

PANNEL OF REVIEWERS

1. A. H. M. Delwar Hossain, Ex-Director General, BSRI, Ishurdi, Pabna.
2. Dr. M. A. Samad Miah, Ex-Director General, BSRI, Ishurdi, Pabna.
3. Dr. Md. Ariful Alam, Ex-Director (Research), BSRI, Ishurdi, Pabna.
4. Dr. Rakhahory Shorker, Professor, Department of Botany, Dhaka University
5. Dr. Md. Sharifur Rahman, Ex-Director (Research), BSRI, Ishurdi, Pabna.
6. Dr. S. M. Iqbal Hossain, Professor, Bangabandhu Sheikh Mujibur Rahman Agricultural University, Gazipur
7. Md. Raihan Ali, Professor, Department of Biotechnology and Genetic Engineering Discipline, Khulna University.

BANGLADESH JOURNAL OF SUGARCANE GUIDE FOR AUTHOR(S)

- The Bangladesh Journal of Sugarcane annually publishes articles on sugarcane agriculture and sugar processing.
- Articles must be original reports of research, not previously or simultaneously published.
- The manuscripts should be written in English and typed in double spaced on one side of 11" x 8.5" size offset paper with good margin in all sides. The text, quotation, table, illustration and literature citation should be double spaced.
- Numerical data should be presented in the form of either tables or graphs, but not in both. Tables and figures with their caption should be numbered in Arabic form submitted in separate sheet. Line drawings should be three times larger than they are to appear in the journal.
- Photographs (120mm x 170mm) should be in glossy prints with good dark and light contrast with appropriate caption. Diagram, drawing should be drawn with durable ink on thick white drawing paper.
- The article should have a concise but meaningful title. The author(s) name and place of research should follow the title. An informative ABSTRACT, not more than 150 words should precede the INTRODUCTION of the paper, Key words not exceeding six should follow ABSTRACT. The paper should then be arranged in the following order: (I) INTRODUCTION (II) MATERIALS AND METHODS (III) RESULTS AND DISCUSSION (IV) ACKNOWLEDGEMENT(S) (if any) (V) REFERENCE(S).
- The abbreviations mentioned hereunder may be used in the tables/ graphs without further definition: active ingredients (a.i.), boiling point (b.p.), centimeters(s) (cm), commercial cane sugar (C.C.S.), concentration (conon), concentration required to kill 50% of test organism (LC50), day(s) (d), days after harvesting (DAH), days after treatment (DAT), days after plantation (DAP), dry matter (d.m.), Duncan's New Multiple Range test (DNMR test), emulsifiable concentration (EC), gram(s) (g), growth stage (G.S.), hour(s) (h), kilograms(s) (kg), least significance difference (LSD), litre(s) (liter), meter(s) (m), metric ton(s) (MT), millable cane(s) (m.c.), milligram(s) (mg), minute(time) (min), melting point (m.p.), page (p.), pages (pp.), parts per million (ppm), percentage (%), post-emergence (post-em), pre-emergence (pre-em), probability (p), quantity (qty), relative humidity (rh), second (time) (sec), standard error (S.E.), standard error of mean(s) (SEM), soluble powder (s.p.) species (singular) (sp), species (plural) (spp), square meter (m²), subspecies (ssp.), temperature (temp.), tons cane per hectare (TCH), tons sugar per hectare (TSH), variety (var.), volume (vol.) weight (wt.) wettable powder (w.p.).
- Reference should be cited in the text with the year of publication in parenthesis e.g. Rostrom (1974), MacColl (1976), Beardsley et al. (1978). In the list of reference, the sequence of reference should be arranged alphabetically with the last name of author(s), followed by initials (e.g. Beardsley, N.W. 1978). The reference should include names of all authors, date of publications, complete title, journal name, volume no. and page numbers. The title journal should be abbreviated according to the style of chemical abstract.
- Reference from books should be cited as follows:
- Steel, R.G.D. and Torrie, J.H. 1960. Principles and procedures of statistics. McGrawHill Book Company inc., London. 481 p. (last page).
- References from an edited book should be cited as follows:
- Bennett, F.D. 1969. Tachid flies as biological control agents for sugarcane moth borers. In pest of sugarcane. J.R. Williams, J.R. Metcalfe, R.W. Mungmery and R. Mathes (eds). Elsevier Publishing Company, Amsterdam. pp. (page range).
- Reference from annual report should be cited as follows:
- BSRI Annual Report, 1997. Bangladesh Sugarcane Research Institute, Ishurdi, Pabna. Annual Report, 1996. pp. 8-11 (page range of the topic).
- Other reports or mimeographs without author may be cited as "Anonymous" with year of publication, address of publisher and last page of the report.
- The manuscripts should be submitted in duplicate alongwith a soft copy (Floppy diskate) to THE EDITOR, BANGLADESH JOURNAL OF SUGARCANE, BANGLADESH SUGARCANE RESEARCH INSTITUTE, ISHURDI-6620, PABNA, BANGLADESH.
- To follow the style of the latest issue.

CONTENTS (Contd.)

Field Performance of Several Morphological Characters of Six Sugarcane Genotypes and Their Somaclones	
M.S. Islam, A.S.M. Masuduzzaman, A.K.M.R. Islam, M.A. Hassan, and S. Akhter	80

<i>In Vitro</i> Regeneration in Sugarcane Variety Isd 40	
Kuasha Mahmud, K.M. Nasiruddin, M.A. Hossain and L. Hassan	95

Estimation of the Van Genuchten Soil Water Retention Properties for Sugar mill's Waste Water Affected Soil at NBSM	
S.S. Tabriz, M.A. Rahman, S.U.K. Usufzai, A.S.M. Amanullah and N. Mohammad	104

An Agribusiness Study on Chewing Sugarcane in Khagrachhari District of Bangladesh	
M.M. Rahman, S. A. Sabur, M.J. Alam and M.J. Uddin	114

SHORT COMMUNICATIONS

Performance of Different Sugarcane Genotypes under Salinity Stress	
M.K. Begum, M.R. Alam, M.S. Islam and M.S. Arefin	124

Performance of Different Sugarcane Genotypes under Flood Stress Condition	
M.K. Begum, M.R. Alam, M.S. Islam and M.S. Arefin	130

Effects of Water-logging Stress of Some Sugarcane Genotypes under Different Locations of Bangladesh	
M.S. Islam, M.R. Alam, M.K. Begum, and M.S. Arefin	140

Stability of Cane Sampling Method for Juice Quality	
M.S. Arefin, M.R. Alam, M.K. Begum, M.S. Islam, M.M. Hossain and M.A.S. Jiku	149

Efficacy of Some Fipronil Insecticides in Controlling Sugarcane Termites	
M. Begum, M. Abdullah, M.N.A. Siddiquee, M.S. Islam, K.S. Alam, M.N. Alam and M.H. Rahman	152

CONTENTS

Screening of Sugarcane Genotypes against Red Rot Caused by *Colletotrichum falcatum* Went.

M.J. Uddin, M.I. Talukder, M.S. Rahman, M.A. Hasan and K.S. Alam 1

Performance of Different Vegetables-Mungbean Sequential Intercropping with Paired Row Sugarcane in Different Hill Districts

A.K.M.R. Islam, M.A.T. Sohel, M.J. Alam, M.K. Rahman, D. Tanchangya, Kyachan, M and D. Chakma 6

Efficacy of Marigold and Tulshi Plants against Sugarcane Top Shoot Borer

M.N.A. Siddiquee, M. Begum, M. Abdullah and M.A. Hasan 14

Efficacy of Different Insecticides in Controlling Sugarcane Termites

M.N.A. Siddiquee, M. Abdullah, M. Begum, M.S. Islam and H.M. Tarique 20

Prevalence of Some Major Insect Pests in Sugarcane Clones

M. Begum, M. Abdullah, M.N.A. Siddiquee, M.S. Islam, M.N. Alam, K.S. Alam 28
and M.H. Rahman

Production and Processing of Tropical Sugarbeet in Bangladesh

M.K. Rahman, M.A. Razzak, A.K.M.R. Islam, M.A.T. Sohel, M.J. Alam and K.H. Kabir 37

Screening of some Sugarcane Genotypes to Wilt

M.J. Uddin, M.I. Talukder and M.S. Rahman 49

Effects of Trash Mulching Associated with Fungicide and Urea Spraying on First Ratoon Cane Production

M.A. Hasan, M.J. Alam, M.A.T. Sohel, A.K.M.R. Islam, M.S. Hossain, M.J. Uddin and M.K. Rahman 54

Performance of Paired Row Sugarcane with Some High Valued Crops as First and Mungbean as Second Intercrop under Madhupur Tracts soils

N. Islam, M.A.T. Sohel, M.N. Alam, M.M. Ahmed, M.H. Rahman and S. Akhter..... 61

Yield Response of New Sugarcane Varieties in Farmers Field at Madhupur Tracts Soils

M.A.T. Sohel, N. Islam, A.K.M.R. Islam, M.M. Hossain, M.H. Rahman and M.J. Alam... 67

Studies on Date Palm Syrup Preparation Technique and its Storage

M.S. Arefin, M.R. Alam, M.K. Begum, M.S. Islam, M.M. Hossain, M.J. Uddin and M. A. S. Jiku 74
