibrant Bangladesh. People opined that they want a system where merit, skills, and qualifications determine success, not connections, wealth, or background.

O2. The second phase of the Youth Festival is tentatively scheduled on 02 March 2025 to take place in Ciudad el Este, Paraguay or Foz de Iguazu, Brazil. The Mission will arrange a friendly cricket match followed by a mass gathering and discussions with the presence of the local Bangladeshi young generation. The mission has already been in touch with them and they are eagerly waiting to take part in the event. The details will be shared immediately after the event.
