

## **Information regarding accreditation of BSTI laboratories**

**The Bangladesh Accreditation Board (BAB)** has granted accreditation to **BSTI** for a total of **306 parameters (using 359 test methods)** for the following **37 products**:

1. Fruit Juice
2. Fruit Drinks
3. Fruit Syrup
4. Fruit Squash
5. Fruit Cordial
6. Jam
7. Jelly
8. Marmalade
9. Pickle
10. Chutney
11. Sauce
12. Edible Gel
13. Tomato Ketchup
14. Tomato Paste
15. Biscuit
16. Protein-Rich Biscuit
17. Chanachur (Spicy Snack Mix)
18. Noodles
19. Instant Noodles
20. Water
21. Soft Drink Powder
22. Carbonated Beverage
23. Fortified Soybean Oil
24. Fortified Palm Oil
25. Fortified Palm Olein
26. Fortified Rice Bran Oil
27. Fortified Sunflower Oil
28. Black Tea
29. Artificial Flavored Drinks
30. Soap
31. Shampoo
32. Cement
33. MS Rod (Mild Steel Rod)
34. MS Angle and Plate
35. GI Pipe (Galvanized Iron Pipe)
36. Textiles and Garments
37. Air Conditioner

### **Accredited Laboratories:**

1. Cereal and Bakery Products Laboratory
2. Processed Fruit Products and Fruit Drinks Laboratory
3. Water and Beverage Laboratory
4. Microbiological Laboratory
5. Oils and Fat Products Laboratory
6. Instrumental Laboratory (HPLC & AAS)
7. Soap and Detergent Testing Laboratory
8. Textile Testing Laboratory
9. Cement Testing Laboratory (Chemical)
10. MS Rod Testing Laboratory (Chemical)
11. Cement Testing Laboratory (Mechanical)
12. MS Rod Testing Laboratory (Mechanical)
13. Textile Products Testing Laboratory
14. Air Conditioner Testing Laboratory

### **Accredited Parameters: Total – 306**

1. Food Products: 197
2. Drinking and Mineral Water: 30
3. Microbiology: 14
4. Chemical Products: 21
5. MS Rod, Cement (Mechanical): 10
6. Textiles (Chemical): 10
7. Textiles (Mechanical): 15
8. Electrical (Air Conditioner): 09
