1. Career Brief [📍in 50~100 words]

A seasoned professional with extensive experience in designing and leading strategic training and communication programs within the agricultural research and development sector. Demonstrated expertise in capacity building, knowledge dissemination, stakeholder engagement, and institutional coordination both at national and international levels. Proven ability to develop and implement innovative training frameworks, strengthen research-extension linkages, and enhance organizational visibility through effective communication strategies. Skilled in managing multidisciplinary teams, fostering partnerships with government agencies, international organizations, and development partners, and translating complex research outputs into actionable knowledge products. Adept at policy advocacy, program planning, and monitoring and evaluation to ensure impactful outcomes aligned with national priorities. Committed to advancing agricultural innovation systems by promoting knowledge sharing, professional development, and evidence-based communication for sustainable food and nutrition security.
