Dr. Md Saidur Rahman
Additional Secretary & Director (Adl. Charge)
Bangladesh National Herbarium

Dr. Md Saidur Rahman is an Additional Secretary of the Ministry of Environment, Forest and Climate Change, Government of the People's Republic of Bangladesh. A career member of the Bangladesh Civil Service (Administration) since 2001, he has over two decades of experience in public administration, policy development, governance, and environmental management.

During his early career, Dr. Rahman served in various field-level administrative positions, where he contributed to humanitarian assistance, disaster response, climate resilience initiatives, and the protection of vulnerable communities through effective public service delivery. He later held several key positions in the central government, including Senior Assistant Secretary, Deputy Secretary, and Joint Secretary, playing an important role in policy formulation, implementation, and national development planning.

Dr. Rahman earned both his Master's degree (2014) and Ph.D. in International Relations (2025) from the International University of Japan under the Japanese Government (JDS) Scholarship Program. His academic work has strengthened his expertise in workplace and to develop his career. Promoted to the rank of Additional Secretary in January 2026, Dr. Rahman currently oversees environmental pollution control and legal affairs at the Ministry of Environment, Forest and Climate Change. His professional interests include environmental governance, pollution control, climate policy, sustainable resource management, and international environmental cooperation.
