MINISTER, MINISTRY OF COMMERCE

Government of the People's Republic of Bangladesh

In the era of technological advancement in Agro & Food Processing, I am highly esteemed to know that Bangladesh Agro-Processors' Association (BAPA) and Agro Product Business Promotion Council (APBPC) in a joint venture publishing its Annual Directory 2019.

Bangladesh has made remarkable progress in agriculture and food security. From a food deficit nation at the time of independence in 1971, it has transformed into a food-surplus country. With a fast-growing economy and a vast population with increasing buying capacity, the opportunity for agro-processing is expanding. The Government's recent fiscal incentives with 20 per cent cash subsidies against exports have played a good role in promoting the sector. Agro-processing exports grew by 44 percent on average in the past five years while the export value in 2017-18 was \$635 million. I am hopeful that the country can soon earn over \$1 billion from agro-processing exports.

I firmly believe that maintaining the continuity of development in various sectors under the dynamic leadership of Prime Minister Sheikh Hasina, the present people- friendly government, keeping pace with the Vision 2041 will be able to make our country a happy, prosperous and developed one dreamt by the father of the nation Bangabandhu Sheikh Mujibur Rahman.

I wish the publication an all-out success.

Joy Bangla, Joy Bangabandhu.

(Tipu Munshi, MP)

SECRETARY, MINISTRY OF COMMERCE

Government of the People's Republic of Bangladesh

It is my pleasure to know that Bangladesh Agro-processors' Association (BAPA) and Agro Products Business Promotion Council (APBPC) are jointly publishing its Profile and Directory 2019.

The Government of the People's Republic of Bangladesh under the dynamic leadership of Honorable Prime Minister Sheikh Hasina is moving forward to achieve the goals to become a developed nation. It is challenging task to attain a strong position in the sector of agro & agro food processing in the competitive world. We have accepted the challenges to eradicate poverty and we have completed a major step by achieving self-sufficiency in food sector. Our export revenue from this sector is increasing day by day. Agro-processing can help boost agriculture, raise rural income opportunities, and boost small and medium-sized enterprises. The sector also has huge employment generation potentials with an employment growth of 15 to 20 per cent per year. Improving food safety, reducing import dependency of packaging materials, and strengthening quality control mechanism can facilitate the industry to move forward, Introducing and spreading more climate resilient crop varieties will further boost agriculture as well as agro-processing. We are confident that the agro-processing sector will soon unleash its full potentials and contribute more to accelerating growth and development of bangladesh.

I wish every success of this sector and extend my thanks to all involved in this publication.

(Dr. Md. Jafar Uddin)

JOINT SECRETARY

Ministry of Commerce & Coordinator, Business Promotion Council

I express my heartfelt gratitude to Bangladesh Agro-Processors' Association (BAPA) for taking this initiative steps to publish its Profile, Directory 2019 and to everyone who provided their valuable support to execute this publication.

BAPA is an important member of Business Promotion Council (BPC) and actively involved in all the activities undertaken by BPC for the promotion of business, particularly in Agro-food processing sector. As the top Thrust Sector, rendering similar service for promotion of the sector in multiple way. Training in different steps for the expression of production & business is very important step where BAPA is actively engaged in co-operation with BPC.

I believe that this directory will become a great aspect for this sector and let the stakeholders to gather more fruitful information regarding the sector. The Directory is expected to bring light in all aspects of BAPA's activity, plan and progress and contribute in economic life of the nation, which will inspire many others in this new and for the potential sector.

I wish all the best publication form which it is being composed & published.

(A H M Shafiquzzaman)

Message

PRESIDENT

Bangladesh Agro-Processors' Association (BAPA)

It is my honor and humble privilege to welcome you all to Publish Profile & Directory 2019 of Bangladesh Agro-Processors' Association (BAPA) which has been published in every year.

BAPA as the apex organization of all Agro-Processing Food Industries of Bangladesh kept on trying to ensure Safe Food for the consumers at home & abroad. The country should feel proud for their effortless success with their highest capacity. BAPA members presently exporting more than 100 types processed products to 144 countries. Food Processing Sector will surely achieve the new heights in the years to come. BAPA members trying to export new products, the outcome of R & D global market of Agro processing will soon be dominated by BAPA members.

Agro-processing can help boost agriculture, raise rural income opportunities, and boost small and medium-sized enterprises. The sector also has huge employment generation potential with an employment growth of 15 to 20 per cent per year. The Government's recent fiscal incentives with 20 per cent cash subsidies against exports has played a good role in promoting the sector. Agro-processing exports grew by 44 per cent on average in the past five years while the export value in 2017-18 was \$500 million. I am hopeful that the country can soon earn over \$1 billion from agro-processing exports.

BAPA is implanting a skilled development project funded by ADB & implemented by Ministry of Finance. BAPA already trained more than 11000 trainees & all are placed in jobs by the implementing Agro processing industries who are members of BAPA. ADB & SEIP Project of Ministry of Finance approved another project to BAPA for skilled development training from 2021 to 2024 as a result of successful implementation of the Project. World Bank, JICA & FAO are likely to join hands with BAPA to implement related project very soon.

I would like to thank APBPC for their support and also extend my best wishes to all of my colleagues for continuous contribution, support and accomplishments to publish this Directory in a creative way.

I wish the publication all success.

SENIOR VICE PRESIDENT

Bangladesh Agro-Processors' Association (BAPA)

It gives me great pleasure to extend greetings and warm welcome to everyone that in a joint venture Bangladesh Agro-Processors' Association (BAPA) and Agro Products Business Promotion Council is jointly publishing a Profile & Directory 2019.

In light of the vision & objectives of BAPA and The Government of The People's Republic of Bangladesh's Vision-21 the Agro-Processing Sector has started blooming and gained number 01 position out of 10 "Thrust Sectors of Bangladesh." BAPA has a moral obligation to widen a scope of diversifying the products, maintaining quality and enable the processors to be competitive in the present situation.

BAPA hopes expansion of Agro-processing industries throughout the country, more export in billion US\$ as like Thailand & India, establishment of training institute, Agro-processing Zone, separate ministry for development of skilled employees, technical & business information, innovation and sustainable development of technology and related products, capacity development of industries, research and development facilities and removal of other barriers relating to the agricultural sector and a ultra-modern Lab organized by BAPA for testing of all kind of food products and its raw materials and also land for growth of raw materials.

I wish publication of Profile & Directory 2019 an all-out success.

(S M Jahangir Hossain)

Message

VICE PRESIDENT

Bangladesh Agro-Processors' Association (BAPA)

I am pleased that Bangladesh Agro-Processors' Association (BAPA) is going to bring out an informative issue of a Profile & Directory 2019 of BAPA in-cooperation with Agro Products Business Promotion Council (APBPC) under Ministry of Commerce to focus its various objectives, activities, achievements and also the constrains.

Agro-Processing sector is considered to be top Thrust Sector in consideration of its dormant potentials still unexplored. I am happy to note that export of processed products of this emerging sector has maintained steady growth despite economic crisis of COVID-19 in this year 2020. Information, facts are essential and important factors to explore new ideas, innovations and its application to enhance competitiveness in the consumer market, both internal and external.

BAPA is implanting a skilled development project funded by ADB & implemented by Ministry of Finance. BAPA already trained more than 11000 trainees & all are placed in jobs by the implementing Agro processing industries who are members of BAPA. ADB & SEIP Project of Ministry of Finance approved another project to BAPA for skilled development training from 2021 to 2024 as a result of successful implementation of the Project.

I am happy that BPC appreciates the role of BAPA in its promotional activities and extends cooperation to achieve the common goal. I hope this publication will be able to cater the need of the people and stakeholders in their entrepreneurial efforts to create new era of economic life of our nation.

I wish this publication a success.

(Syed Md. Shoaib Hasan)

GENERAL SECRETARY

Bangladesh Agro-Processors' Association (BAPA)

I am very glad that Bangladesh Agro-Processors' Association (BAPA) and Agro Products Business Promotion Council (APBPC) in a joint venture publishing its Annual Directory 2019.

The agro-food processing sector is a growing sector that has an important role in economic development and advancement of Bangladesh. There is a huge opportunity to expand our national GDP through export diversification of different agro-processed products. Bangladesh Agro-Processors' Association (BAPA), who has been working relentlessly to stabilize and develop this sector, has now 569 members who are engaged in manufacturing, processing and exporting the products of this emerging sector. In the fiscal year 2018-2019, they have exported processed food items to more than 144 countries worldwide and earned revenue via net export worth 600 million USD. As a result, it is creating positive impact on our GDP growth which is leading us towards our target to become a developed nation by 2041.

I expect this Directory will provide some of the major components to create interest to know more of Bangladesh Agro-Processors' Association (BAPA). We link our plans to diversify the structure of the economy and developing the investment in this sector in many ways with the activity of small and middle businesses. We intend to create conditions as comfortable as possible from beginning of our activity. I am really happy to see the growth of this sector under our joint effort by both the govt. & other related agencies moving forward to take share in global market. BAPA as the apex organization of all Agro-Processing Food Industries of Bangladesh will try its best to ensure Safe Food for the consumers of domestic and export market.

I wish all the success of BAPA Directory 2019.

(Md.Iqtadul Hoque)

Message

TREASURER

Bangladesh Agro-Processors' Association (BAPA)

It gives me immense pleasure that Bangladesh Agro-Processors' Association (BAPA) is going to publish its Annual Directory 2019 in cooperation with Agro Products Business Promotion Council (APBPC) under Ministry of Commerce of its overall activities in every financial year.

Agro-Processing sector has tremendous potentialities. Unexpected growth in the Agro products as raw-materials has further added stimulation in the processing sector. It is necessary to improve quality and meet compliance of western consumers. I am aware that BAPA is moving ahead with some creative and innovative missions for the all-out development of agro-processing sector. I believe, the members of BAPA will be able to augment this sectors contribution in the export trade of Bangladesh.

BAPA is implanting a skilled development project funded by ADB & implemented by Ministry of Finance. BAPA already trained more than 11000 trainees & all are placed in jobs by the implementing Agro processing industries who are members of BAPA. ADB & SEIP Project of Ministry of Finance approved another project to BAPA for skilled development training from 2021 to 2024 as a result of successful implementation of the Project.

Unlike other industries, the agro-processing industry is the only industry whose all raw materials are produced in our country and are supplied from agriculture sector. For this, the more this industry will flourish, the more farmers of our country will be benefited. The present Government has taken initiatives to work with BAPA so that Bangladesh can do better in the agro-processing sector.

I wish the success of the publication and thank those who are actively involved in it.

(Md. Golam Sharif Chowdhury)

Introduction of BAPA

Bangladesh Agro-Processors' Association (BAPA) is a non-profitable trade organization of agro processing sector in Bangladesh which was established in 1998 with a small number of agro processors. Before commencing this association there were a less production of agro processed products at that time and export in this sector from Bangladesh was negligible. In that time 13 agro-processing companies were founder members of association and Marhum Maj Gen Amjad Khan Chowdhury (Retd), CEO of PRAN-RFL group was the founder of the Association. Now its active members are 285 and export value 371 Mill US\$ in 2017-2018 where it was only 19.39 mill US\$ in 2005-2006. At present the contribution of agro-processing sector in the GDP of the country is about 1% that should be increased in future.

Agro processing sector is one of the topmost thrust sectors in Bangladesh as per export policy of Bangladesh Govt. It has been promoting in all activities with the co-operation of govt & non-govt organizations. With the continuous increase of production & export by the members of BAPA is organizing Foodpro, participating in Dhaka International Trade Fair (DITF), its member companies participating to the foreign trade in every year for advertising their products and exchanging of knowledge & technology. Bapa is playing an active role for skill development & food safety by arranging of meeting, training, seminar, workshop & inspirational motivation for stakeholders in agro-processing. The stakeholders try to maintain all safety in the supply chain of food from field to table for qualitative product so that export can be acceptable in any country of the world. At present agro processed products are exported in 144 countries though contamination problem arose from 2/3 countries due to the raw material infectivity. So BAPA has emphasized of Good Agriculture Practices (GAP) among the farmers & establishing of Training Institute, Research & Development (R & D) center and ultra-modern Lab in Bangladesh.

The Executive Committee and its Sub-Committees are organizing meetings and discussing about the promotion of the sector. Any problem or proposal arisen from the meeting are noted and taken step with the cooperation of related experienced stakeholder or researcher or govt organization for solving any problems without any delay of members.

To see the progress of the association European Union (EU) and Asian Development Bank (ADB) has united with the committee and members of BAPA to develop the agro-processing sector with its financial & technological support. After the finishing a project for SME development under SME competitiveness grant scheme, PRISM project for reduction of poverty by developing skill and products is going on with the support of EU. With the aid of ADB a project to build up skilled person and employing them is going through 18 BAPA industries. Japan International Cooperation Agency (JICA) is also working with our members for quality Industrial Growth and economic Development of their industries. BAPA has already build up a relation with Embassies & foreign trade organizations in order to enhance the relation for the purpose of any kind of export related difficulties in overseas.

It is a great pleasure for us that Hon'ble Prime Minister Sheikh Hasina, Government of the peoples' republic of Bangladesh has been directly involved for development

of Agro Food Processing Sector. A National Task-Force has been formed to find out the obstacles for solving those vis-a-vis to develop the agro-processing sector as instructed by the Hon'ble Prime Minister, Sheikh Hasina. So, it is understood that the Hon'ble Prime Minister is very much interested to develop this sector as stated in the latest policy strategy.

BAPA has a moral obligation to widen a scope of diversifying the products, maintaining quality and enable the processors to be competitive in the present situation. BAPA keeps strong contacts inseparably through Commerce Ministry, Industry Ministry, Food Ministry, Bangladesh Bank, Federation of Bangladesh Chambers of Commerce & Industries (FBCCI), Export Promotion Bureau (EPB), Small & Medium Enterprise Foundation (SMEF), Bangladesh Food Safety Authority (BFSA), Hortex Foundation, Nutrition and Food Engineering Department of Daffodil International University and other related organizations for implementation of policies, steps for ensuring of SPS measure, ensuring quality standard, modern packaging, fixation of tax, vat, cash incentives/subsidies to the exporters, etc.

BAPA hopes expansion of agro processing industries throughout the country, more export in billion US\$ as like Thailand & India, establishment of training institute, agro-processing Zone, separate ministry for development of skilled employees, technical & business information, innovation and sustainable development of technology and related products, capacity development of industries, research and development facilities and removal of other barriers relating to the agricultural sector and a ultra-modern Lab organized by BAPA for testing of all kind of food products and its raw materials and also land for growth of raw materials. It will be possible if Government and donor agencies can take necessary steps by cooperation with BAPA.

The Covid-19 pandemic has thus far spread almost all the countries and regions of the world, significantly affecting the global economy. Since the virus has been growing exponentially, even the developed countries have been unable to contain its spread. As a result, people are dying in the affected areas at an alarming rate. Bangladesh is the most densely populated country in the world, however, to our concern, the healthcare facilities in the country are too limited to serve its 160 million-plus population.

The unprecedented Covid-19 pandemic has caused disruptions to global trade, business, and education. Bangladesh is equally affected by this contagion. The economic consequences of the Covid-19 outbreak are tough to handle as the entire of the global supply chain has been interrupted due to worldwide transportation shutdown. The import and export-oriented companies are also at risk. The foreign remittance will come down and thus it will hit the foreign reserves of the country. On a larger scale, we may have to face an economic slowdown in the short term while there might be a recession in the long term.

As per the prime ministers bailout plan, fiscal actions included stimulus packages e.g. direct financial support for the affected sectors, widening social safety net coverage for poor people, food distribution at a lower price among the poor people, as well as increasing monetary supply.

Introduction of APBPC

Agriculture is the most important sector of Bangladesh's economy. (80% of the population 66% of the labor force) is engaged in agriculture. Agro Products sub-sector is a highly potential sector for export from Bangladesh that is providing strong supports to the economy. Agriculture till now is the main occupational activity in the rural areas as most of the population depends on agriculture for their livelihood and employment. A small stimulation for export orientation will boost-up the rural economy and lead to improved quality of life.

Export Policy 2003-06 recognized formation of sector/product-based business promotion councils (hereinafter mentioned as 'Council') for export promotion and diversification through addressing problems related to capacities of the industry in particular. In this connection, Agro Products Business Promotion Council (APBPC) was established under Ministry of Commerce to promote the export of Agricultural and Horticultural products of Bangladesh, It is a unique initiative of private - public partnership under the Companies Act 1994. Members of the company represent trade associations and chambers, banks and relevant government ministries. It is working for the promotion of exports of Agricultural and Horticultural products through organizing different capacity building activities, help the industry acquire right technology, and address issues related to productivity, quality, finance, standard and compliance.

Bangladesh is primarily an agrarian economy. Agriculture is the single largest producing sector of economy since it comprises about 30% of the country's GDP and employing around 66% of the total labor force. The performance of this sector has an overwhelming impact on major macroeconomic objectives like employment generation, poverty alleviation, human resources development and food security.

Meeting the nation's food requirements remains the key objective of the government and in recent years there has been substantial increase in grain production. Rice, Jute, Sugarcane, Potato, Pulses, Wheat, Tea, Tobacco, Oilseed, Spices and Fruit are the principal crops. Few of the products of this sector are currently exported in different countries with immense global competition. The growth and diversification of Agro products largely depends on the policy support, public-private joint initiative for institutional and financial support, availability of technical and business information, innovation and sustainable development of technology and related products, capacity development of industries, research and development facilities and removal of other barriers relating to the agricultural sector.

In the present context of globalization, the ministry of commerce has taken initiative as part of the development and diversification strategy to increase industrial base and volume of foreign trade. The Agro sector also plays a vital role in the socio-economic development of the Bangladesh.

Aims & Objectives of the Council :

Among all the special attention is to capacity building activities in respect of improving human resources, acquiring appropriate technology, information about markets, attaining quality and standards, complying with international norms or codes of conducts, etc. Thus the prime objective of forming the Council is to promote the sector to achieve competency in the local and global context as well as to help the industry building capacities in the fields of human resources and acquiring technologies. The specific objectives of the council are:

- ▶ To promote the export of agricultural and horticultural products;
- ▶ To promote and facilitate export of Agro & Horticulture products and import of required raw materials inputs, know-how, equipment and machinery for producing export quality goods;
- ▶ To develop a quality assurance programme with a view to address the issue of traceability in collaboration with or assistance from the development partners;
- ▶ To collect, compile and disseminate useful knowledge on agricultural products, technology, market opportunities, compliance requirements, etc. so as to enhance the contribution of these to the growth and development of the national economy; '
- ▶ To develop and encourage good agricultural practices in the agro-horticultural sector;
- ▶ To facilitate easy, credit to farming of agro and horticultural product and to encourage crop zoning and other protection mechanism;
- ▶ To promote, protect and safeguard the interests of the members of the Council in the context of this MOA;
- ▶ To advocate to the government on matters related to policy and planning;
- ▶ To make the Government and other bodies aware of and be responsive to the needs of agro products industry;
- ▶ To work with the Government, semi-Government, private and international agencies with participatory approaches for the benefit of the industry;
- ▶ To co-operate with public bodies and other organizations engaged in activities and/or objectives similar to those of this Council in matters of common interest;
- ▶ To send trade missions to, or receiving such missions from foreign countries for the promotion of market abroad;
- ▶ To sponsor on its own and I or arrange through the Government and development partners, visits of delegation of members to countries to promote the interests of the Agro Products industry in the areas such as market surveys, exports, joint ventures and collaborations, engineering, consultancy, studies and any other allied matters;
- ▶ To develop sets of standard practices in collaboration in the industries and the relevant government developments with a view to meeting the requirements of the buyers;
- ▶ To frame and maintain a code of professional ethics and general standards of professional conduct and practice and promote competition and healthy trade

practices amongst the stockholders of Agro industry;

- ▶ To undertake and execute any trusts which may be lawfully carried out by the Council and which may be conducive to the objectives of the Council;
- ▶ To undertake training, awareness or educational programmes in relation to the aims and objects of the Council and development of human resources;
- ▶ To carry out and sponsor research works on problems relevant to the exercise of Agro industry consistent with the aims and objectives of the Council;
- ▶ To undertake projects and to provide facilitation services to all stakeholders in planning, implementation and evaluation of development projects ;
- ▶ To adopt such means of making known the activities and services of the Council as deemed expedient and in particular by advertising in the press, digital and electronic media by circular, purchase and exhibition of works of interest, by publication of books and periodicals or any other kind of literature and by granting prizes, awards and donations;
- ▶ To institute, conduct and defend legal proceedings by or against the Council or member of the Council or employees in respect of matters affecting the Council
- ▶ To undertake and help settle disputes either between the Council members or between the members and others by arbitration or otherwise in accordance with the main objectives of the Association; and
- ▶ To undertake any other job to fulfill the aims and objectives of the Council.

ACTIVITIES OF BAPA

E. C Meeting : As per Memorandum & Articles of BAPA, meeting of the Executive Committee (E. C) is being held regularly in every month. In most of the meetings all 15 executive members were present on time and participated for the formation of policy & rules for the promotion of association and development of

member companies. In the last year 2019, 8 no. of E. C. meetings were held on due time. Each meeting was fruitful for argument of the members present there about every agenda for discussion.

Sub-Committee Meetings : Sub-Committees were formed by the Executive Committee of BAPA for different issues regarding agro-processing. Each sub-committee deals with particular subject of agro-processing, it is easy to identify the barriers and solve which is very helpful to Executive Committee. Recommendations of the Sub-Committees summarized in their meetings is placed before the Executive Meeting for action and the Executive Committee

discuss about the recommendation in the E. C meeting for decision & effective. 45-meetings of the different Sub-Committees were held after the formation of the Sub-Committee.

AGM : Annual General Meeting (AGM) is a yearly get-together of members of a company to participate as well as raise their voice in its management. Although it's a statutory obligation but very often in well-functioning companies it bestows an opportunity to members to exchange views, appraise the activities of directors, perusal of financial statements, consider any recommendation as to dividend, etc.

In a befitting manner like as each year 22nd Annual General Meeting (AGM) of BAPA was held on 14th September 2019 at Dhaka Club. 15 Executive Members of BAPA were on the stage to represent their views of the association in front of all the general members of BAPA. Audit report for 2017-2018 and Annual Budget of BAPA were consistently passed by the general members at the AGM.

Membership Inclusion : A manufacturer Company of agro-processing can apply to become a member of BAPA, though there are some rules & regulation as per Memorandum & Articles of BAPA. An applicant must submit the application according to the format of BAPA with other relevant documents. After verification the application, Industry visit sub-committee takes step for inspection at the factory and after their recommendation is placed to E.C Committee for final approval. A candidate for membership is approved in the ECM if applicant is qualified in overall steps. 23 Companies were included as a member of BAPA by the approval of the Executive Committee in the last 2019-2020 fy. Membership inclusion is a continuous activity of BAPA.

Recommendation for Subsidy against Export : BAPA is regularly recommending the applications of the exporter for subsidy against export of 63 products according to the F.E.15 circular issued by Bangladesh Bank (BB) from 2005. This activity has been the main & busy task of BAPA. Verification of the documents attached with the application, production of the products and export are hard work done by two officials and office bearers of BAPA. Recommendation for subsidy is issued by the signature of any two of the office bearers-President, Senior Vice President, Vice President, General Secretary and treasurer decided in the ECM.

EXHIBITION

BAPA Trade Fair : The largest show on Food Processing sector named 7th BAPA FoodPro International Expo 2019 were placed at International Convention City Bashundhara (ICCB) with two concurrent expo named “9th Agro Bangladesh

Expo 2019” and “6th Rice & Graintech Expo Bangladesh.” In this perspective a press conference was organized by S M Jahangir Hossain, Sr. Vice President &

Mr. Ahsan Khan Chowdhury, Chairman (Fair Sub-committee of BAPA) at the Economic Researcher Forum (ERF) on 19th November 2019. With a view to introduce the Bangladeshi local market with the international market and to create a bridge with the international technology and products, The 7th Edition of BAPA FoodPro International Expo is going to be held from 21-23 November, 2019 at International Convention City Bashundhara (ICCB) Dhaka, Bangladesh. Ltd., Prof. Dr. Md. Abdul Alim, Member BFSA, Dr. Latiful Bari, Principal Scientist, CARS, Dhaka University, Dr.Ishita Mostafa, Research Investigator,NCSD, ICDDR. Finally, the last day on 23rd November, 2020 there was a panel discussion on Role of Media in supporting processed food industry where many renown companies' owner & government officials were present. After all these a closing ceremony has started on that day at 4.00pm. Hon'ble Minister, Mr.Tipu Munshi. MP, Ministry of Commerce was present as the Chief guest. Moreover, Dr. Md.Jafar Uddin, Secretary, Ministry of Commerce was present as a special guest and those who were present as guest of honors Dr. Hiresb Ranjan Bhowmik, DG, department of Livestock services, Mrs. Fatima Yasmin, Vice Chairman, Export Promotion Bureau, Mr.Bablu Kumar Saha, DG, Directorate of National Consumer Rights Protection, Mr. Muazzem Hossain, DG, BSTI.

Gulfood 2020 : Gulfood 2020 is the 25th edition of the world's largest annual food and beverage trade show, which this year runs under the theme The World of Good. The World of Food. The theme highlights Gulfood's status as a global

trend-setting pioneer in the food and beverage industry and transcends the entire exhibition through a range of immersive features designed to enhance the visitor experience.

There is a growing sense of anticipation and apprehension surrounding the global outlook right now. Demographic shifts like urbanization, migration and the burgeoning middle class have reshaped consumer lifestyles and effectively, global demand. While innovation has become the turning point for most

businesses and sub-industries. Regardless the trends clearly convey one thing: growth opportunities are spread across the globe, with different food sectors rising faster in different regions.

For instance, Meat & Poultry and Seafood show the highest potential with an expected 5.2% CAGR from now until 2023 in the Middle East and North Africa region, while in the Sub-Saharan Africa, Pulses, Grains & Cereals top the list with a 5.1% CAGR. Asia Pacific, in turn, seems amazing opportunities for Fats & Oils-with a grow of 8.3% well above global average for this category.

Gulfood 2020 has been designed to unite all these regional opportunities in one truly global extravaganza. From the first ever battle of culinary crafts, featuring over 20 award-winning chefs from around the world, to three full days of profound knowledge-sharing through keynotes, panel discussions and case-study presentations, from over 5000 food and beverage companies and startups to innovative processing techniques, there is an immense volume of business learnings, opportunities and experiences hosted across the five days of the event.

A total of 48 Bangladeshi Food & Beverage manufacturing companies have taken part in five-day 'Gulfood-2020 to be held in the World Trade Center in Dubai. The companies were participating with the coordination of the Bangladesh Agro-Processors' Association (BAPA) and assistance of Export Promotion Bureau (EPB). The Bangladeshi exhibitors were showcase products such as juice & drinks, snacks, spices, confectionery & bakery items in the Bangladesh pavilion. In every year with a view to expanding its export market in the Middle East, North Africa & South Asia region. In UAE, where nearly 1 million Bangladesh expatriates live

and work, has played an instrumental role in promoting Bangladeshi food products. Agriculture is not only a food grain provider to the country, but it has also emerged as one of the most important export-oriented industries. Syed Mohammed Shoaib Hasan, Vice President of BAPA & CEO of HifsAgro Food Industries took a key role to all communication part with High Commission in Bangladesh in Dubai, UAE for stall decoration, consultation & other necessary arrangements. Kamrul Hasan, Commercial Counsellor, Consulate General of the People's Republic of Bangladesh, Dubai, United Arab Emirates has cooperated to

all the Bangladeshi companies for successfully organized the fair.

DITF : In every year Export Promotion Bureau (EPB) has been organized a biggest fair in Bangladesh called Dhaka International Trade Fair (DITF) to display and sell Bangladeshi products. However, buyers and sellers alleging that many stalls are selling domestic products at pavilions allotted for foreign products. In the last DITF 2018, BAPA took a pavilion for the first time whereas 20 stalls were allocated among 11 member companies of BAPA.

Seminar, Workshop & Training Program : BAPA conducts number of workshop, Seminar & Training Program in each year. Topics of the workshops are decided contemporary from time to time through BAPA & Agro-Products Business Promotion Council (APBPC) meeting. A 2-days training on “Food Safety in Bangladesh-Prospects & Challenges” was held on 18-19 March 2019 at the seminar room of National Skills Development Council (NSDC), Tejgaon Industrial Area, Dhaka-1208 jointly organized by BAPA&APBPC. Mr. Md.Faruque Hossain, Executive Chairman (Secretary in-charge), National Skills Development Council (NSDC) graced the occasion as the Chief Guest. Chaired by Mr. A F M Fakhrul Islam Munshi, President, Bangladesh Agro-Processors’ Association (BAPA) and as special guest Engg. Shafiqur Rahman Bhuiyan, Chairman, Centre of excellence Agro Food Skills Foundation (CEAFS) & Human Resource Development Sub-Committee of BAPA and Dr. Md. Bellal Hossain, Food Adulteration Technical Committee, Bangladesh Food Safety Authority (BFSA) were present as special guests.

Mr. Md.Iqtadul Hoque, General Secretary of BAPA was present as welcome addresser at the opening of training program. Many participants engaged in agro processing from different areas of Dhaka & Gazipur, Staffs of BAPA and other guests were present in the training program. Professor Dr. Iqbal Rouf Mamun, Member, Bangladesh Food Safety Authority (BFSA) and Md MasudAlam, Food Safety System Specialist, Food & Agriculture Organization (FAO), Md. NozirAhmmmod Miah, Assist. Director, Certification Marks Wing, Bangladesh Standards & Testing Institution (BSTI), Mr. Masum Arefin, Assist Director, (Investigation), Directorate of National Consumer Rights protection were present as resource persons in the training program. As per the schedule of training program the participants got registered and took their seats. The inaugural session was started with recitation from the Holy Quran. Agro Processing SME entrepreneurs, producers, traders and representatives of BAPA member participated in the training program.

BAPA has been organizing some workshops for the development of member companies of BAPA. In this perception BAPA & APBPC were jointly organizing a workshop on Occupational GHP and Regulatory GAP for Agro Products Processing Industries' Efficiency Improvement in Bangladesh" on 29th June 2019 at the conference room of Daffodil International University. Prof. ABM Faroque, Department of Pharmaceutical Technology & Director-Biomedical Research Centre, Dhaka University graced the occasion as the Chief Guest. Respected special guests were Prof.Dr.Md.Abdur Rahim, Horticulture Department, Bangladesh Agricultural University (BAU) & Honorable special guest Mr. S.M. Jahangir Hossain, Director, The Federation of Chamber of Commerce & Industry (FBCCI) General Secretary of BAPA Mr.Iqtadul Hoque took the seat as the Chairman of the workshop program. Keynote speaker was Prof. Dr.M. Burhun Uddin, Department of Food Technology & Rural Industries, Bangladesh Agricultural University and moderated by Prof.Dr.Md.Bellal Hossain, Head-Nutrition & food Engineering, Daffodil International University in the workshop. Manufacturer, Researcher, New entrepreneurs who are involved in agro processing sector, other guests and Staffs of BAPA and APBPC participated in the workshop. The main objective of the workshop are aware concerned stakeholders about other standard practices like GHP (Good Hygiene Practices); HACCP (Hazard Analysis and Critical Control Points) including PRP (Prerequisite Program), OPRP (Operational Prerequisite Program) and CCP (Critical Control Points); BRC (British Retail Consortium); Global GAP (Global Good Agricultural Practices); and BSPAS (British Publicly Available Specification), (d) GAP accreditation, certification and testing.

BAPA has been running various training program for BAPA members as for development on current and upcoming tools, technologies & management practices. A two days training program on Food Safety in Bangladesh-Prospects & Challenges organized by BAPA & APBPC was held on 9th & 10th February 2019 at Conference Room, Southern University Bangladesh in Chattogram. The

objectives of the training program are to identify food safety hazards and their sources, identify what microorganisms are typically found in food and identify the types of foods that must be under temperature control to prevent bacterial growth. At the opening ceremony of the training program Mr. Mohammad Mahfuzul Hoque, Chairman Bangladesh Food Safety Authority (BFSA), Additional Secretary (GOB) was the chief guest. Mr. M. A. Motaleb, former Vice President BAPA & Director Chattogram Chamber of Commerce & Industry; Mr. Md. Selim Reza Director, Bangladesh Standards and Testing Institution (BSTI) Chattogram Regional office and Mr. Md. Masudul Kabir, Additional District Magistrate were present as special guests. Mr. Syed Md. Shoaib Hasan, Vice President of BAPA was present as welcome addresser at the opening of training program and President of BAPA A F M Fakhru Islam Munshi presided over the program. Many participants engaged in agro processing from different areas of Chattogram, Staffs of BAPA, APBPC and other guests were present in the training program.

In the last financial year 2018-2019 BAPA organized 5 training programs on Food Safety in Bangladesh: Prospects & Challenges in different districts as Dhaka, Chattogram, Narayanganj, Chapai Nababganj and Rangpur to build awareness for the development of an efficient and enhanced food safety system.

PROJECTS

The following two projects under BAPA are going on for development of agro-processing sector. BAPA implemented two projects successfully with the financial support of European Union which completed on September 2019. Different International Organization such as, JICA, JETRO, etc. are organizing meeting with us & proposing to support. Hope, more projects will be added to the project line of BAPA.

BAPA-SEIP Project : The activities of BAPA-SEIP project: Agreement amount in BDT 24.56 crore signed on April 2017 funded by ADB under Ministry of Finance, GoB for the period from July 2017 to December 2020 (3.5 yrs) being successfully implemented. The target of the project is to train and employ 11000 trainees in the industries/factories.

BAPA selected 18 member industries for the project period. In the last financial year (2017-2018), training of 4060 entrants has been completed and 4038 got job placement. Updated status from inception to as on Sept 2019 a. Enrollment-9662 b. Assessment & certification-8146 & 8138 respectively c. Job placement -8121

By Dec 2019 total 10000 job placement target to be achieved. 09 official staffs have been working directly in this project under supervision & implementation by a Project Standing Committee- PSC.

BAPA Project stands TOP of the list among all implementing agencies in Bangladesh.

PRISM Project : SHAMERTO is a consortium Project of Helvetas Swiss Inter-cooperation, Traidcraft Exchange, Bangladesh Agro Processors' Association (BAPA), Dhaka Ahsania Mission (DAM) and 7 District Chamber of Commerce and Industry (DCCI) for 4500 SMCEs development and training & job placement of 25000 job seekers which funded by the European Union and named as PRISM. The 7-districts Chambers are Shariatpur, Barisal, Kurigram, Gaibandha, Mymensingh, Sherpur & Jamalpur. The project aims to create gainful employment for workers and job seekers after getting training. Simultaneously the competitiveness and capacity

building of Small, Micro and Cottage Enterprises through better integration in selected sub-sector value chains and improvements in the business environment. SHAMERTO facilitating 12 institution-based and 39 industry-based Training and Employment Service Providers (TESP) for capacity building to conduct training and job placement services for job seekers in agro-food processing sector.

The project supports the agro food processing enterprises to improve efficiency and integration in seven value chains. In addition, SHAMERTO project developed competency standards on seven demanded occupations: baking (wheat value chain), Chanachoor and Jhuri processing (pulse, spices, ground nut, wheat and rice value chain), puffed and flattened rice processing (rice value chain), food grain machine operator (rice, wheat, pulse, mustard and spices value chain), rice processing (rice value chain), food packaging and food preparation (restaurant cooking) in the joint collaboration with Bangladesh Technical Education Board (BTEB) and Agro Food Industry Skills Council.

The operation cost of BAPA staffs in the “SHAMERTO” project, amounted BDT 2.81 crore signed on January 2017 for the period from February 2017 to January 2020 (3 yrs) are being successfully implemented. Upto August 2019 fund received BDT 2.35 crores and spent BDT 2.27 crore for 9 Full-time & 4 part-time staffs engagement for the implementation of the projects in time.

PICNIC

Picnic with family is among the most relaxing getaways to enjoy during weekends or vacations. The most awaited day of the year was BAPA's general picnic to Savar Golf Club on 2nd February 2019. This picnic was for the family members of BAPA with their children & relatives. Savar Golf Club gave an experience of being surrounded by greenery and the beauty of nature. There were some activities in the picnic as like as sports for all categories, cultural program including lottery were arranged. In the afternoon there was a grand arrangement of lunch for all, besides some famous singers were performed at that time and everyone enjoyed it. At the end of the day program, expensive &

attractive items of prizes were handed over to the lucky winners by the president A F M Fakhru Islam Munshi. The arrangement of the picnic was performed by the Picnic Sub-Committee guided by Mr. Md. Iqtadul Hoque, General Secretary, BAPA. It was a day well spent with all the members of the family and with this we had a great opportunity to breathe in the fresh air. Escaping the daily routine for a day and being in nature's lap is definitely important in life.

COURTESY MEETING

Bangladesh Investment Development Authority (BIDA) : BAPA has been enormously working with Government bodies for the development of agro-processing sector. There was a meeting on 4th July 2018 with Executive

Chairman of BIDA & President of BAPA on future prospects in agro-processing sector where BIDA can play a vital role for new entrepreneurship development, specially assist in LAB and R & D technology. Chairman of BIDA said that investment and business must be operated with a legal structure and BIDA has completed several major reforms to ensure Ease of Doing Business. He also mentioned BIDA has been bringing all services needed to start a business under the unified platform. President of BAPA compared some countries with Bangladesh for fast growing development countries in agro-processing sector.

Bangladesh Food Safety Authority (BFSA) : BAPA is persistently working for facilitating in export market to all the members. It is now a days of current issues emerging food safety, quality and related regulatory topics. A meeting between BFSA and BAPA with other associations & Chambers were held 2nd December 2018 to celebrate of National Food Safety Day whereas BAPA has been continuously participated in the BFSA Fair. BAPA has always actively involved with BFSA to ensure sound public health for local & international market. In the discussion President of BAPA focused on enhanced understanding of food safety and quality, its importance and contextual use by national food safety and opportunity to share knowledge and experience on principles and practices of

key factors for enhancing the capability & capacity in food safety including their practical applications. Chairman of BFSA assured that they are working on this with the help of concerned Government and take necessary steps as above the issues.

Export Promotion Bureau (EPB) : Bangladesh as a Least Developed Country (LDC) is enjoying duty free market access or reduced tariff rate facilities to export to various developed and developing countries in the world. Members of BAPA exporters' effort to create innovative exportable products and robust marketing have helped processed foods win the hearts of Bangladeshis in the Middle East, Europe and other parts of the world. Like as every year member companies of BAPA has been participated SIAL Food Fair, Gulfood Fair, Anuga Fair etc. which is being organized EPB. AFM Fakhurul Islam Munshi President of BAPA said the demand of Bangladeshi agro-processed food, especially dry food, was increasing in different countries of the world as a change in the attitude of expatriate Bangladeshis helped to increase export earnings.

Ministry of Commerce : Ministry of Commerce in Bangladesh plays a key role in facilitating internal and foreign trade, expansion of export trade, increasing capacity and stabilizing the prices of essential commodities. A Meeting called by Ministry of Commerce regarding on export policy 2018-2021 was held on 9th September 2018 with BAPA & other different sectors. BAPA always keep in touch with Ministry of Commerce to strengthen trade related institutional capacity in order to ensure active and sustainable cooperation. Hon'ble Minister said the

main objective of the Ministry of Commerce is to make the economic activities of Bangladesh dynamic and export oriented to respond to the rapidly changing competitive world trading system. Trade and commerce are the main driving force for socio-economic development.

Bangladesh Tariff Commission : BAPA always take initiatives to move forward for solving any trade barrier issues by the discussion with Bangladesh Tariff Commission. A discussion meeting on preferential trade agreement of D-8 countries organized by Bangladesh Tariff Commission was held on 3rd October 2018 where BAPA took part on it with other sectors. According to the first Summit Declaration (Istanbul, 1997), the main objective of D-8 is declared to be socio-economic development in accordance to improve developing countries' positions in the world economy, diversify and create new opportunities in trade relations, enhance participation in decision-making at the international level, and provide better standard of living.

Ministry of Agriculture : The Ministry of Agriculture (MOA) is one of the key ministries of the Government of the People's Republic of Bangladesh. There was a discussion meeting on Develop agricultural policies, plans, regulations, acts, etc. for sustainable agricultural development and food sufficiency with BAPA & MOA which was held on 14th October 2018.

Ministry of Industry : BAPA has always actively involved with Ministry of Industry for developing new policies & strategies for promotion, expansion and sustainable development of Agro-Processing Industrial sector of the country.

A courtesy visit of Presidential delegation from BAPA to Ministry of Industry was on 4th April 2019.

In their President of BAPA focused to Hon'ble Industry Minister about prospects and challenges in agro-processing where Ministry of Industry can facilitate with a view to creating increased agro-processing industrial activities in the country.

BAPA has been working with National Productivity Organization (NPO) which is the only government agency under Ministry of Industries to accelerate productivity and national economic development through multilateral activities including productivity awareness generation, adopting productivity infrastructure development program and implementation at national and industry level. A great achievement Award has been received by A F M Fakhrul Islam Munshi, President of BAPA from Hon'ble Industry Minister on National productivity & quality excellency award 2018 ceremony organized by NPO, under Ministry of Industry was held on 28th July 2019 at Institution of Diploma Engineers. Thirty-one industrial and service-oriented organizations will be awarded with the National Productivity and Quality Excellence Award 2018 by the Ministry of Industries.

Ministry of Fisheries and Livestock : A presidential delegation of BAPA met with Hon'ble State Minister, Ministry of Fisheries and Livestock to introduce BAPA on 9th April 2019 at Secretariat. In that meeting some certain discussion about how to formulate relevant policies, disseminates improved technologies

through training and extension services, enforces quality control and health safety measures for fish products, and maintains a national fisheries database.

Ministry of Planning : In agro-processing sector BAPA is trying for SME entrepreneurs to support R & D, adoption of latest technologies to ensure quality and make the sector competitive and pouring money in food safety, packaging and marketing to global markets. In this view of above a discussion meeting with

President of BAPA & Hon'ble Minister, Ministry of Planning, GoB was held on 23rd April 2019 at Ministry of Planning. President highlighted that food and beverages industries including processed foods contributes a lot in increasing GDP and developing economic growth of Bangladesh, so Ministry of Planning can play a vital role for future prospects in agro-processing sector.

Ministry of Finance : Ministry of Finance called a meeting on 21st May 2019 as sector wise with the Business Association. Executive Committee members of BAPA attended this meeting and exchanged some views of prospects & challenges in agro-processing sector. BAPA high lightened to reduce tax & vat for exporting in global market and support for the new entrepreneurs to get loans from Bank with marginal interest rate & duty free import permission against export. After hear about all these the finance minister assured Ministry of Finance will look upon this on prioritize basis.

National Board of Revenue (NBR) : National Board of Revenue had been started pre-budget meetings with different stakeholders from the month of March 2019. Representatives of different sectors were talk to the taxmen ahead of the FY2017-18 budget, according to the meeting schedules. In every year, BAPA took a part on it which was held on 23rd April 2019 with NBR Chairman & President of BAPA and President ultimately focused on tax policies & tax laws, customs duty, Exercise duty etc. of agro-processing sectors to export in global market. As a outcome of this meeting, Chairman of NBR took this matter seriously and said that he will consider regarding the issues where it might be

discussed at national parliament.

The Bangladesh Chamber of Industries (BCI) : BAPA & BCI have agreed to work together for boosting country's export earnings from agro processing sector. A milestone meeting, held on 6th of June 2019 at BCI office and attended by senior leaders of both organizations, also set target to reach exports to \$2 billion here by the year 2021. AFM Fakhru Islam Munshi, president of BAPA led his team at the meeting, presided over by BCI president Anwar Ul Alam Chowdhury Parvez.

COLLABORATION WITH EMBASSY & INTERNATIONAL ORGANIZATIONS

Plan International Bangladesh (International NGO) : Plan International Bangladesh as an International NGO has decided to work for an upcoming USAID 'Workforce Development' on youth connection in the agro-food

processing sector. In this point of view there was discussion meeting with Representative of Plan International and President of BAPA was held on 10th July, 2018 at BAPA office. President said BAPA is a lead organization that has sector specific learning on the agro food processing activity in the country and he contributed the realistic knowledge and present status of agro-processing in Bangladesh.

High Commission of India : A discussion meeting about development of Agro-Processing sector with President of BAPA along with EC members and High Commissioner of India was held on 16th August, 2018 at High Commission of India, Dhaka. President of BAPA in his brief exposition about the purpose of the meeting indicated there are huge postharvest loss of our fruits and vegetables and price variance between primary and processed products. High Commissioner of India said that right now India is cooperating all the sectors in Bangladesh, so he concluded that in food processing sector India's collaboration will be in co

Indian Delegation : A team of Indian Delegation led by Representative of Agricultural & Processed Food Products Export Development Authority (APEDA)

met with President of BAPA on 29th November 2018 at BAPA office. Representative of APEDA talks about prospectus of fruits & vegetables where Bangladeshi food processing entrepreneurs can use this as raw-material to import from India. To development in agro-processing sector President of BAPA focus on capacity enhancement of Processing units, Research Institutes and Public & Private Universities for R&D with a view to make the sector more competitive.

Asian Development Bank : A discussion meeting about development of Agro-Processing sector with Country Director of ADB in Bangladesh and President of BAPA was held on 30th July 2019 at ADB office Agargaon. President

focused on current scenario of agro-processing sector. President mentioned about some major constrain as like lack of appropriate technologies & infrastructures for quality and safe product access to market, lack of appropriate policy and regulatory framework, quality control system of agro-food products are poor and in some cases absent etc. A final conclusion came that a frequent meeting will be continued to solve the major issues by the support of ADB.

World Bank : BAPA is connecting with some International organization for the development of agro-processing sector. A Stakeholder Consultations meeting on “Constraints and Opportunities of Agribusinesses, Agro-processors, Food Supply Chains, and Agricultural Trade” was held on 29th July where President and some member company’s representative of BAPA were participated in this workshop. The purpose of this workshop is to bring together all stakeholders in agri-food supply chains and discuss key issues in Agribusinesses, Agro-processors, Food Supply Chains, and Agricultural Trade in Bangladesh which will enrich our on-going analytical work on Agriculture Strategies Development (ASD) to identify policies and investment priorities for agricultural diversification, value-chains development, and inclusive jobs in Bangladesh.

Workshop of CDAIS Project : The Capacity Development for Agricultural Innovation systems (CDAIS) project is being implemented in Bangladesh and seven other countries by Food & Agriculture Organization (FAO) and Agrinatura in collaboration with partners (BARC) in Bangladesh. Strengthening the value chain in developing the areas of agro-processing sector a whole day 2nd phase of workshop was held on 3rd December 2018 at BAPA office. The objective is to recognize while agricultural innovation needs to be adequately supported, it is

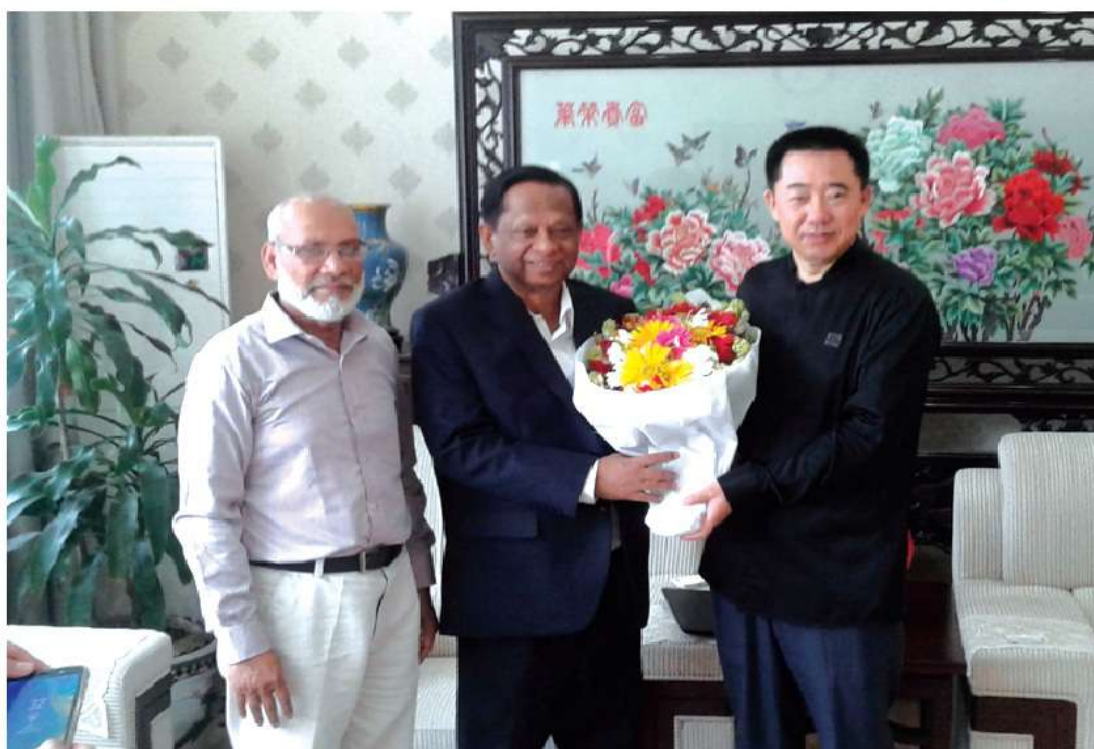

necessary again to conceptualize consulting services as a wide range of innovation support services.

Embassy of China & Its Delegation : On the 6th December 2018 at BAPA office a huge group of Chinese delegation has visited at BAPA office. Their purpose of the visit was to know the current scenario of food processing sector in Bangladesh. President of BAPA was indicating them to arrange tours in China for Bangladeshi Entrepreneurs to see the agro-processing industrial development

and learn about the area of interventions by knowing their technologies. President of BAPA and other EC members pointed out creation and strengthening of necessary infra-structure for training, input supply, marketing, processing, storage and credit etc. to sustain the growth of food processing industry with the collaboration by Chinese Government and for implementation it will be more effective by a joint venture program.

A meeting between President of BAPA and Ambassador of China in Bangladesh was held on 29th May 2019 at the Embassy in China. President of BAPA said China is aggressively pursuing technological advancement as a core driver for retaining its competitiveness and there might be a joint venture between BAPA and food processors company from China for the development in this sector. Ambassador pleased to informed that a Chinese company plans to invest US\$ 33 million in Bangladesh agro-processing sector, so conclude remarks, both of sides was fruitful discussion in there.

National Agriculture Technology Program : A meeting between BAPA& National Agricultural Technology Program (NATP) under Ministry of Agriculture was held on 20 October 2018 at BAPA to increase the agricultural productivity of smallholder farms and improve smallholder farmers' in connection with agro-processing sector.

Indus Food 2020 : "INDUS FOOD TECH 2020"- International Food & Beverage Processing and Packaging Technology exhibition which was held from 08th-10th January 2020 at India Exposition Mart, New Delhi, India. Indusfood - Tech 2020 is an International trade show which will enable Indian and International suppliers to showcase their latest food processing and packaging technology to the world. Indusfood - Tech takes place concurrently with Indus Food 2020 and offers a unique opportunity to meet & develop business relations with 300+ suppliers of Food & Beverage Technology, Edible Oil, Packaging and Ancillary Machinery and Equipment across 8 major sectors.

First edition of 'Indus Food Tech 2020', to attract latest sophisticated machinery & equipment for the food processing industry from various developed countries and simultaneously invite Buyers from developing and Least Developing Countries to buy machinery from Indian manufacturers as well. With over 700+ handpicked, fully hosted buyers visiting IndusFood and our experienced the power of a truly global market - place in India. We scan the length and breadth of the world to connect with Importers from the global F&B sector for building direct supplier relations.

Organized by the Trade Promotion Council of India & the Department of Commerce, Government of India and supported by all National product promotion agencies, selection of quality conscious suppliers to create a conducive business environment at highly subsidized rates, is ensured. IndusFood business app enables buyers and suppliers to create focused business connections at the click of a button. Cloud enabled pre-scheduled meetings and detailed stakeholder profiles on our business matchmaking system, takes care of your precise business requirements and saves on time.

The epicenter of global food trade in India, IndusFood is modernizing food trade by creating an ecosystem of global buyers within direct reach of India's food and beverage suppliers. IndusFood has emerged as a non-spot business platform,

as it witnessed instant export orders of approximately \$1.2 Billion in the second edition and of \$650 Million in the first edition. Over 700 pre-qualified, fully hosted, international buyers from 80+ countries along with 500+ domestic buyers will attend IndusFood 2020 with the purpose of sourcing new products, meeting suppliers and developing new business.

In the year 2019 BAPA's 10 members had participated at Indus Food 2019 which was for the first time and after this BAPA has taken steps 2nd Edition of IndusFood Tech where some renowned companies along with new entrepreneurs from Bangladesh

Agro-Processors' Association (BAPA) had participated in this event. Total 32 representatives from BAPA connected with Indian exporters & supplier of global companies. In the delegation team S M Jahangir Hossain, Sr. Vice President of BAPA, Syed Md. Shoaib Hasan, Vice President of BAPA, Mr. M Abdus Sattar & Mr. Gulzar Rahaman Biswas, both of them Executive Member of BAPA, 24 members companies of BAPA & 4 officials of BAPA represents at IndusFood 2020. Due to unavoidable circumstances 10 members of BAPA could not participate in this fair though they had desired to participate in this event.

IndusFood 2020 hosted a gala awards function on January 8, which hosted luminaries from across the globe. At the function, TPCI recognized some of the stalwarts of the F&B Industry for their outstanding efforts in promoting Indian F&B trade. BAPA honored for such a tremendous award received by the Vice President of BAPA Mr. Syed Mohammed Shoaib Hasan from Chairman of TPCI. Mr. Mohit Singla, Chairman of TPCI expressed his vision for India's F&B industry in his opening remarks. Chairman TPCI, Mohit Singla, said that the landscape of Indian food processing sector can be transformed by integrating modern food processing technologies with applications based on big data computing, blockchain technologies, Internet of Things (IoT) and machine AI along with large scale virtual process management. He further said that the response from leading technology centres like Denmark, Belgium, Singapore, Switzerland and Thailand for IndusFood has been encouraging and is expected to attract business of US\$ 1.5 billion in the 2020 edition. The last edition, held in 2019, attracted business worth US\$ 1.2 billion.

Japan International Cooperation Agency (JICA) : JICA aims to provide assistance to promote the inclusive and sustainable development, by accelerating and sustaining dynamic economic growth beyond the present level, and taking measures against the widening disparity and socialization associated with rapid economic growth. JICA has expanded activities dramatically and Bangladesh became the third largest partner country of Japan's ODA. A meeting between BAPA with JICA consultant for data collection on food safety & food hygiene in Bangladesh was held on 28th April 2019. Besides this Japan International Cooperation Agency (JICA) is planning to launch a new Yen Loan Project called "Food Value Chain (FVC) Improvement Project" in Bangladesh.

The objective of this new project is to improve credit access for agribusiness and food processing industries and to enhance the quality of processed products as well as the efficiency of the operation by providing concessional financing and supporting capacity building of financial institutions and agribusiness industries, thereby contributing to improvement of the whole value chain of food in Bangladesh.

Land O' Lakes : BAPA is now actively involved with some international organizations to promote our sector in world market. BAPA & Land O' Lakes intend to collaborate to sustainability improve food safety and quality efforts to drive increased and sustained market access, while decreasing food contaminants that hinder public health. A workshop regarding Food Safety and Quality was held on 27 February 2019 at Daffodil International University Conference Room, Sobahanbagh, Dhaka where Many participants engaged in agro processing from different areas of Narayanganj, Staffs of BAPA and other guests were present in the training program.

Food & Agriculture Organization (FAO) : FAO Bangladesh is preparing its Country Programming Framework which will set out the three country priority areas, namely Healthy, Safe and Nutritious Foods (HFNS); Sustainability of Productive Ecosystems (SPE) and Resilient and Inclusive Agro-Economic Growth (RIAG) to guide FAO partnership and support with the Government of Bangladesh bringing together innovative international best practices and global

standards with national and regional expertise during the two years from 2019 to 2020. A consultation session on the draft Country Programming Framework was held on 14th March 2019 at FAO office in Bangladesh. President of BAPA A F M Fakhurul Islam Munshi took part on it and guided the critical strategic shift for FAO Bangladesh towards a programme approach for formulation, monitoring and implementation of projects that fully respond to country needs.

High Commission of Canada : A Roundtable Meeting on Canada-Bangladesh Agriculture & Agri-food Business opportunities was held on 1st April 2019 at Bengal Blueberry Hotel, Gulshan. President of BAPA remarked that agri-business should work towards attaining food safety and food security. It involves poor people as both the consumer and participant in the production process. As a consumer, if a farmer gets low-cost input then they are the consumer of a business product which is inclusive because it is for the poor person. He also added there can be different modalities of agri-business such as contract farming, management contract, joint ventures, farmers' own business, or upstream and downstream business.

Meeting at Prime Minister Office : A meeting regarding on production of Bangladeshi Food products, quality assurance, marketing and monitoring which was held on 18th July 2019 at Prime Minister office. In that meeting chaired by Hon'ble Law Minister Mr. Anisul Hoque, Commerce Minister Mr. Tipu Munshi M.P, Mr. Salman F Rahman M.P. Private Industry and Investment Advisor to Prime Minister, Home Minister Mr. Asaduzzaman Khan, Industry Minister Nurul Majid Mahmud humayun, Food Minister Sadan Chandra Mozumder M.P., were present in there. Executive Member of BAPA & other trade union took a part on it and Mr

Ahsan khan chowdhury speak about inconsistency, contradiction in present food law & what government can do by supporting in this sector. BAPA president Mr AFM Fakhrul islam Munshi and Vice president Mr.Syed Md. Shoaib Hasan also deliver their view regarding this issue. Minister said that they will take this issue to the next cabinet meeting & assure to help the businessmen.

Foreign Minister : BAPA President Mr. A F M FakhruMuVice-president Mr. Syed Md. Shoaib Hasan, General secretary Mr. Md. Iqtadul Hoque & EC Member Mr. M Abdus Sattar had a courtesy visit with foreign minister Dr. A K Abdul Momen M.P.

A BRIEF NOTE ON THE EXPORT OF AGRO-PROCESSED PRODUCTS

No remarkable export value against the agro-processed products was found before the establishment of Bangladesh Agro-Processors' Association (BAPA) in 1998. Due to the declaration of cash incentive against export by the Govt in 2004 and the active role of BAPA export of agro-processed products was started by the exporters to the ethnic people in foreign countries. At present the export value of the agro-processed products by BAPA members is 371 Mill US\$ in 2017-2018 and the value of Agricultural Products is 673.7 Mill US\$ in 2016-2017 (source EPB). This value was 12.31 Mill US\$ in 2005-2006 from that present export is comparatively more and the export of agro-processed products is being increased in every year. This credit goes to the agro processing sector and the country.

The total value of the export in Bangladesh is 36,668.17 Mill US\$ in 2017-2018 of different sectors whereas Garment sector is 31493.44 Mill US\$ as the 1st export sector, Leather & Leather Products 1085.51 Mill US\$ 2nd sector, Jute & Jute Goods 1025.55 Mill US\$ 3rd sector & Agricultural Products 673.7 Mill US\$ 4th Sector (source epb) are considered. Agro Processing Sector under the Agricultural Products is also considered as one of the topmost & Thrust Sector in Bangladesh. Soon Agro Processing Sector may reach at the topmost in the export in Bangladesh if the same facilities provided by the Garment Sector are given to the Agro-Processing Sector.

But the neighboring countries India, Vietnam, China, Thailand, exported the food & agricultural products as value 61.1, 26.8, 25.5 and 24.7 Bill US\$ respectively in 2016 (<https://knoema.com/cduhihd/world-exports-and-imports-of-agricultural-products>) as comparatively better than our country. Those countries have provided more facilities to the mentioned sector and exporters than our country for export. So our exporters could not stand in the competitive foreign market of the agro-processed products. Our Govt and related Ministries should realize the fact and takes step to provide more facilities to the exporters for more exports.

This is the time for developing the agro-processing sector in the country for processing the surplus crops after consumption, establishing many agro-processing industries throughout the country, vast employment of the unemployed educated person and with a view to graduating Bangladesh Middle Income Country. The agriculture sector is the single largest contributor to income and employment generation and a vital element in the country's challenge to achieve self-sufficiency in food production reduce rural poverty and foster sustainable economic development. The Government has therefore accorded highest priority to this sector to enable the country to meet these challenges and to make this sector commercially profitable.

LIST OF ELIGIBLE AGRO-PROCESSED PRODUCTS FOR SUBSIDY

1. All kinds of Processed Peanuts
2. All kinds of Processed Potato Products
3. Flattened & Puffed Rice, Khoi, Moa, Jhalmuri
4. All kinds of Confectionary Products from Flour
