## Guidance Notes on the Use of the Standard Request for Application for Selection of Individual Consultants (National)

These guidance notes have been prepared by the CPTU to assist a Client in the preparation, using the Standard Request for Application (SRFA), for procurement of Individual Consultants (National). The Client should also refer to the Public Procurement Act 2006 (Act No 24 of 2006), and the Public Procurement Rules 2008, issued to supplement the Act available on CPTU's website: [www.cptu.gov.bd/](http://www.cptu.gov.bd/). All concerned are advised to refer to the aforementioned Act and Rules while participating in any selection process of Consultants.

Individual Consultants shall be employed in accordance with Section 38 of the Public Procurement Act 2006 and Rule 112& Rule 104(d) of the Public Procurement Rule 2008 for assignments for which the qualifications and experience of the individual are the overriding requirements and no team of staff and no additional professional support are required.

This document shall be used when a Procuring Entity (the Client) wishes to select an Individual Consultant (National) for **assignments for which the qualifications and experience of the individual are the overriding requirement**, for which remuneration is being determined on the basis of the time actually spent by the Consultant in carrying out the services.

Time-based Contracts are recommended when the Scope of the Services cannot be established with sufficient precision, or the duration and quantity of Services depends on variables that are beyond the control of the Consultant, or the output required of the consultants is difficult to assess.

Consultant's remuneration is based on (i) agreed unit rates for the Consultant multiplied by the actual time spent by him/her in executing the assignment, and (ii) reimbursable expenses using actual expenses and/or agreed unit prices. This type of Contract requires the Client to closely supervise consultants and to be involved in the daily execution of the assignment.

SRFA (PS4) has been designed to suit the particular needs of procurement within Bangladesh, and has four (4) Sections, of which **Section 1: Information to the Applicants and the Contract Agreement in Section 4 must not be altered or modified under any circumstances.**

The Client addresses its specific needs through the **Section 2: Terms of Reference (TOR)**. The way in which an Applicant expresses his/her interest is by completion and submission of the Application Forms in **Section 3**.

Guidance notes in brackets and italics are provided for both the Client and the Applicants and as such the Client should carefully decide what notes need to remain and what other guidance notes might be required to assist the Applicant in preparing its Application submission; so as to minimize the inept Selection process.

SRFA (PS4), when properly completed will provide all the information that an Individual Consultant (National) needs in order to prepare and submit an Application. This should provide a sound basis on which the Client can fairly, transparently and accurately carry out an evaluation process on the application submitted by the Individual Consultant.

SRFA (PS4) duly tailored may also be used for the purpose of Single Source Selection Method. The following briefly describes the Section of SRFA (PS4) and how a Client should use these when preparing a particular request for Applications.

## Section 1: Information to the Applicants

This Section provides relevant information to help Consultants prepare their Applications. Information is also provided for submission, opening, and evaluation of Applications and on the award of Contract.

This Section also contains the criteria for selection of suitable Applicant  
**The text of the clauses in this section shall not be modified.**

## Section 2. Terms of Reference

This section defines clearly the Objectives, Goals, and Scope of the assignment, and provides background information (including a list of existing relevant studies and basic data) to enable the Individual Consultant to clearly understand the assignment. This section lists the Services and surveys that may be necessary to carry out the assignment and the expected outputs (for example, reports, data, maps, surveys); it also clearly defines the Client's and Consultants' respective responsibilities.

## Section 3. Application Forms

This section provides the standard format that permits the requested information to be presented in a clear, precise and readily available manner and allows the Client to readily understand and evaluate Applications in accordance with the pre-disclosed criteria. The completed forms will indicate details of the Applicant's qualifications and experience best suited to the specific assignment.

## Section 4. Contract Agreement Forms

The Form of Contract Agreement which, once completed and signed by the Client and the Consultant clearly defines the Client's and Consultants' respective responsibilities. The Annexes to the formal Contract include a Description of the Services, the Reporting Schedule and **Cost estimates** of Services.

## Section 2. Terms of Reference

### Terms of Reference development of SoP for health product management and waste management

#### Background:

The AIDS/STD Programme (former NASP) within the Directorate General of Health Services (DGHS) of Ministry of Health and Family Welfare (MoHFW) is main government body responsible for overseeing, coordinating and monitoring prevention and control of HIV and AIDS and ensuring that the national HIV/ AIDS strategy and policies are implemented. The primary responsibilities are strategic direction, management and coordination, prevention, care support services for the PLHIV through private public partnership and monitoring and evaluation.

Since 2004 Global Fund for Tuberculosis, AIDS and Malaria (the Global Fund) has been supporting Bangladesh to prevent HIV and AIDS in the area of treatment care support for the People Living with HIV/ AIDS (PLHIV) through GO- NGO Partnership. Previously two principal recipients (PR) were responsible to ensure the services under Rolling Continuation Channel (RCC), phase ii which is ended in November, 2015. The Global Fund approved the New Funding Model (NFM) concept note (proposal and detail budget) where ASP is one of the PR for the NFM-1 period (December, 2015 to November, 2017), till to date ASP playing role as government PR for different phases.

ASP's role is to create enabling environment and capacity building for effective HIV/ AIDS response, Implementation of KPs intervention through selected public facility, Prison Intervention and strengthening treatment care support trough updating PLHIV data base. Role of national PR has been shifted from previous grant and engagement in grant implementation has been increased.

Besides this, the grant fund also supporting timely implementation of 4<sup>th</sup> Operational plan support programme in the country to achieve the joint performance framework target as well as national strategic plan targets.

#### Rationale for the development of SoP for health product management and waste management

The ASP provides HIV testing services (HTS) in 28 HIV testing sites at GoB facilities in 23 districts, and treatment and care in 14 ART centers in 12 districts, while prevention for KP is mainly implemented by non-governmental organizations (NGOs), supported primarily by the GF and HPNSP support. Besides this ASP also implements PMTCT programme through selected medical college / district hospital also continuing testing services for FDMN through different INGOs/ NGOs. In very recent, ASP conduct syphilis and HCV testing in different sites. Viral load testing one of the major component to monitor the treatment services. As national body, ASP procure/ collect HTS kits, syphilis, HCV testing kits viral load cartridge for gen expert machine. These testing reagents supply to the different service providers like public hospital, NGOs, private sectors. In the current NFR3 grant, a consolidated procurement committee has been formed and functioning. All the implementing organization in government or NGOs will collect these reagents from national programme, To manage all these testing re

agents as SOP is required which will guide users for indenting, receiving supply, storage, inventory and dispensed in the individual level.

Since long (2012), ASP procuring ARV and STI drugs through CMSD and supplies to the ART center and HIV prevention centers. These drugs are storing by the CMSD and supplies to the center based on the demand. Openly, country facing stock out situation due to the management capacity. The SOP can help to manage this situation. This SOP also cover the health and non-health product.

To monitor the follow up of PLHIV, viral load testing is an important component. ASP is doing viral load testing among PLHIV following WHO protocol. Moreover, HIV testing is regularly taking place in the ART and HTC centre. In selected public health facility, ASP implementing KPs HIV prevention intervention where condom, syringe exchange, abscess management, STI management services are available. Government hospitals using a national waste management SOP since long which not covering all the product / waste disposals procedures supported by DPs funding. That procedure also time consuming. As waste management is a critical part and ASP do not have any specific waste management protocol specially product disposal procured under DPs funding, the SOP on waste management is very much essential for the programme.

**For these two SoP, two consultants (one lead consultant, one associate consultant) will be planned to recruit. Potential consultant will apply mentioning either Lead or Associate. Applicant are also encouraged to apply jointly in a single application.**

### Objectives

AIDS/STD Programme, DGHS seeks a team of highly qualified and capable consultant to develop Standard Operating Procedure (SOP) for Health Product Management (HPM) and waste management align with the national policy related to product management, on the basis of his/her knowledge and experience. These SOP will also utilize by NGO implementers.
