## Call for Research Proposal

Bangladesh Food Safety Authority is calling for research proposals addressing current food safety challenges and related issues in Bangladesh. As per BFSA Research Policy, 2024 research grants will be allocated from the revenue budget for selected projects.

### *Research Area*

**The research should fall within the domain of food safety, addressing issues within the following research area:**

**Category:** Emerging Technologies in Food Safety

**Sub Category:** Rapid Detection Methods

**Research topic should be related to:** "Development & Validation of Rapid Test kit/sensor for detecting food adulterants and contaminants (such as hydrose, urea, potassium alum, sugar, starch, surfactant, Non-food grade colors, calcium carbide, artificial flavors, pathogenic microorganisms, etc.)"

### *Application procedure*

Application on prescribed template along with required documents must be submitted through MyGov platform . Research proposal guidance documents and application link are available on: <https://www.bfsa.gov.bd/Call for Research Proposal 2025-26>. For any query, Please email to- [sm.shipon@bfsa.gov.bd](mailto:sm.shipon@bfsa.gov.bd)

### *Deadline*

Application must be submitted within 12:00 pm, March 01, 2026.

BFSA shall retain the right to accept or reject any or all the research proposals or projects
