

BANGLADESH JOURNAL OF SUGARCANE

GUIDE FOR AUTHORS

- The Bangladesh Journal of Sugarcane annually publishes articles on sugarcane agriculture and sugar processing.
- Articles must be original reports of research, not previously or simultaneously published.
- The manuscripts should be written in English and typed in double space in one side of 11"x8.5" size bond paper with good margin in all sides. The text, quotation, table, illustration and literature citation should be double spaced.
- Numerical data should be presented in the form of either tables or graphs, but not in both. Tables and figures with their caption should be numbered in Arabic and submitted in separate sheet. Line drawings should be 3 times larger than they are to appear in the journal.
- Photographs (120 mm x 170 mm) should be in glossy prints with good dark and light contrast with appropriate caption. Diagram, drawing should be drawn with durable ink on thick white drawing paper.
- The article should have a concise but meaningful title. The authors(s) name and place of research should follow the title. An informative ABSTRACT, not more than 150 words' should precede the INTRODUCTION of the paper. Key words not exceeding six should follow the ABSTRACT. The paper should then be arranged in the following order: (I) INTRODUCTION (II) MATERIALS AND METHODS (III) RESULTS AND DISCUSSION (IV) ACKNOWLEDGEMENT (S) (if any) and (V) REFERENCE(S).
- The abbreviations mentioned hereunder may be used in the tables/graphs without further definition : active ingredient (a.i), boiling point (b.p.), centimetre(s) (cm), commercial cane sugar (C.C.S.), concentration (concn.), concentration required to kill 50% of test organism (LC 50), day(s) (d), days after harvesting (DAH), days after treatment (DAT), days after plantation (DAP), dry matter (d.m.) Duncan's New Multiple Range test (DNMR test), emulsifiable concentrate (EC), gram (g), growth stage (GS), hour (h), kilograms(s) (kg), least significant difference (LSD), litre(s) (litre), metre(s) (m), metric ton(s) (MT), Millable cane(s) (m.c.), milligram (s) (mg), minute (time) (min), melting point (m.p.), page (p.), pages (pp.), parts per million (ppm), percentage (%), post-emergence (post-em), pre-emergence (pre-em), probability (p), quantity (qty), relative humidity (rh), second (time unit) (sec.), standard error (S.E.), standard error of means(s) (SEM), soluble powder (s.p.), species (singular) (sp.), specie (plural)(spp), square metre (m²), subspecies (ssp), temperature (temp.), tons sugar per hectare (TSH), variety (var.), volume (vol.) weight (wt.), wettable powder (w.p.)
- References should be cited in the text with the year of publication in parenthesis e.g. Rostrom (1974), MacColl, 1976, Mitchel and Beardsley, *et al.* (1978). In the list of references, the sequence of references should be arranged alphabetically with the last name of the author(s), followed by initials (e.g. Beardsley, N.W. 1978). The references should include names of all authors, date of publication, complete title, journal name, volume number and page numbers. The title journal should be abbreviated according to the style of chemical abstract.
- References from books should be cited as follows :
Steel, R.G.D. and Torrie, J.H. 1960. Principles and procedures of statistics, McGrawhill Book Company, Inc. London. 481 p.
- References from an edited book should be cited as follows :
Bennett, F.D. 1969. Tachinid flies as biological control agents for sugarcane moth borers. In Pests of sugarcane. J.R. Williams, J.R. Metcalfe, R.W. Mungomery and R. Mathes (eds). Elsevier Publishing Company, Amsterdam. pp. (Page range).
- References from Annual Reports should be cited as follows :
BSRI Annual Report, 1997. Bangladesh Sugarcane Reserach Institute, Ishurdi, Pabna. Annual Report, 1996. pp. 8-11 (page range of the topic).
- Other reports or memoiographs without author may be cited as "Anonymous" with year of publication, address of publisher and last page of the report.
- Authors would receive 25 (Twenty five) copies of reprints free of cost.
- The manuscripts should be submitted in duplicate to THE EDITOR, BANGLADESH JOURNAL OF SUGARCANE, BANGLADESH SUGARCANE RESEARCH INSTITUTE, ISHURDI, PABNA, BANGLADESH.
- To follow the style of the latest issue.

CONTENTS

(Continued)

Yield Performance of Sugarcane Varieties in different Technology-based Demonstration Plots - S. N. A. Chowdhury, M. K. Ali, M. A. Kader, M.O. Gani and M. A. Rashid	85
Effect of IBA, Kn and GA₃ for <i>In Vitro</i> Clonal Propagation of Sugarcane -Sk. A. Mannan and M. N. Amin	89
Post Harvest Deterioration Losses in Some Commercial Varieties of Sugarcane - M. A. Jabber, M. R. Alam, M. F. Hasan, M.A. Ghafur and A. C. Barma	93
Fertilizer Requirement for Sustainable Sugarcane Production under different AEZs Condition - F. Alam, S. C. Saha, S. N. A. Chowdhury and S. R. Saha	97
Effect of White Leaf Disease on Chlorophyll Content of Sugarcane Leaf - M. I. Talukder, M. S. Alam, M.M. Kamal and S. N. A. Chowdhury	101
Effect of different Sources of Settlings on Yield and Yield Parameters of Some Selected Sugarcane Varieties - M. A. Rashid, M.B. Ahmed, S. Rahman and D. H. Scarisbrick	105
Isd 29-A Promising Variety of Sugarcane -S. R. Saha, M. A. Miah, B.P. Podder, S. M. N. Nahar, Sk. A. Mannan and A. Awal	114
Effect of Magnesium and Potassium on Sugarcane in Acid soils of Bangladesh -F. Alam, S. C. Saha, G.C. Paul and M. A. Ghafur.....	118
An Analysis of Sugarcane Production of Small holders in Papa Lanto, Nigeria - O. Olubango, O. Oworu and Odu	123
Potential Biocontrol of Sugarcane Stem Borers with Exotic Egg Parasitoid, <i>Trichogramma Chilonis</i> Ishii - M. A. Alam, R. Kundu, M. M. Biswas and M. Begum.....	128
Evaluation of Some Sugarcane Varieties against Smut - A. C. Barma, S. Rahman, M. M. Kamal and R. N. Nice	132
Screening of Some Sugarcane Varieties Suitable for Gur Production - S. N. A. Chowdhury, M.A. Jabber, M.F. Hasan and M. A. Ghafur	135
SCIENTIFIC NOTES	
Role of Environmental Factors on Sucrose Contents in Sugarcane - M. A. Mannan, A. Awal and Sk. A. Mannan	137
Studies on Cane Quality of Some Promising Clones - M. A. Jabber, M. A. Ghafur, M. R. Alam and M. F. Hasan	140

CONTENTS

Effect of White Leaf Disease on different Growth Parameters and Yield of Sugarcane - M. I. Talukder and M. S. Alam	1
Residual effects of Fertilizers applied to Intercrop Potato on Sugarcane Production - M. A. Majid, F. Alam, M. A. Ghafur and S. N. A. Chowdhury	10
Role of Reciprocal Crosses in Sugarcane Breeding -Sk. A. Mannan, M.A. Mannan, A. Awal and S. R. Saha	15
Influence of Effective Microorganism on Sugarcane Production and Improvement of Soil -F. Alam, M. A. Majid, M. J. Islam and S. M. Bokhtiar	19
Constraints to Increased Sugarcane Supply in Two Selected Sugar Mills of Bangladesh - M. H. Kabir and M. M. Alam	24
Effect of Green Manuring as Intercrop on Soils Improvement and Supplement N for Sugarcane Production under different AEZ -M. J. Islam, M. A. Majid, M. A. Rashid and F. Alam	30
Efficacy of Cake -O-Meal-an Organic Manure on Sugarcane Yield - G. C. Paul, M. J. Islam and S. M. Bokhtiar	37
The Inheritance of Five Characters in F_1 Progeny of Sugarcane - Sk. A. Mannan	41
Important Variables Affecting Research Productivity of Bangladesh Sugarcane Research Institute - A. Muhammad, M. M. Islam and A. Halim	47
Effects of Nitrogen and Interplant Spacing on the Production of Seedcane and Germination of Buds - M. A. Majid, F. Alam, M. J. Islam, M.A. Ghafur and S. N. A. Chowdhury	61
Effect of Planting Time and Seedcane Sources on White Leaf Disease Incidence, Cane Yield and Sucrose Content - M. A. Rashid, M.B. Ahmed, S. Rahman and M. Y. Ali.....	67
Path Analysis in Intervarietal Crosses of Sugarcane - Sk. A. Mannan, A. Ghafur, M. A. Mannan and S. R. Saha	73
Contribution of Different Green Manures to Phosphate Nutrition of Sugarcane - G. C. Paul, S. M. Bokhtiar and M. J. Islam	76
Effect of Some Fungicides on the Control of Red Rot of Sugarcane - S. Rahman, M.S. Alam, O.I. Joardar, S.N.A. Chowdhury, A.C. Barma and M.M. Kamal	81
