1. Career Brief

I have been serving as an Assistant Programmer at the Bangladesh Agricultural Research Council (BARC) since January 2023. In this role, I am responsible for maintaining and updating the organization's official website and supporting the upgrade and management of the Seba Box.

My duties also include maintaining networking operation, troubleshooting hardware and software issues, and providing technical support for computer and IT related issues. In addition, I assist in implementing official tasks assigned to support the smooth operation of the organization's administrative activities.

2. Area of Expertise

Website Maintenance, Seba Box Management, Network Administration and Hardware & IT related issues etc.

3. Professional Experience

Designation	Organization	Service Period
