

# Bangladesh Journal of Sugarcane

## GUIDE FOR AUTHORS

- The Bangladesh Journal of sugarcane annually publish articles on Sugarcane agriculture and sugar processing.
- Articles must be original reports of research, not perviously or simultaneously published.
- The manuscripts should be written in English and typed in double space in one side of 11" x 8<sup>1</sup>/<sub>2</sub>" size bond paper with good margin in all sides. The text, quotation, table, illustration, foot note and literature citation should be double spaced.
- Numerical data should be presented in the form of either tables or graphs, but not in both. Tables and figures with their caption should be numbered in Arabic numerical and submitted in separate sheet. Line drawings should be 3 times larger than they are to appear in the journal.
- Photographs (120 mmx170 mm) should be in glossy prints with good dark and light contrast with appropriate caption. Diagram, drawing should be drawn with durable ink on thick white drawing paper.
- The article should have a coceise but meaningful title. The author(s) name and place of research should follow the title. An informative abstract, not more than 150 words should precede the introduction of the paper. The paper should then be arranged in the following order (1) INTRODUCTION (II) MATERIALS AND METHODS (III) RESULTS AND DISCUSSION (IV) ACKNOWLEDGEMENT (if any) AND (V) REFERENCES.
- References should be cited in the text with the year of publication in parenthesis e. g. Rostrom (1974), (Rostrom, 1974) ; MacColl, 1976 ; Mitchel and Beardsley, *et.al.* 1978). In the list of references, the sequence of reference should be arranged alphabetically with the last name of the author (s), followed by initials (e. g. Beardsley, J. W. 1978). The reference should include names of all authors, date of publication, complete title, journal name, volume number and page numbers. Book citation should include the place of publication and name of publishers. The title journal should be abbreviated according to the style of chemical abstracts.
- Authors would receive 20 copies of reprints free of cost.
- The manuscript should be submitted in duplicate to the EDITOR, BANGLADESH JOURNAL OF SUGARCANE, SUGARCANE RESEARCH INSTITUTE, ISHURDI, PABNA, BANGLADESH.
- To follow the style of the latest issue.

# CONTENTS

|                                                                                                                                                                              |     |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| O FLOWERING BEHAVIOUR AND POLLEN VIABILITY OF SUGARCANE SPECIES AT ISHURDI, PABNA—M. A. Mannan, M. A. Karim, S.R. Saha and M. Shahjahan.                                     | 1   |
| O A COMPARATIVE STUDY OF VARIETAL PERFORMANCE IN EIGHT ECOLOGICAL ZONES—S. A. Imam, A. H. M. D. Hossain, M. H. Rahman and M. N. Islam.                                       | 7   |
| O EFFECT OF INTERROW SPACING AND PLANTING TIME OF THE YIELD AND YIELD CONTRIBUTING FACTORS OF Co.1158 at TSM FARM—M. N. U. Khan, A. S. S. Ahmed and A. H. M. D. Hossain.     | 14  |
| O EFFECT OF NORMAL AND SPACE PLANTING OF SINGLE EYE BUD AND SINGLE EYE GERMINATED BUD ON YIELD OF SUGARCANE—S. A. Imam, A. H. M. D. Hossain, M. H. Rahman and M. N. Islam.   | 21  |
| O EFFECT OF TOP, MIDDLE AND BOTTOM SEED MATERIALS OF CANE WITH VARYING NUMBER OF EYE BUDS ON YIELD PARAMETERS—A. H. M. D. Hossain, M. H. Rahman, S. A. Imam and M. N. Islam. | 28  |
| O PERFORMANCE OF INTERCROPPING WITH SUGARCANE UNDER SEVERAL CROP COBINATIONS—S. A. Imam, A. Ali and M. A. Razzaque.                                                          | 32  |
| O STUDIES ON NPK FERTILIZER REQUIREMENT OF Isd.16—M. K. A. Chowdhury, M. H. Rahman and S. M. S. Hasan.                                                                       | 42  |
| O THE EFFECT OF SPLIT APPLICATION OF NITROGEN AND PCTASH FERTILIZERS ON SUGARCANE—M. K. A. Chowdhury, M. H. Rahman and A. H. M. D. Hossain.                                  | 46  |
| O EFFECT OF ARTIFICIAL DEFOLIATION AND STALKS BINDING ON THE CANE QUALITY—M. A. S. Miah and M. A. A. Sarkar.                                                                 | 51  |
| O EFFECT OF RACUZA AS A CHEMICAL RIPENER IN SUGARCANE—O. O. Oworu.                                                                                                           | 56  |
| O MINIMIZATION OF BREAKDOWN OF SUGAR IN STALECANES—M. A. A. Sarkar, M. A. S. Miah and M. A. Jabber.                                                                          | 63  |
| O STUDIES ON THE EFFECT OF SOME FACTORS ON THE DEVELOPMENT OF SUGARCANE ROOTS AND PLANTS—M. A. H. Miah, A. K. M. Q. E. Khuda and M. Shahjahan.                               | 67  |
| O RELATIVE RESISTANCE OF SOME SUGARCANE VARIETIES TO WILT—M. A. Malek, S. Rahman and M. M. Kamal.                                                                            | 71  |
| O THE WHITE LEAF DISEASE AND ITS CONTROL BY HOT WATER TREATMENT—S. Rahman, M. M. Kamal and M. A. Malek.                                                                      | 75  |
| O COMPARATIVE STUDIES AND EVALUATION OF RECOMMENDED AND TRADITIONAL TECHNOLOGY ON THE YIELD OF SUGARCANE IN SOME SELECTED AREAS—M. H. Kabir, M. Shahjahan and A. Ghafur.     | 80  |
| O ECONOMICS AND EFFICIENCY OF SUGAR PROCESSING BY SUGAR FACTORY AND GUR MAKING BY THE COUNTRY CRUSHER—M. H. Kabir.                                                           | 87  |
| O A SURVEY ON THE TYPICAL SAMPLE SIZE FOR TESTING YIELD PARAMETER OF SUGARCANE—A. Ghafur and M. A. Mannan.                                                                   | 93  |
| O NEW RECORDS OF INSECTS IN SUGARCANE FIELDS—A. Alam, M. A. H. Miah, and M. Shahjahan.                                                                                       | 97  |
| O PREVALENCE OF STRAINS A AND F OF SUGARCANE MOSAIC VIRUS (SCMV) IN BANGLADESH—M. M. Kamal, S. Rahman and M. A. Malek.                                                       | 100 |
