

BANGLADESH JOURNAL OF SUGARCANE

GUIDE FOR AUTHORS

- The Bangladesh Journal of Sugarcane annually publishes articles on Sugarcane agriculture and sugar processing.
- Articles must be original reports of research, not previously or simultaneously published.
- The manuscripts should be written in English and typed in double space in one side of 11" x 8½" size bond paper with good margin in all sides. The text, quotation, table, illustration, footnote and literature citation should be double spaced.
- Numerical data should be presented in the form of either tables or graphs, but not in both. Tables and figures with their caption should be numbered in Arabic numerical and submitted in separate sheet. Line drawings should be 3 times larger than they are to appear in the journal.
- Photographs (120 mm x 170 mm) should be in glossy prints with good dark and light contrast with appropriate caption. Diagram, drawing should be drawn with durable ink on thick white drawing paper.
- The article should have a concise but meaningful title. The author(s) name and place of research should follow the title. An informative ABSTRACT, not more than 150 words should precede the introduction of the paper. The paper should then be arranged in the following order : (I) INTRODUCTION (ii) MATERIALS AND METHODS (III) RESULTS AND DISCUSSION (IV) ACKNOWLEDGEMENT(S) (if any) and (V) REFERENCE(S).
- The abbreviations mentioned here under may be used in the tables/graphs without further definition : active ingredient (a.i.), boiling point (b.p.), centimetre (s) (cm), commercial cane sugar (C.C.S), concentration (concn), concentration required to kill 50% of test organism (LC₅₀), day (s) (d), days after harvesting (DAH), days after treatment (DAT), days after plantation (DAP), dry matter (d.m.), Duncan's New Multiple Range test (DNMR test), emulsifiable concentrate (EC), gram (g), growth stage (GS), hour (h), kilogram (s) (kg), least significant difference (LSD), litre (s) (litre), metre (s) (m), metric ton (s) (M.T.), Millable cane (s) (m.c.), milligram (s) (mg), minute (time) (min), melting point (m.p.), page (p.) pages (pp.), parts per million (ppm), percentage (%), post-emergence (post-em), pre-emergence (pre-em), probability (p), quantity (qty.), relative humidity (rh), second (time unit) (sec.), standard error (S.E), standard error of mean(s) (SEM), soluble powder (s.p.), species (singular) (sp.), species (plural) (spp.), square metre (m²), subspecies (ssp.), temperature (temp.), tons cane per hectare (TCH), tons sugar per hectare (TSH), variety (var), volume (vol), weight (wt), wettable powder (w.p.)
- References should be cited in the text with the year of publication in parenthesis e.g. Rostrom (1974), (Rostrom, 1974), MacColl, 1976 ; Mitchel and Beardsley, *et. al.* 1978). In the list of references, the sequence of references should be arranged alphabetically with the last name of the author (s), followed by initials (e.g. Beardsley, J.W. 1978). The reference should include names of all authors, date of publication, complete title, journal name, volume number and page numbers. The title journal should be abbreviated according to the style of chemical abstract.
- References from books should be cited as follows :
Steel, R. G. D. and Torrie, J. H. 1960. Principles and procedures of statistics. McGrawhill Book Company, Inc., London., 481 p.
- References from an edited book should be cited as follows :
Bennett, F. D. 1969. Tachinid flies as biological control agents for sugarcane moth borers. In Pests of sugarcane, J. R. Williams, J. R. Metcalfe, R. W. Mungomery and R. Mathes (eds). Elsevier Publishing Company, Amsterdam. pp. 117-148.
- References from Annual Reports should be cited as follows :
SRTI Annual Report, 1983. Sugarcane Research and Training Institute, Ishurdi, Pabna, Bangladesh. Annual Report 1982, pp. 8-11 (page range of the topic).
- Other reports or memoirs without author may be cited as "Anonymous" with year of publication, address of publisher and last page of the report.
- Authors would receive 20 copies of reprints free of cost.
- The manuscript should be submitted in duplicate to THE EDITOR, BANGLADESH JOURNAL OF SUGARCANE, SUGARCANE RESEARCH & TRAINING INSTITUTE, ISHURDI, PABNA, BANGLADESH.
- To follow the style of the latest issue.

CONTENTS

Optimum plot size for experiments on sugarcane—M. A. Ghafur, S. A. Imam and M. Shahjahan.....	1
Comparative study on the effectiveness of field, marcotte and solution techniques in sugarcane hybridization—S. R. Saha, M. A. Miah, M.A. Mannan and M. A. Karim.....	8
Effect of time of marcotting and excising on sugarcane root develepment and stalk survival—M. A. Miah, Sk. A. Mannan, A. Awal and M. A. Karim.....	12
Economics of intercropping legumious crops with sugarcane—S. A. Imam and A. H. M. D. Hossain.....	19
Effect of elemental sulphur on the yield and sugar content of sugarcane—S. C. Saha, S. B. M. F. Rahman and M. A. A. Sarkar.....	24
Studies on the impact of soil factors on the root growth of sugarcane in rhizotrons—M. A. S. Miah, M. A. A. Sarkar, A. B. M. M. Rahman, and S.C. Saha.....	27
The relationship of sheath moisture with pol in some selected sugarcane clones—A. B. M. M. Rahman, M. A. Quddus, M. R. Alam, M. J. Hoque and M. A. A. Sarkar.....	32
Tolerance of Isd-16 and I-60/74, to hot water treatment—A. B. M. M. Rahman and M. R. Alam.....	38
Yield potential of a new sugar crop - Sweet Sorghum—S. B. M. F. Rahman, S. C. Saha, M. A. A. Sarkar and M.A. Jabber.....	43
Egg parasitisation in sugarcane top-shoot borer <i>Scirpophaga excerptalis</i> Walkes (Pyralidae, Lepidoptera)—M. A. H. Miah, M. A. Alam, M. A. Mannan, M. M. Biswas and M. Shahjahan.....	47
I-60/74 - A promising clone resistant to red rot—M. A. Malek, S. Rahman, M. M. Kamal, S. M. N. Nahar, M. I. Talukder and M. Kalimuddin....	52
Personal factors affecting job satisfaction of Cane Development Assistants of a Sugar Mills in Bangladesh—M. K. Ali, S. A. Chowdhury, M. A. Kader and M. O. Gani.....	55
Effect of farm size and tenure classes on sugarcane production in Thakurgaon Sugar Mills Zone—M. H. Kabir.....	59
Resistance of some foreign varieties to wilt of sugarcane—S. Rahman, M.A. Malek, M.M. Kamal, S.M.N. Nahar, M. I. Talukder and M. Kalimuddin.....	63
Delaying flowering in wild sugarcane—A. B. M. M. Rahman and M. A. A. Sarkar.....	65
