Date: 24.02.2026

REQUEST FOR EXPRESSIONS OF INTEREST (REOI)
(CONSULTING SERVICES: NATIONAL FIRMS)

Country: Bangladesh

Name of Project: Bangladesh Environmental Sustainability and Transformation (BEST) Project, Component-4

IDA Credit No.: P172817

Assignment Title: Consultants for Design, Supervision Consultancy Services for Infrastructure (Architectural and Engineering Designing and Supervision Consultancy Firm)

Reference No. (as per Procurement Plan): EIEWMP-BHTPA-S-1

The Government of the Peoples Republic of Bangladesh has *received* financing from the World Bank toward the cost of the Bangladesh Environmental Sustainability and Transformation (BEST) Project intends to apply part of the proceeds for consulting services. The consulting services (“the Services”) include:

Objective of the Consultancy Services: The objective of the assignment is to provide a comprehensive design for the basic infrastructure to implement an integrated e-waste management plant including the such as (i) detailed engineering design (architectural and structural for civil, electrical and electro-mechanical works), (ii) technical specifications, (iii) preparation of bidding documents, (iv) cost estimates, and (v) construction supervision, monitoring and relevant services from design stage to final handover of the construction works. for:

To build the basic infrastructure of an Integrated E-Waste Management plant: Given the risk for natural disasters in the area, and developing a greener and climate resilient structure, the consultant will be responsible for designing/developing the infrastructure stated above with enhanced resilience to climate impacts and aligned with General Building Requirements, Control and Regulation of Bangladesh National Building Code (BNBC) 2020, the and the Building Energy Efficiency and Environment Regulation (BEEER) and best international practices. The consultant will integrate measures resilient to flood and seismic risks to help catalyze the development of state-of-the-art green building concept and set an example for sustainable, resilient and environmentally sound industrial development in Bangladesh. This will be a paradigm shift towards a more sustainable form of development in the country.

- A. Place of Work: Kaliakoir Hi-Tech Park, Kaliakoir, Gazipur
- B. Implementation Period: May 2026 -June 2028
- C. Expected start date of the assignment: May 2026
