

PANNEL OF REVIEWERS

1. A H M Delwar Hossain, Ex-Director General, BSRI.
2. Md. Abdus Sattar, Ex-Director General, BARI, Gazipur.
3. Dr. Md. Sharifur Rahman, Ex-Director (Research), BSRI.
4. Professor Dr. M A Khaleque Mian, Department of Genetics & Plant Breeding, BSMRAU, Salna, Gazipur.
5. Professor Dr. Abdur Rahman, Department of Agronomy, BAU, Mymensingh.
6. Professor Dr. Abul Hossain, Department of Agro Forestry, BAU, Mymensingh.
7. Professor Dr. Ismail Hossain Miah, Department of Plant Pathology, BSMRAU, Salna, Gazipur.
8. Professor Dr. Zinnatul Alam, Department of Entomology, BSMRAU, Salna, Gazipur.
9. Professor Dr. M. Abul Kashem, Department of Agricultural Extension Education, BAU, Mymensingh.
10. Professor Dr. A. R. M. Solaiman, Department of Soil Science, BSMRAU, Salna, Gazipur.
11. Dr. Md. Humayun Kabir, Ex-Head, Agril. Economics Division, BSRI.

BANGLADESH JOURNAL OF SUGARCANE GUIDE FOR AUTHORS

- The Bangladesh Journal of Sugarcane annually publishes articles on sugarcane agriculture and sugar processing.
- Articles must be original reports of research, not previously or simultaneously published.
- The manuscripts should be written in English and typed in double space on one side of 11"x8.5" size offset paper with good margin in all sides. The text, quotation, table, illustration and citation should be double spaced.
- Numerical data should be presented in the form of either tables or graphs, but not in both. Tables and figures with their caption should be numbered in Arabic and submitted in separate sheet. Line drawings should be 3 times larger than they are to appear in the journal.
- Photographs (12 mm x 170 mm) should be in glossy prints with good dark and light contrast with appropriate caption. Diagram, drawing should be drawn with durable ink on thick white drawing paper.
- The article should have a concise but meaningful title. The author(s) name and place of research should follow the title. An informative ABSTRACT, not more than 150 words should precede the INTRODUCTION of the paper. Key words not exceeding six should follow the ABSTRACT. The paper should then be arranged in the following order: (I) INTRODUCTION (II) MATERIALS AND METHODS (III) RESULTS AND DISCUSSION (IV) ACKNOWLEDGEMENT(S) (if any) and (V) REFERENCE(S).
- The abbreviations mentioned hereunder may be used in the tables/graphs without further definition : active ingredient (a.i.), boiling point (b.p.), centimetre(s) (cm), commercial cane sugar (c.c.s.), concentration (concn.), concentration required to kill 50% of test organism (LC 50), day(s) (d), days after harvesting (DAH), days after treatment (DAT), days after plantation (DAP), dry matter (d.m.) Duncan's New Multiple Range test (DNMR test), emulsifiable concentrate (EC), gram(s)(g), growth stage (GS), hour(s) (h), kilograms(s) (kg), least significant difference (LSD), litre(s) (litre), metre(s) (m), metric ton(s) (MT), millable cane(s) (m.c.), milligram(s) (mg), minute (time) (min), melting point (m.p.), page (p.), pages (pp.), parts per million (ppm), percentage (%), post-emergence (post-em), pre-emergence (pre-em), probability (p), quantity (qty), relative humidity (rh), second (time) (sec.), standard error (S.E.), standard error of means(s) (SEM), soluble powder (SP), species (singular) (sp.), species (plural) (spp), square metre (m²), subspecies (ssp), temperature (temp.), tons cane per hectare (TCH), tons sugar per hectare (TSH), variety (var.), volume (vol.) weight (wt.), wettable powder (WP),
- References should be cited in the text with the year of publication in parenthesis e.g. Rostrom (1974). MacColl, 1976; Mitchel and Beardsley, *et al.* (1978). In the list of references the sequence of references should be arranged alphabetically with the last name of the author(s), followed by initials (e.g. Beardsley, N.W. 1978). The references should include names of all authors, date of publication, complete title, journal name, volume number and page numbers, The title of journal should be abbreviated according to the style of chemical abstract.
- References from books should be cited as follows :
Steel, RGD. and Torrie, JH 1960, Principles and procedures of statistics, McGrawhill Book Company, Inc. London. 481 p. (Last page).
- References from an edited book should be cited as follows :
Bennett, FD 1969. Tachinid flies as biological control agents for sugarcane moth borers. In Pests of sugarcane. JR Williams; JR Metcalfe; RW Mungomery and R. Mathes (eds). Elsevier Publishing Company, Amsterdam. pp. (Page range).
- References from Annual Reports should be cited as follows :
BSRI Annual Report, 1997. Bangladesh Sugarcane Research Institute, Ishurdi, Pabna. Annual Report, 1996. pp. 8-11 (page range of the topic).
- Other reports or mimeographs without author may be cited as "Anonymous" with year of publication, address of publisher and last page of the report.
- The manuscripts should be submitted in duplicate alongwith a soft copy (Floppy disk) to THE EDITOR, BANGLADESH JOURNAL OF SUGARCANE, BANGLADESH SUGARCANE RESEARCH INSTITUTE, ISHURDI-6620, PABNA, BANGLADESH.
- To follow the style of the latest issue.

CONTENTS

(Continued)

Socio-Economic Studies on Date Palm Plantation in Bangladesh

- G.M. Monirul Alam, M.M. Alam and M.A.S. Miah 71

Ratooning potentiality of Chewing Sugarcane Clones at Sreepur, Gazipur under Modhupur AEZ

- M. S. Rahman, M. A. Rashid, Kuasha Mahmud, M.A.T. Sohel and M. N. Alam 79

Effects of Talstar and Rugby on White Grubs and Yield of Sugarcane

- M. M. Biswas, M. Abdullah, M. N. A. Siddiquee, M. A. Rahman and M. A. Alam 84

Performance of Some Selected Intercrops as First and Green Manuring Crop as Second Intercrop with Paired Row Sugarcane

- R. C. Kabiraj, M. K. Bashar, M.K. Rahman, M.S. Hossain and A. K. M. R. Islam 91

Performance of Different Herbicides in Controlling *Borreria laevis* and Other Weeds in Sugarcane Field

- M. A. Rashid, M. A. T. Sohel, M. N. Alam, Kuasha Mahmud, S. Akhter and M. S. Rahman 98

Effect of Row and Plant Spacing on Growth, Yield and Quality of Sugarcane and Intercrops

- M. S. Hossain, M. J. Alam, M. K. Rahman, M. L. Kabir and A. K. M. R. Islam 104

Comparative Efficacy of Carbofuran and Pressmud in Controlling Nematodes of Sugarcane

- M. Iqbal, M. I. Talukder, M. S. Rahman, M. A. Rahman and F. Begum 111

Performance of Jute Varieties for Seed Production as First and Mungbean as Second Intercrop under Transplanted Cane in Paired Row

- M. J. Alam, M. S. Hossain, A. K. M. R. Islam, M. K. Rahman and M. L. Kabir 116

Presentation Skills of BSRI Scientists

- S.K. Pal and M.M. Biswas 122

SHORT COMMUNICATION

Performance of Some Released Sugarcane Varieties under Thakurgaon Sugar Mills Zones

- M. M. Rahman; B.P. Podder; R.C.Kabiraj; K. S. Alam and M.A. Rahman 127

CONTENTS

	Page
Molecular Characterization of Six Sugarcane Varieties Using Microsatellite Markers	
- M. A. Hossain, N. Islam, S. Akhter, H. M. Faruquee and M. A. S. Miah	1
Evaluation of Promising Sugarcane Genotypes for Resistance to Red Rot Pathogen, <i>Colletotrichum falcatum</i> Went.	
- M. S. Rahman, M. Iqbal, M. I. Talukder, F. Begum and S. Khatun	7
Effects of Botanical Products and Nitrogen Fertilizer on the Incidence of Major Insect Pests and Yield of Sugarcane in Bangladesh	
- M.A.Rahman, M.M.Biswas, M.A.Alam, M. Abdullah and S.M.Bokhtiar	13
Recycling of Agricultural Wastes to Sugarcane Production in Old Himalayan Piedmont Plain Soils	
- G. C. Paul, S. M. Bokhtiar, A. Haque, K. M. Alam and R. C. Kabiraj	21
Regeneration Potentiality of Sugarcane Variety Isd 28 Against Salt Stress Condition	
- N. Islam, M. S. E. Alam ¹ and M. A. Hossain	28
Ratooning Potentiality of Selected Sugarcane Varieties in Farmers Field Condition	
- T. Ahmed; M. K. Bashir; M. Abdullah and M. Begum	35
Quality Assesment of Standing Cane after Bud chip Collection	
- M. S. Arefin, M. R. Alam, M. A. Hossain, M. A. Jabber and M. A. S. Miah	39
Efficacy Of Some Selected Insecticides In Controlling Sugarcane Termites	
- M. A. Alam, M. N. A. Siddiquee, M. Begum, M. Abdullah and M. A. Hoque	45
Effect Of Different Irrigation Levels On Growth And Yield Of Sugarcane	
- S. M. I. Hossain ¹ , S. U. K. Eusufzai and M. A. Rahman	51
Effects of Eight Carbendazim Fungicides on Incidence of Sett rot Disease (<i>Ceratocystis paradoxa</i>) of Sugarcane	
- F. Begum, M. I. Talukder, M. Iqbal, M. S. Rahman and M. A. T. Sohel	62
Farmers' Responses about Subsidy in Sugarcane	
- Sharmistha Roy	66
