Chairman's Message

I am glad to know that Coal Power Generation Company Bangladesh Limited (CPGCBL) is going to publish its Annual Report for the FY 2021-22 on the occasion of its 11th Annual General Meeting.

It is gratifying to note that, Bangladesh has made massive economic advancement under the great leadership of Hon'ble Prime Minister Sheikh Hasina over the last 14 years. Our achievement in the power sector has been meteoric. We are now aiming at making a transition towards green energy and are working hard for fuel diversification.

You must all be knowing that the global uncertainty created by the ongoing Ukraine -Russia war and its impact has hit energy sector very hard. Although efforts are on to make recovery, its process is being slowed down because of supply shortages of commodity and raw materials against higher demands.

The CPGCBL is working hard to bring about some qualitative changes in the power sector. It is currently implementing Matarbari 2 X 600 MW Ultra Super Critical Coal Fired Power Plant project with financial assistance JICA. The project includes deep-sea port facilities, construction of jetty and coal handling facilities for coal import, coal storage, power plant construction, township development, rural electrification, transmission facility construction, and road communication. Implementation of this project will increase

electricity generation, create employment opportunities and develop skilled manpower through transfer of modern technology.

CPGCBL is implementing 500-600MW capacity LNG based Combined Cycle Power Plant, a joint venture project with Mitsui, Japan. It is also exploring the possibility to set up a 50 MW Solar Power Plant in Matarbari Mouza of Moheskali Upazila in Cox's Bazar near Matarbari 2x600 MW USC CFP.

I hope that CPGCBL will continue to take such big projects in the days to come.

I believe it will continue to thrive with a proper blend of skill, experience and training. I wish 11th AGM of CPGCBL a success.

(Md. Habibur Rahman)
Chairman
CPGCBL Board and
Secretary
Power Division
Ministry of Power, Energy and Mineral Resources.

From the Desk of Managing Director

Hon'ble Shareholders,

I feel honored and proud to pay my humble tributes to the Father of the Nation, Bangabandhu Sheikh Mujibur Rahman and all Heroes of our glorious independence. It is my privilege to welcome you all to the 11th Annual General Meeting (AGM) of CPGBCL. On this auspicious day it is my utmost pleasure to place the Annual Report of Coal Power Generation Company Bangladesh Limited (CPGBCL) along with the audited Financial Statements and Auditors' Report thereon for the year ended on 30 June, 2022 in front of our valuable shareholders of the company.

This financial year has been like no other before in living memory, characterized by extraordinary challenges. The whole world is met with an economic crisis mainly due to the scarcity of fuel, commodities and raw materials. Just when the world was recovering from the scars of the global pandemic the Russia-Ukraine war broke out culminating into a world-wide economic challenge. We proudly pronounce and articulate that, despite all the challenges, CPGBCL has been persistently striving to achieve its highest value for the shareholders since its inception in 2011.

Ever since our Hon'ble Prime Minister Her Excellency Sheikh Hasina took the office about 14 years ago, the nation has made remarkable progress in power sector. The Government has taken short-term, mid-term and long-term plans for improving the power system. According to the Vision 2021 and Vision 2041 of Bangladesh Government, we have to generate 24,000MW by 2021; 40,000MW by 2030 and 60,000 MW by 2041. It needs diversification of fuel sources - especially coal, renewable energy, LNG, nuclear etc. According to that plan CPGBCL has taken initiatives to generate electricity based on coal, LNG and renewable energy.

I anticipate that CPGBCL will continue to play a dynamic and outstanding role in ensuring integrity, transparency, accountability, capacity building, and efficiency in the business arena of our growing national economy, especially in the power sector this time around.

Now we have reached at the final stage of construction of Matarbari 2x600MW Ultra Super Critical Coal Fired Power Project. In this fiscal year 2021-22 construction of boiler foundation works, STG 1 & 2 foundation, GIS (civil parts), 275m height chimney, widening works of dredged channel (250 m to 350 m), construction of coal & oil unloading jetty have been completed. The hydrostatic test of Boiler (Unit 1) and Auxiliary Boiler has been done on September 2022 and December 2022 respectively. Boiler 1 & 2 erection works, ESP and FGD erection works, turbine and generator installation works, other BOP facilities installation works and coal yard construction works are ongoing against power plant work. Moreover, dredging works are completed and security fence installation and embankment works are ongoing against port work. Beside

that Slope Protection works (Retaining Walls) construction works are ongoing.

At the end of this fiscal year, overall cumulative physical progress was 61.2% and at present the overall cumulative physical progress (November 2022) is 69.26%.

Under scopes of Rural Electrification, Installation of 2x 25/41 MVA, 132/33 KV Substation, and 33/11 KV Substation is completed. To provide a better livelihood to the local community, the construction of distribution networks has been finished. For the well-being of the Project Affected People, CPGBCL has developed a comprehensive Resettlement Action Plan and has engaged NGO to implement the Resettlement Activities. Up to this fiscal year 2021-22, as per the approved Entitlement Matrix, a total number of 2205 project-affected individuals have been compensated by Tk 143.61 crore as top-up and one-time assistance according to approved Entitlement Matrix. Within this time, 940 Labors have got compensation of 27.07 Crore Taka. Moreover, land development and house construction for squatters (landless family/ illegal habitation on

the embankment of the Bangladesh Water Development Board} has almost been completed. Under the Livelihood Restoration Program, training was provided to a total of 339 Project Affected Persons on different courses, and this program is continuing.

As regard to the security issues, a number of facilities were developed at the project site, which includes Police and Ansar Barrack, Watch Tower, Security Fence and Lighting, Patrol Road, procurement of security vehicles, speed boat, etc. Bangladesh Army, Navy, and Air Force have been jointly arranging mock drill with regular intervals in Project Area to ensure the security for Foreigners and Local employers. Besides, NSI and DGFI are also working at the Matarbari project site.

CPGCBL has taken initiatives for implementing a 500-600 MW LNG based CCP in joint venture with Mitsui & Co. Ltd. The Technical Feasibility study for this project is complete. The works of ESIA are going on full swing. Financial Advisor is going to be appointed very soon to conduct a Financial Feasibility Study of the Project.

As a part of implementing the Government's vision of generating a considerable portion of electricity from renewable energy, CPGCBL has appointed TUV-SUD Bangladesh Pvt. Ltd and AWS True power, India as a consultant for conducting a feasibility study to explore the possibility of wind power at Matarbari Island. The Feasibility Study has been completed, and the result shows that the site is a potential for wind power project. CPGCBL has taken the initiative to implement a 50 MW capacity Solar

Power Plant in Matarbari Mouza of Moheskali Upazilla in Cox's Bazar near Matarbari 2x600 MW USC CFP.

I express my sincere respect and gratitude to the Hon'ble Prime Minister Sheikh Hasina, Hon'ble Adviser to the Prime Minister Dr. Tawfiq-e-Elahi Chowdhury, Bir Bikram, Hon'ble State Minister, Ministry of Power, Energy and Mineral Resources Mr. Nasrul Hamid, M.P., Respected Secretary of Power Division, Mr. Md. Habibur Rahman for their all kinds of assistance and guidance to CPGCBL.

In the end, I would like to thank all our employees across the company for their hard work and enthusiasm. Due to our employees' professional approach and the leadership of our competent and trustworthy management team, CPGCBL has grown significantly over the time. I would like to offer my sincere appreciation to all valued Shareholders, the Board of Directors, clients, dedicated Management team, including the committed staff members and my colleagues, for their continuous support and sincere co-operation. I am also thankful and contented to Power Division, Ministry of Finance, IMED, Planning Commission, Bangladesh Bank, JICA, RUSC, and STIC & MJVC for their advice, guidance, heartfelt and passionate support.

I once again thank all esteemed shareholders and CPGCBL Board for their confidence in the Management team. We firmly believe such confidence will remain unflinching in the years to come as well.

CPGCBL

DIRECTORS' PROFILE

Chairman's Profile

Md. Habibur Rahman
Secretary, Power Division
MoPEMR

Mr. Md. Habibur Rahman, Secretary, Power Division took over the responsibility of Chairman of Coal Power Generation Company Bangladesh Ltd. (CPGCBL) on 11 December 2020.

Before being elevated to the post of Secretary, Power Division, Ministry of Power, Energy and Mineral Resources on 12 November 2020, he served as Additional Secretary (Budget-1) in the Finance Division of the Ministry of Finance.

Mr. Rahman, a career bureaucrat, joined the Bangladesh Civil Service (Administration) cadre in 1991 and belongs to the 10th batch. He started his career as an Assistant Commissioner in the Office of the Divisional Commissioner, Rajshahi and subsequently posted at the Office of the Deputy Commissioner, Natore to work there as an Assistant Commissioner till February'93. He worked in the Refugee, Relief and Repatriation Commission at Cox's Bazar from March'93 to February'94. Later, he worked as Assistant Commissioner (Land) in Habiganj Sadar from April'94 to September'96. Thereafter, he worked as Assistant Director in the Bureau of Anti-Corruption from October'96 to November'98. He was appointed as Assignment Officer in the Prime Minister's Office and worked there till September'01. He worked at Finance Division from January'03 to September'05 and at Ministry of Education from February'06 to May'07.

The high point of his career has been his long stint of more than fifteen years in the Finance Division. He was one of the early bunch of officers who steered the transition from the traditional method of budget making to the Medium-Term Budget Framework (MTBF). There, he worked as Deputy Secretary (Budget-1), Joint Secretary (Budget 1) before eventually being elevated to the position of Additional Secretary (Budget 1) and was the lynchpin of national budget preparation. He was also a Budget Specialist on the Financial Management Reform Programme and Deepening DMTBF and Strengthening Financial Accountability Project under Finance Division. He has been teaching all areas pertaining to Public Financial Management at the Institute of Public Finance and most other training institutes and has been instrumental in developing a critical mass of civil servants steeped in Public Finance.

Mr. Rahman earned his BSc. and MSc. in Applied Physics and Electronics from the University of Dhaka. He holds another Master's degree in Economic Development Policy and Research from the University of Birmingham, UK. He also received training on Government Budget Management, Public Financial Management, Professional Development and Performance Management from India, Singapore, USA, UK and New Zealand. In addition, he attended numerous seminars, workshops, study tours at home and abroad. Mr. Rahman is a recipient of the prestigious Public Administration Award of 2017 for his outstanding contribution to public sector.

Mr. Rahman hails from Bangalha village of Lakshmipur Sadar Upazila of Lakshmipur District. He is married and blessed with three daughters.

Md. Habibur Rahman is serving Power Division, Ministry of Power, Energy and Mineral Resources as its Secretary. He is also the Chairman of Coal Power Generation Company Bangladesh Limited (CPGCBL).

Website : www_bpdb.gov.bd

Engineer Md Mahbubur Rahman

Chairman
Bangladesh Power Development Board

Engr. Md. Mahbubur Rahman took over the charge as Chairman of Bangladesh Power Development Board (BPDB) on 31 January 2022. He is the 38th Chairman of his organization. Before joining as Chairman, he was the Member (Company Affairs) of BPDB. He joined as a Director of CPGCBL on 10 February 2022. He is also a Member of Administrative Affairs Committee and Technical and Engineering Committee of CPGCBL.

Engr. Md. Mahbubur Rahman was born in Sharatpur district on 1 September, 1963. Mr. Md. Mahbubur Rahman obtained B.Sc. Engineering (CIVIL) degree from Bangladesh University of Engineering and Technology (BUET) in 1986. He did his M.Sc. Engineering (Hydro-Power) degree from the Norwegian University of Engineering & Technology, Norway in 1995 with a full scholarship from the Norwegian government. He later obtained MBA degree from Bangladesh. Besides, he also completed various professional courses from Oxford University of United Kingdom, Kochi University of Japan and Melbourne Institute of Technology of Australia.

Mr. Md. Mahbubur Rahman joined the Power Development Board as Assistant Engineer at Siddhirganj Power Station on September 1, 1986. Later he worked as Sub-Divisional Engineer and Executive Engineer at Siddhirganj 210 MW Thermal Power Station Construction Project, as Director IPP Cell-1, Director IPP Cell-3 and as Chief Engineer Private Generation. Later he also served as Member (Distribution) of BPDB.

Currently he is also the Chairman of BR Powergen Ltd. and Member of the Board of Directors of Bangladesh-India Friendship Power Company Ltd., Bay of Bengal Power Company Ltd., Ashuganj Power Station Company Ltd., Nuclear Power Plant Company Bangladesh Ltd., North West Power Generation Company Ltd., Sembcorp North West Power Company Ltd., Bangladesh-China Renewable Energy Company Ltd., Titas Gas Transmission & Distribution Company Ltd. and Bakhrabad Gas Distribution Company Ltd. He is the member of the Governing Body of Bangladesh Power Management Institute. Engr. Md. Mahbubur Rahman visited various countries including USA, Russia, Japan, United Kingdom, Australia, Germany and Switzerland for training and professional purposes during his long career.

He is married and blessed with two children.

Directors' Profile

Mohammad Saiful Islam is a Additional Secretary, Finance Division, Ministry of Finance.

Phone: 02-223354005

Md. Tofael Islam Joint Secretary Ministry of Shipping

Mr. Md. Tofael Islam, Joint Secretary (CPA & BLPA) Ministry of Shipping has been appointed as a Director of Coal Power Generation Company Bangladesh Ltd. (CPGCBL) on 17 August 2022.

He obtained his BSc (Hons) and MSc degree from the Department of Soil Science, University of Dhaka in the year of 1992 and 1993 respectively. He achieved another Masters degree in International Human Resource Management from U.K. Mr. Md. Tofael Islam, 17th Batch Officer of BCS (Administration) Cadre joined the Civil Service on 22nd February 1998 and held various posts in the field administration such as Assistant Commissioner, Assistant Commissioner (Land) Senior Assistant Commissioner, Upazila Nirbahi Officer and Deputy Commissioner. He was Upazila Nirbahi Officer of Kanalghat, Sylhet and Teknaf, Cox's Bazar and Deputy Commissioner of Moulvibazar district. He also discharged his duties as Magistrate First Class in the Deputy Commissioner's Office of Mymensingh, Sharlatpur and Sylhet.

He served as Deputy Secretary at Economic Relations Division (ERD) Cabinet Division and Ministry of Commerce. Before serving his current post he was in Public Security Division, Ministry of Home Affairs as Joint Secretary. He is a Senate member of Bangabandhu Sheikh Mujibur Rahman Maritime University, Bangladesh and Part time member of the board of Bangladesh Land Port Authority. He has travelled to various countries including India, China, South Korea, Japan, Germany, Australia, Russia, United Kingdom and United States to attend various trainings seminars, workshops, conferences and bilateral talks.

He is Married and blessed with one daughter and two sons.

Directors' Profile

Md. Sayed Kutub is serving as a Joint Secretary of Ministry of Civil Aviation and Tourism. Prior to this he was the Member (Administration), Bangladesh Power Development Board. Mr Sayed Kutub has been appointed as a Director of Coal Power Generation Company Bangladesh Ltd. (CPGCBL) in December 2020. He is also a member of the Administrative Affairs Committee of CPGCBL Board.

Phone: 222241978
Email: jsblmanca@mocat.gov.bd

Md. Sayed Kutub
Joint Secretary
Ministry of Civil Aviation and Tourism

Md. Sayed Kutub is serving as a Joint Secretary of Ministry of Civil Aviation and Tourism. Prior to this he was the Member (Administration), Bangladesh Power Development Board. Mr Sayed Kutub has been appointed as a Director of Coal Power Generation Company Bangladesh Ltd. (CPGCBL) in December 2020. He is also a member of the Administrative Affairs Committee of CPGCBL Board.

Mr. Kutub completed his graduation and post-graduation in Accounting from Dhaka University. After completing post-graduation, he joined the Bangladesh Civil Service (Administration) Cadre in 1999. Being a career bureaucrat for more than 22 years, he worked in different levels of field administration such as Assistant Commissioner, Senior Assistant Commissioner, Upazila Nirbahi Officer and Additional Deputy Commissioner. He worked as Deputy Secretary of Financial Institution Division under Ministry of Finance from 2015 to 2020. Before joining in Bangladesh Power Development Board (BPPB), he worked as Director (Training) in Bangladesh Rural Development Board (BRDB). He gathered financial and administrative experience from different fields during his bright career. He attended many trainings, conferences, seminars, workshops in many international forums. He explored in different countries like China, India, Philippines, Indonesia, Cambodia and Australia etc. for training and business purpose.

In addition to CPGCBL, he sits on the Board of Directors Northern Electricity Supply Company Limited (NESCO).

He is married and blessed with two daughters.

Directors' Profile

Mr. Golam Kibria is the current Managing Director of Power Grid Company of Bangladesh Limited (PGCB). Prior to this, he served as the Managing Director of Coal Power Generation Company Bangladesh Limited (CPGCB).

Office Phone No.
: +88 02 55046721
E-mail ID : md@pgcb.gov.bd

Mr. Golam Kibria
Managing Director
Power Grid Company of Bangladesh Limited (PGCB)

Mr. Golam Kibria is the current Managing Director of Power Grid Company of Bangladesh Limited (PGCB). Prior to this, he served as the Managing Director of Coal Power Generation Company Bangladesh Limited (CPGCB). Mr. Kibria, having dynamic foothold in power sector, also worked as the Chief Engineer, Private Generation (IPP/RPP) of Bangladesh Power Development Board. He joined as a Director of CPGCB on 19.11.2019.

He possesses graduation degree from Bangladesh University of Engineering & Technology (BUET) in 1984, having more than 32 (thirty-two) years of diverse experience in power sector to his credit.

Mr. Kibria started his career with Bangladesh Power Development Board (BPDB) as Assistant Engineer in 1985. In his long service, he served at various positions in the areas of Augmentation of Grid Substation, Grid Maintenance circle, Load Dispatch Division, Design & Inspection-1, Independent Power Producers (IPP) Cell-1&2, private generation (IPP/PPP) and other field of Engineering.

He participated many trainings and workshops at home and abroad as well as visited many countries as official delegation for training, joint venture projects, inspection of equipment & material and manufacturing process.

Mr. Kibria is also Life Fellow of the Institution of Engineers, Bangladesh (IEB) & Life Member of the BUET Alumni.

He is also a Board Director of Bangladesh Rural Electrification Board (BREB) and Nuclear Power Plant Company Bangladesh Ltd (NPCBL).

Mr. Golam Kibria was born in a renowned Muslim family in Barishal District. He is married and blessed with two Daughters.

Directors' Profile

Barrister Moin Ghani is an Advocate of the Supreme Court of Bangladesh and a Partner at Alliance Laws, one of the leading law firms in Bangladesh. He has worked in International law firms in the U.K. and the U.S.A. He completed his LL.B and LL.M in Public International Law from the LSE in U.K. and was called to the Bar of England and Wales. He completed his Bar Vocational Course from BPP Law School, U.K. He is a Fulbright Fellow and studied international arbitration at the Washington College of Law, American University, U.S.A. Mr. Ghani has expertise in International arbitration and commercial law.

Phone : +88 01711 593919
E-mail ID : mghani@alliancelaws.com
Website : alliancelaws.com

Barrister Moin Ghani
Advocate
Supreme Court of Bangladesh

Barrister Moin Ghani is an Advocate of the Supreme Court of Bangladesh. He has the unique experience of working in International law firms in three jurisdictions - the United States (for Foley Hoag, LLP, a top ranked International arbitration firm which represented Bangladesh in the maritime boundary delimitation disputes in the Bay of Bengal with India and Myanmar); the United Kingdom (for Eversheds LLP, one of the top ranked global firms operating in the United Kingdom); and in Bangladesh as Head of Chambers, Alliance Laws.

He completed both his LL.B and LL.M/Public International Law from the London School of Economics and Political Science, London, U.K. He was called to the Bar of England and Wales from Lincoln's Inn. He is a Humphrey / Fulbright Fellow having completed one year of graduate studies in International Arbitration from the Washington College of Law, American University, Washington D.C., U.S.A.

He specializes in international arbitration, particularly those before the World Bank. He has been appointed by the Government of Bangladesh as Bangladesh's nominee to the World Bank's International Centre for the Settlement of Investment Disputes (ICSID) Panel of Arbitrators. He has represented Bangladesh as counsel in a number of international arbitration cases. Currently he represents Bangladesh and Petrobangla in an international arbitration case against a Canadian company; represents Petrobangla and BAPEX in two other arbitration cases against a Canadian owned company; and represents Bangladesh Power Development Board in an arbitration case against an American solar power company. He worked for Philippines in its maritime dispute with China, for Ecuador in an international arbitration, and for Venezuela in another arbitration.

Barrister Ghani is currently acting as counsel for the Bangladesh Telecommunications Regulatory Commission (BTRC) in a case before the United States District Court for the Southern District of New York. He is assisting the Bangladesh Ministry of Health in negotiations and drafting of contracts for the purchase of Covid-19 vaccines. He is assisting the Bangladesh Energy Regulatory Commission in litigation before the Supreme Court of Bangladesh.

Barrister Moin Ghani has been a Director of Coal Power Generation Company Bangladesh Limited (CPGCBL) since 05 September 2016. He is currently also a Director at Rupantarita Prakritik Gas Company Limited (RPGCL).

His publications include Bangladesh and 50 years of International law, White Board Policy Magazine, Centre for Research and Information (CRI) (2021); Bangladesh chapter, Asia Arbitration Guide (5th Edition), Respondek & Fan Pte Ltd, Singapore (2017); Bangladesh: Ethics and Anti-Corruption, Norton Rose Fulbright (2014); Bangladesh Chapter for Asia Arbitration, edited by Michael Moser and John Choong, Oxford University Press (2012); Court Assistance, Interim Measures, and Public Policy: India's Perspective on International Commercial Arbitration, American University (2012).

Ms. Tanzina Haque FCMA
Professor
Dept. of Accounting & Information Systems, DU

Ms. Tanzina Haque FCMA joined CPGCBL as a director on February 6, 2020. She is a member of the Audit and Finance committee of the company. Ms. Haque is a Professor of the Department of Accounting & Information Systems, University of Dhaka. She completed her BBA and MBA with distinction from the Department of Accounting & Information Systems, University of Dhaka. In her bright academic life she achieved different scholarships and also the Prime Minister's gold medal for her merit position. Under the prestigious Australian Leadership Award (ALA) program, she has attained another Master's degree in International Business from The University of Melbourne, Australia having concentration in trade and multilateral agreements. She is a certified professional Cost & Management Accountant (CMA) and Fellow member (FCMA) of Institute of Cost & Management Accountants of Bangladesh (ICMAB).

Ms. Haque has obtained numerous training programs on Management Accounting Practices and Cost Audit in Textile and Oil sector, Cost Audit Implementation in Fuel and Sugar Industries, WTO and Bangladesh Trade Policy and also attended various national and international seminars and conferences related to Recent Change in Accounting and Reporting Standards, Corporate Governance: CIMA's Role in the Change Process, Resource Mobilization and Management of Economic Growth, Shaping the Future Through Inclusive Development, Spectrum of Opportunities through Innovation and Technology, Interdisciplinary Solutions for Business Challenges in a New Global Order.

In addition to her vibrant academic career in public university she also taught as an adjunct faculty in different private universities including professional bodies ICAB and ICMAB. She has written numerous articles published in national and international journals.

She is a life member of Dhaka University Accounting Alumni Association and also the member of Australia Alumni Association Bangladesh.

Directors' Profile

Mr. Md. Abdul Mottalib is the current Managing Director of Coal Power Generation Company Bangladesh Limited (CPGCL). He carried out his duties as the Member (Distribution) of Bangladesh Power Development Board (BPDB) prior to his current responsibilities. He is also a director of NWPCL Board.

Official Phone No: 222241978
Email ID: mdcpcl@yahoo.com
Website: cpgcl.gov.bd

Md. Abdul Mottalib

Managing Director
Coal Power Generation Company Bangladesh Limited (CPGCL)

Mr. Md. Abdul Mottalib was born in Faridpur on 30th December 1960. He joined as the Managing Director of Coal Power Generation Company Bangladesh Limited (CPGCL) on 05th January 2020. He is the 07th Managing Director of CPGCL. Before his journey with CPGCL, he served Bangladesh Power Development Board (BPDB) as Member (Distribution).

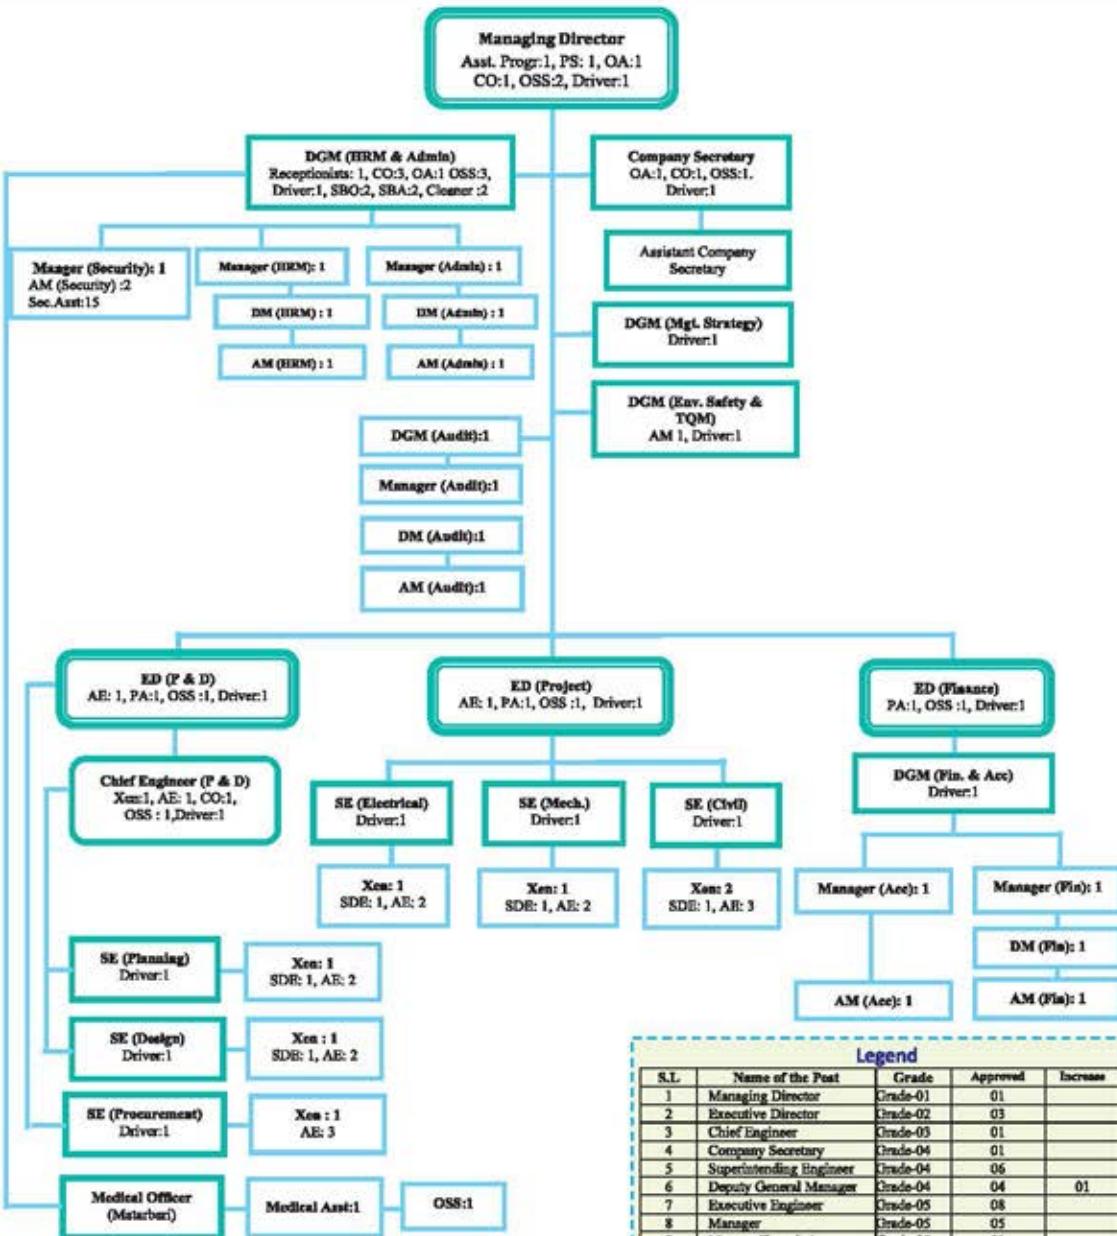

Mr. Mottalib completed his graduation in Electrical and Electronic Engineering (EEE) in 1982 from Bangladesh University of Engineering and Technology (BUET). Then he started his career as an Assistant Engineer of Bangladesh Power Development Board (BPDB) in 1984. He holds more than 38 (thirty-eight) years of diverse experience in the power sector in his credit. In his long career, he has worked in planning & designing of distribution lines & transformers; construction, operation and maintenance of substations, and many other engineering fields. In his service life, he also contributed in reducing system loss and increasing revenue collection. He supervised and implemented various projects of BPDB of which the installation of world standard submarine cable for the first time in Bangladesh to connect Sandwip Island with the national grid via Sitakunda is worth mentioning. He served in various engineering posts before joining as the Member (Distribution) of BPDB.

He took part in many trainings and workshops at home and abroad, visited many countries as an official delegate.

He is also a Director of North West Power Generation Company Bangladesh Limited's Board.

In his personal life, Mr. Mottalib is married and blessed with two sons.

DIRECTORS' REPORT

46

"The government is very much optimistic to bring 1200 MW power from Matarbari Coal Fired Power Plant by 2024, as its construction progresses fast,"

- Nasrul Hamid, State Minister for Power, Energy and Mineral Resources.

Directors' Report

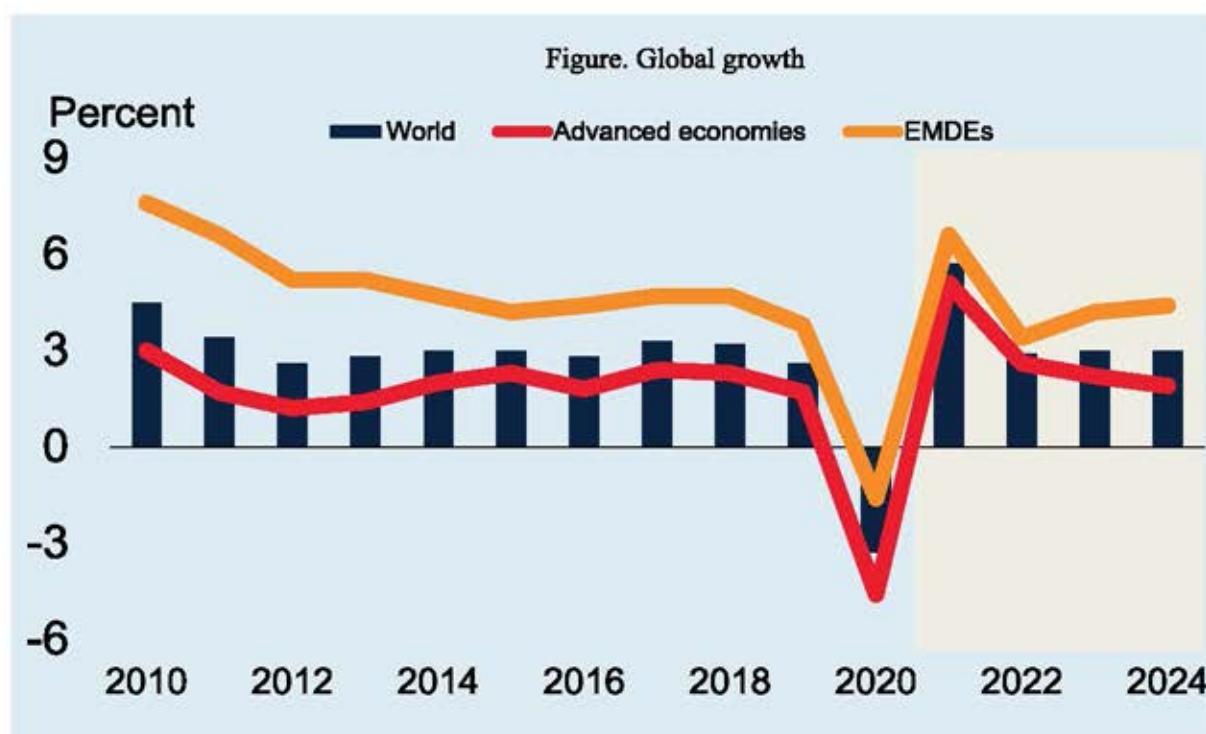

Hon'ble Shareholders,

On behalf of the Board of Directors, I would like to welcome you all to the 11th Annual General Meeting (AGM) of Coal Power Generation Company Bangladesh Limited (CPGCBL). On this momentous occasion, I have immense pleasure of submitting the directors' report and the company's audited financial statements for the fiscal year 2021-22.

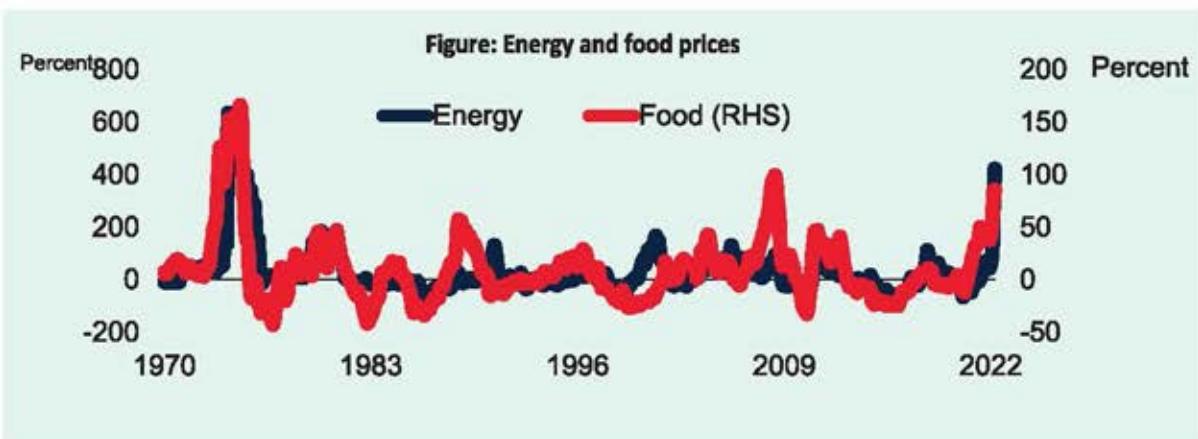

Global Economic Environment

While the global economy was recovering from the last two years' unanticipated impact of the COVID-19 pandemic, the Russia-Ukraine conflict that began on 24 February 2022 has started forming numerous adverse effects on the global economy. As a result, the global economy is experiencing yet another major negative shock. As an effect of this war the supply chain of fuel sectors are impeded. A sharp hike in the global commodity prices and sluggish economic activities is being observed as a result of this supply chain disruption. Amid surging commodity prices and supply disruptions, inflation has soared across the world. Global financial conditions have tightened and borrowing costs have increased, particularly in emerging market and developing economies.

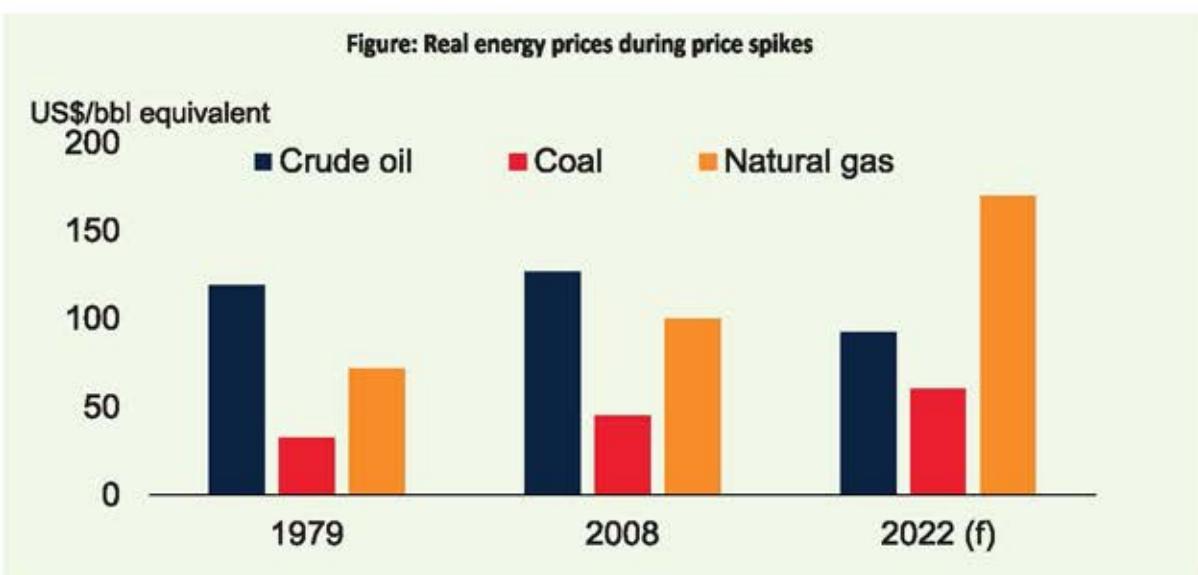

Indeed, the Russia-Ukraine crisis is repulsively obstructing the post-COVID recovery of the world economy. In the World Bank's Global Economic Prospect, June 2022, the global economic growth is projected to slow from 5.7 percent in 2021 to 2.9 percent in 2022 and average 3 percent in 2023-24, while growth was estimated 5.5 percent in 2021. In the World Economic Outlook (WEO) April 2022, International Monetary Fund (IMF) projected that the global economy will grow by 3.6 percent both in 2022 and 2023. The projections for 2022 and 2023 are 0.8 and 0.2 percentage points lower than in the January 2022 WEO update. Global growth is forecast to decline to about 3.3 percent over the medium term beyond 2023.

Source: Global Economic Prospects, June 2022 by World Bank

Source: Global Economic Prospects, June 2022 by World Bank

National Economic Environment

Bangladesh economy was growing consistently high over a decade crossing 7.0 percent milestone in FY 2015-16 and 8.0 percent milestone in FY 2018-19. However, the COVID-19 pandemic reduced the growth rate to 3.45 percent in FY 2019-20. Under the prudent leadership of the Honorable Prime Minister Sheikh Hasina Bangladesh successfully managed COVID-19 pandemic and returned to high growth trajectory. The economy grew by 6.94 percent in FY 2020-21. According to the provisional estimates of BBS, the GDP growth stood 7.25 percent in FY 2021-22, 0.05 percent higher than the target rate and 0.31 percent higher than the previous fiscal year. As the economic damages triggered by COVID-19

pandemic and aggravated by war in Ukraine, there are now two major challenges for Bangladesh. Firstly, usual price hikes in the international market and secondly, controlling imported inflation in the local market originating from the price hike in the international market. Besides commodity prices, prices of industrial raw materials, other consumer goods prices, and the cost of international transportation are also rising. Consequently, there is a pressure of imported inflation in the local market. A strong recovery in domestic demand on the receding COVID-19 pandemic and elevated global commodity prices pushed up inflation. The current account deficit widened on a sharp rebound in imports, despite strong export growth, that put pressure on the reserve of the country.

Figure: Gross Domestic Product of Bangladesh at Constant Prices (Base: 2015-16)

Source: Bangladesh Bureau of Statistics

The strengthening of Dollar against Taka is also one of the key reasons of Inflation as well as pressure on foreign reserve of our country. As the import cost of each country has increased due to inflation, the demand of dollar has risen too. On the other hand, the dollar circulation is decreasing due to the policy of dollar supply reduction of the USA. As a result, the dollar has strengthened against almost all currencies in the world.

Power and Energy Sector

In socio-economic development, industrialization and poverty alleviation, the role of power sector is immense. Electricity is the essence of any economy in both large infrastructure projects and improving the living standard of the individual household. Like many other emerging countries, it plays a pivotal role in the socio-economic growth of Bangladesh. In line with many other macroeconomic indicators, the country has experienced an unprecedented growth rate in this sector in the past decade.

Large-Scale socio-economic development activities have been undertaken for smooth implementation of the Master Plan, which was adopted by the present Government of Bangladesh for our transition to a Upper

Middle-income Country by 2031 and a High-income Country by 2041. It needs no further emphasis that, the demand for power and energy will gradually increase as we move on to implement the plan. One of the major goals of the government is to ensure high-quality power and energy resources in order to meet the rising demand. Government has prioritized the power sector right from the beginning and undertaken immediate, short, medium, and long-term plans to meet the increasing demand of electricity.

At present government has brought all its citizen under 100 percent electricity facility. This success is attributable to integrated generation, transmission and distribution approach followed by the government keeping in mind the commemoration of the Mujib Borsho.

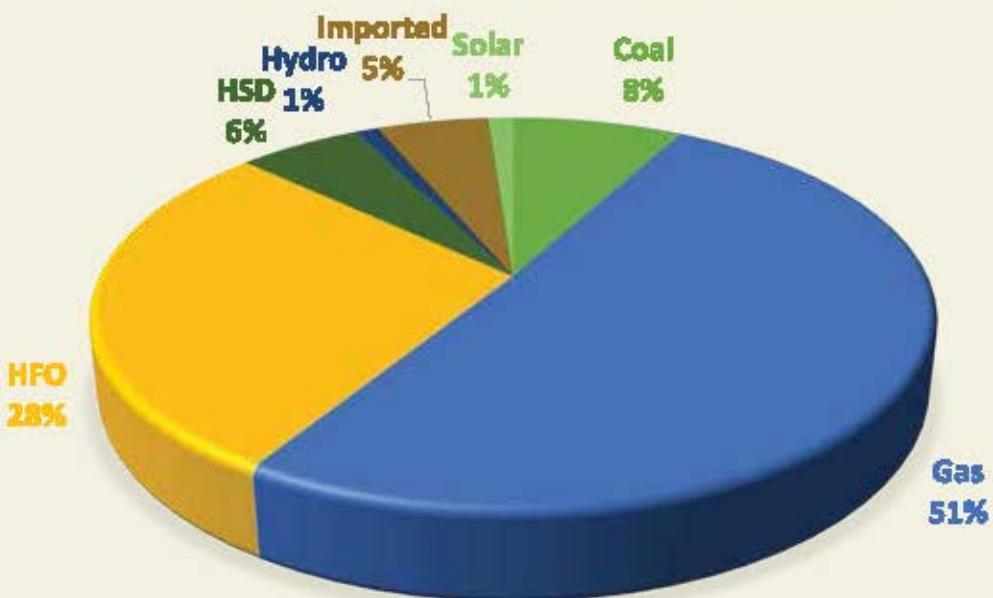

The installed generation capacity of the country has been increased to 25,730 MW including captive and renewable energy. Per capita power generation has increased to 608.76 kWh. The power distribution line has increased to 6.29 lakh km and the number of consumers has increased to 4.36 crore. The system loss has come down to 7.74 percent till September 2022. Fuel-wise installed capacity of the sector is given in the below table:

Installed Capacity of Power Sector

Fuel Type	Capacity (MW)	Percentage share (%)
Coal	1768.00 MW	7.85 %
Gas	11476.00 MW	50.98 %
HFO	6329.00 MW	27.92 %
HSD	1290.00 MW	5.73 %
Hydro	230.00 MW	1.02 %
Imported	1160.00 MW	5.15 %
Solar	259.00 MW	1.15 %
Total	22512 MW	100 %
Captive	2,800	
Off Grid Renewable	418	
Grand Total	23730 MW	

Source: BPDB (as on September 2022)

FUEL MIX SCENARIO FOR POWER GENERATION OF THE COUNTRY:

Source: BPDB (as on September 2022)

Power Generation Program and Future Plan

'Power System Master Plan 2016 (PSMPY)' has been prepared based on the availability of primary fuel supply for mitigating the growing demand of electricity and to provide the electricity for all by 2021. As per PSMP 2016, power generation capacity will be 40,000 MW by 2030 and 60,000 MW by 2041. In order to

secure the fuel supply, government has taken plan for fuel diversification. Electricity generation from gas/LNG, Liquid fuel, coal, nuclear, hydro, renewable energy and Import from neighboring countries has also included in this plan. As per this plan, coal, nuclear, gas/LNG based combined cycle power plant will be used as base load power plants.

Power Generation Future Plan

SL	Description	Year 2022 (Feb'22)	Year 2030	Year 2041
1	Installed Capacity (MW)	25730	40000	60000
2	Electricity Demand (MW)	15500	33000	52000
3	Transmission Line (Ckt. KM)	13017	27300	34850
4	Grid Substation Capacity (MVA)	55307	120000	261000
5	Distribution Line (KM)	619000	660000	783000
6	Per Capita Power Generation (KWh)	560	815	1475
7	Access to Electricity (%)	100%	100%	100%

Our Success in Power Generation

At present, 34 Power Plants with a capacity of 13,530 MW are under construction. Considering the availability of land, energy transportation facilities and load centers, mega projects are being implemented at Payra, Maheshkhali and Matarbari, transforming the region as a power hub. Among them, the commercial production of 1,320 MW thermal power plant at Payra has been inaugurated by the Honorable Prime Minister recently. On the other hand, construction of Rampal 1,320 MW coal-based Maitri Super Thermal Project, Matarbari 1,200 MW ultra-super critical coal project is running in full swing. 2,400 MW nuclear power plant project is under implementation at Rooppur. Moreover, around 780 MW of electricity is being generated from renewable energy sources. With a view to generating 10 percent of country's total demand from renewable energy, emphasis has been laid on solar power generation. With the implementation of these projects, it will be possible to ensure quality electricity supply to all in coming days.

Coal Power Generation Company Bangladesh Limited in Power Sector

Coal has been a comparatively cheaper fuel for electricity generation worldwide. Bangladesh has opted not to extract its own coal available in the northern districts but has decided to use imported coal for power generation. Due to logistical constraints, coal power plants will face difficulties in importing coal for power generation at a 'cheaper' price. The impediment is linked to the absence of deep-sea port and large coal import vessel movement restrictions due to the shallow depth of the existing port channels. As a result, small ships are to be used for coal imports in the country (involving multiple transhipments and high handling costs), imported coal becomes costly. If the coal power plant location is away from the ports, the cost of coal imports for the plant will become

costlier. In order to address this complication, Coal Power Generation Company Bangladesh Limited (CPGCBL) was established in 2011 and the commercial operation date of the first power plant of CPGCBL is in early 2024. Nevertheless, CPGCBL is planning to implement 500-600 MW LNG Based Combined Cycle Power Project and 50 MW Grid-Tied Solar Power Project at Matarbari.

The prime initiative of Coal Power Generation Company Bangladesh Limited (CPGCBL) is to construct a 2x600 MW Ultra Super Critical Coal Fired Power Plant at Matarbari in Maheshkhali Upazila of Cox's Bazar District. This project includes deep-sea port facilities such as the 18.5MSL, 14.3km long, and 350m wide Matarbari Channel, as well as the construction of jetty and coal handling facilities for coal import, coal storage, power plant construction, township development, rural electrification, transmission facility construction, and road communication. Environmental and Social Impact Assessment (ESIA) and Feasibility Study of this project were conducted in the year 2013-2014. A loan agreement between the Government of Bangladesh & Japan International Cooperation Agency (JICA) was signed on 16th June, 2014. The estimated project cost as per approved Revised Development Project Proposal (RDPP) is Tk. 51,854.88 crore, among which Tk. 7,933.85 crore is from Government and CPGCBL's fund, rest amount Tk. 43,921.03 crore as Project Aid from JICA. Implementation of this project will increase electricity generation, create employment opportunities and develop skilled manpower through transfer of modern technology. CPGCBL has a joint venture with Mitsui & Co. Ltd., Japan for 500-600 MW LNG based Combined Cycle Power Plant project. Besides, as per advice of power division, CPGCBL is seeking to setup power generation project based on renewable energy and Combined Cycle Power Plant.

Financial Position in the FY: 2021-22

In the financial year 2021-22, the Company's financial position was as follows:

Figures in Million Taka

Particulars	FY 2021-22	FY 2020-21	% Change
Total Assets	270,052	190,252	41.94%
Total Liabilities	112,420	79,026	42.26%
Total Equity	157,632	111,226	41.72%
Net Fixed Assets	269,512	189,659	42.10%
Current Assets	541	594	-8.92%
Current Liabilities	1,523	908	67.73%

In the financial Year 2021-22 total assets of the company increased by 41.94% while total liabilities Increased by 42.26% compared to the previous year. Total equity & net fixed assets increased by 41.72% and 42.10% respectively.

Figure: Financial Position of CPGBCL

During the Period, the Company received fund from GOB & JICA are as follows:

Figures in Crore Taka

Particulars	Equity	Loan	Total
(a) Fund from JICA	4,213.40	2,808.93	7022.33
(b) Fund from GOB	416.15	277.43	693.58
(c) Grand Total (a+b)	4,629.55	3,086.36	7715.91

Figure: Percentage of fund (JICA & GoB)

Current Projects of CPGCBL

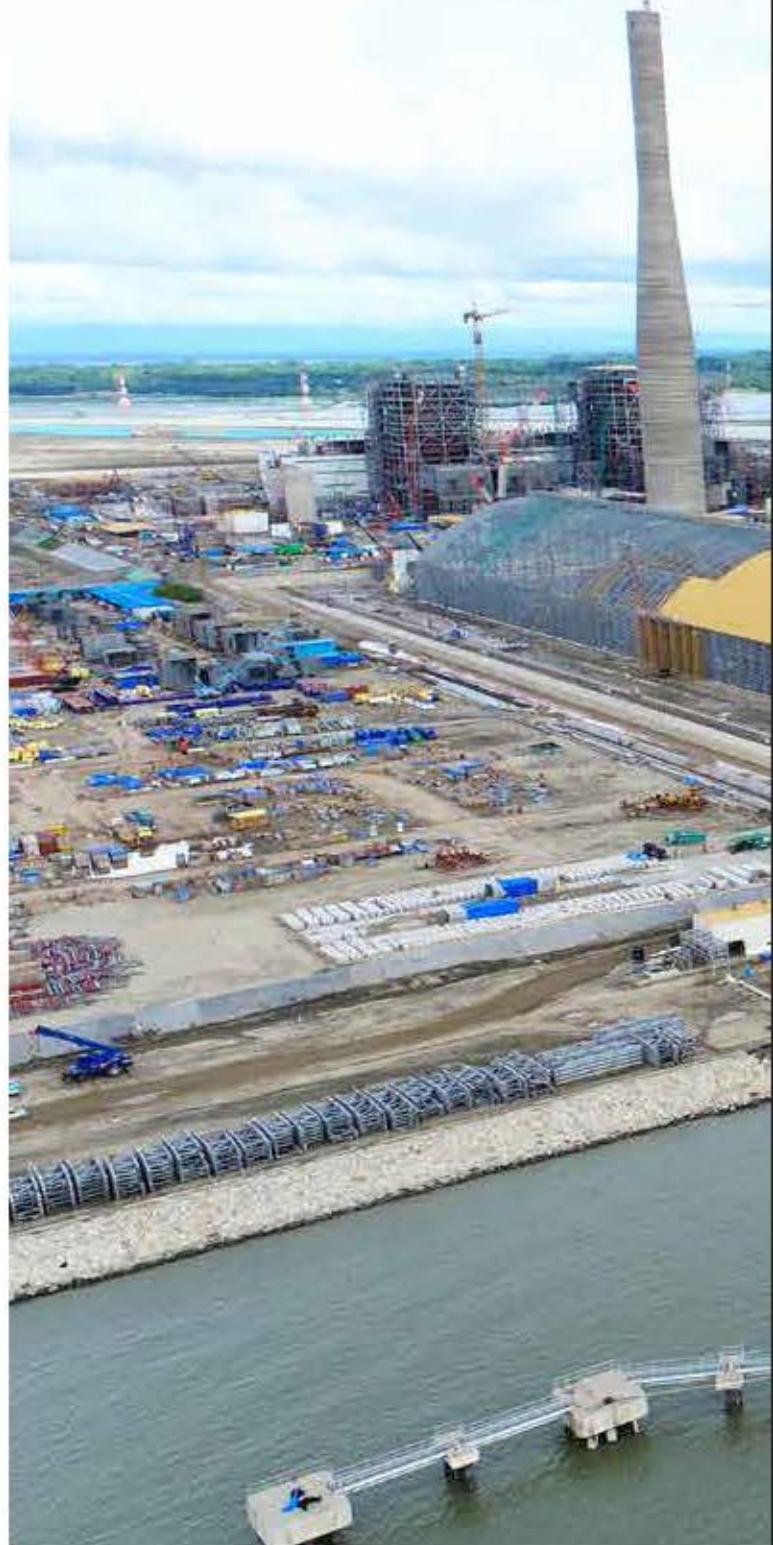

1. Matarbari 2x600 MW Ultra Super Critical Coal Fired Power Plant Project (Phase 1) Progress

Hon'ble Prime Minister of the People's Republic of Bangladesh Sheikh Hasina laid down the Foundation Stone of Matarbari 2x600 MW Ultra Super Critical Coal Fired Power Plant on 28th January, 2018. Hitherto, 14.3 Kilometer long, 350 Meter wide and 18.5m MSL deep approach channel to the port, Land development of the port and power plant area through DMM and PVD technology, 132 kV Chakaria-Matarbari transmission line (Single circuit) and Matarbari 132/33 kV sub-station a vital part of the project which has brought Matarbari and Dhalighata union under electricity coverage have been constructed. Construction of Sea Wall, Revetment and Sediment Mitigation Dyke and all necessary facilities have also been completed.

In this fiscal year 2021-22 construction of boiler foundation works, STG 1 & 2 foundation, GIS (civil parts), 275m height chimney, widening works of dredged channel (250 m to 350 m), construction of coal & oil unloading Jetty have been completed. The hydrostatic test of Boiler (Unit 1) and Auxiliary Boiler has been done on

September 2022 and December 2022 respectively. Boiler 1 & 2 erection works, ESP and FGD erection works, turbine and generator installation works, other BOP facilities installation works and coal yard construction works are ongoing against power plant work. Moreover, dredging works are completed and security fence installation and embankment works are ongoing against port work. Beside that Slope Protection works (Retaining Walls) construction works are ongoing.

At the end of this fiscal year, overall cumulative physical progress was 61.2% and at present (November 2022) overall cumulative physical progress is 69.26%.

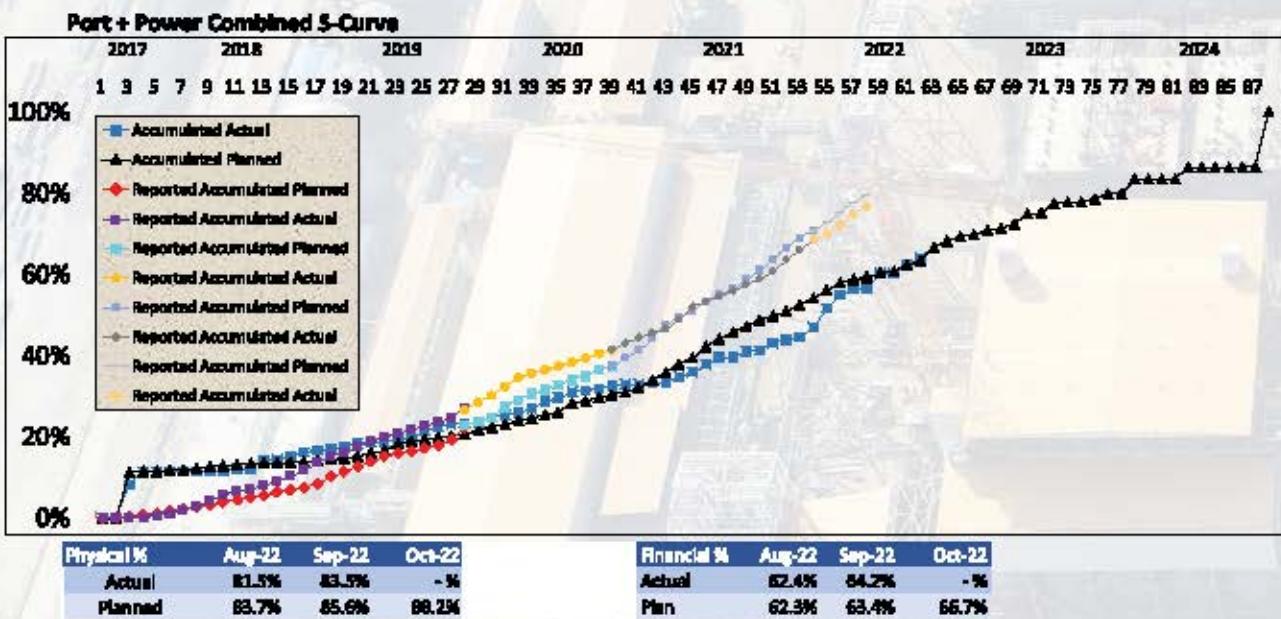

Salient Features of Matarbari 2x600 MW Ultra Super Critical Coal Fired Power Plant Project (Phase 1)

Development Partner	Japan International Cooperation Agency (JICA)
Total Project Cost	51,854.88 Crore Taka (GoB fund: 6,406.16 Crore; Project aid: 43,921.03 Crore and Own 1,527.69 crore taka)
Plant Capacity	1200 MW (2x600 MW)
Boiler Technology	Ultra-Supercritical
Overall Cumulative Physical Progress	61.2% in June 2022 69.26% in November 2022
Commercial Operation Date	1 st Unit: January 2024 2 nd Unit: July 2024

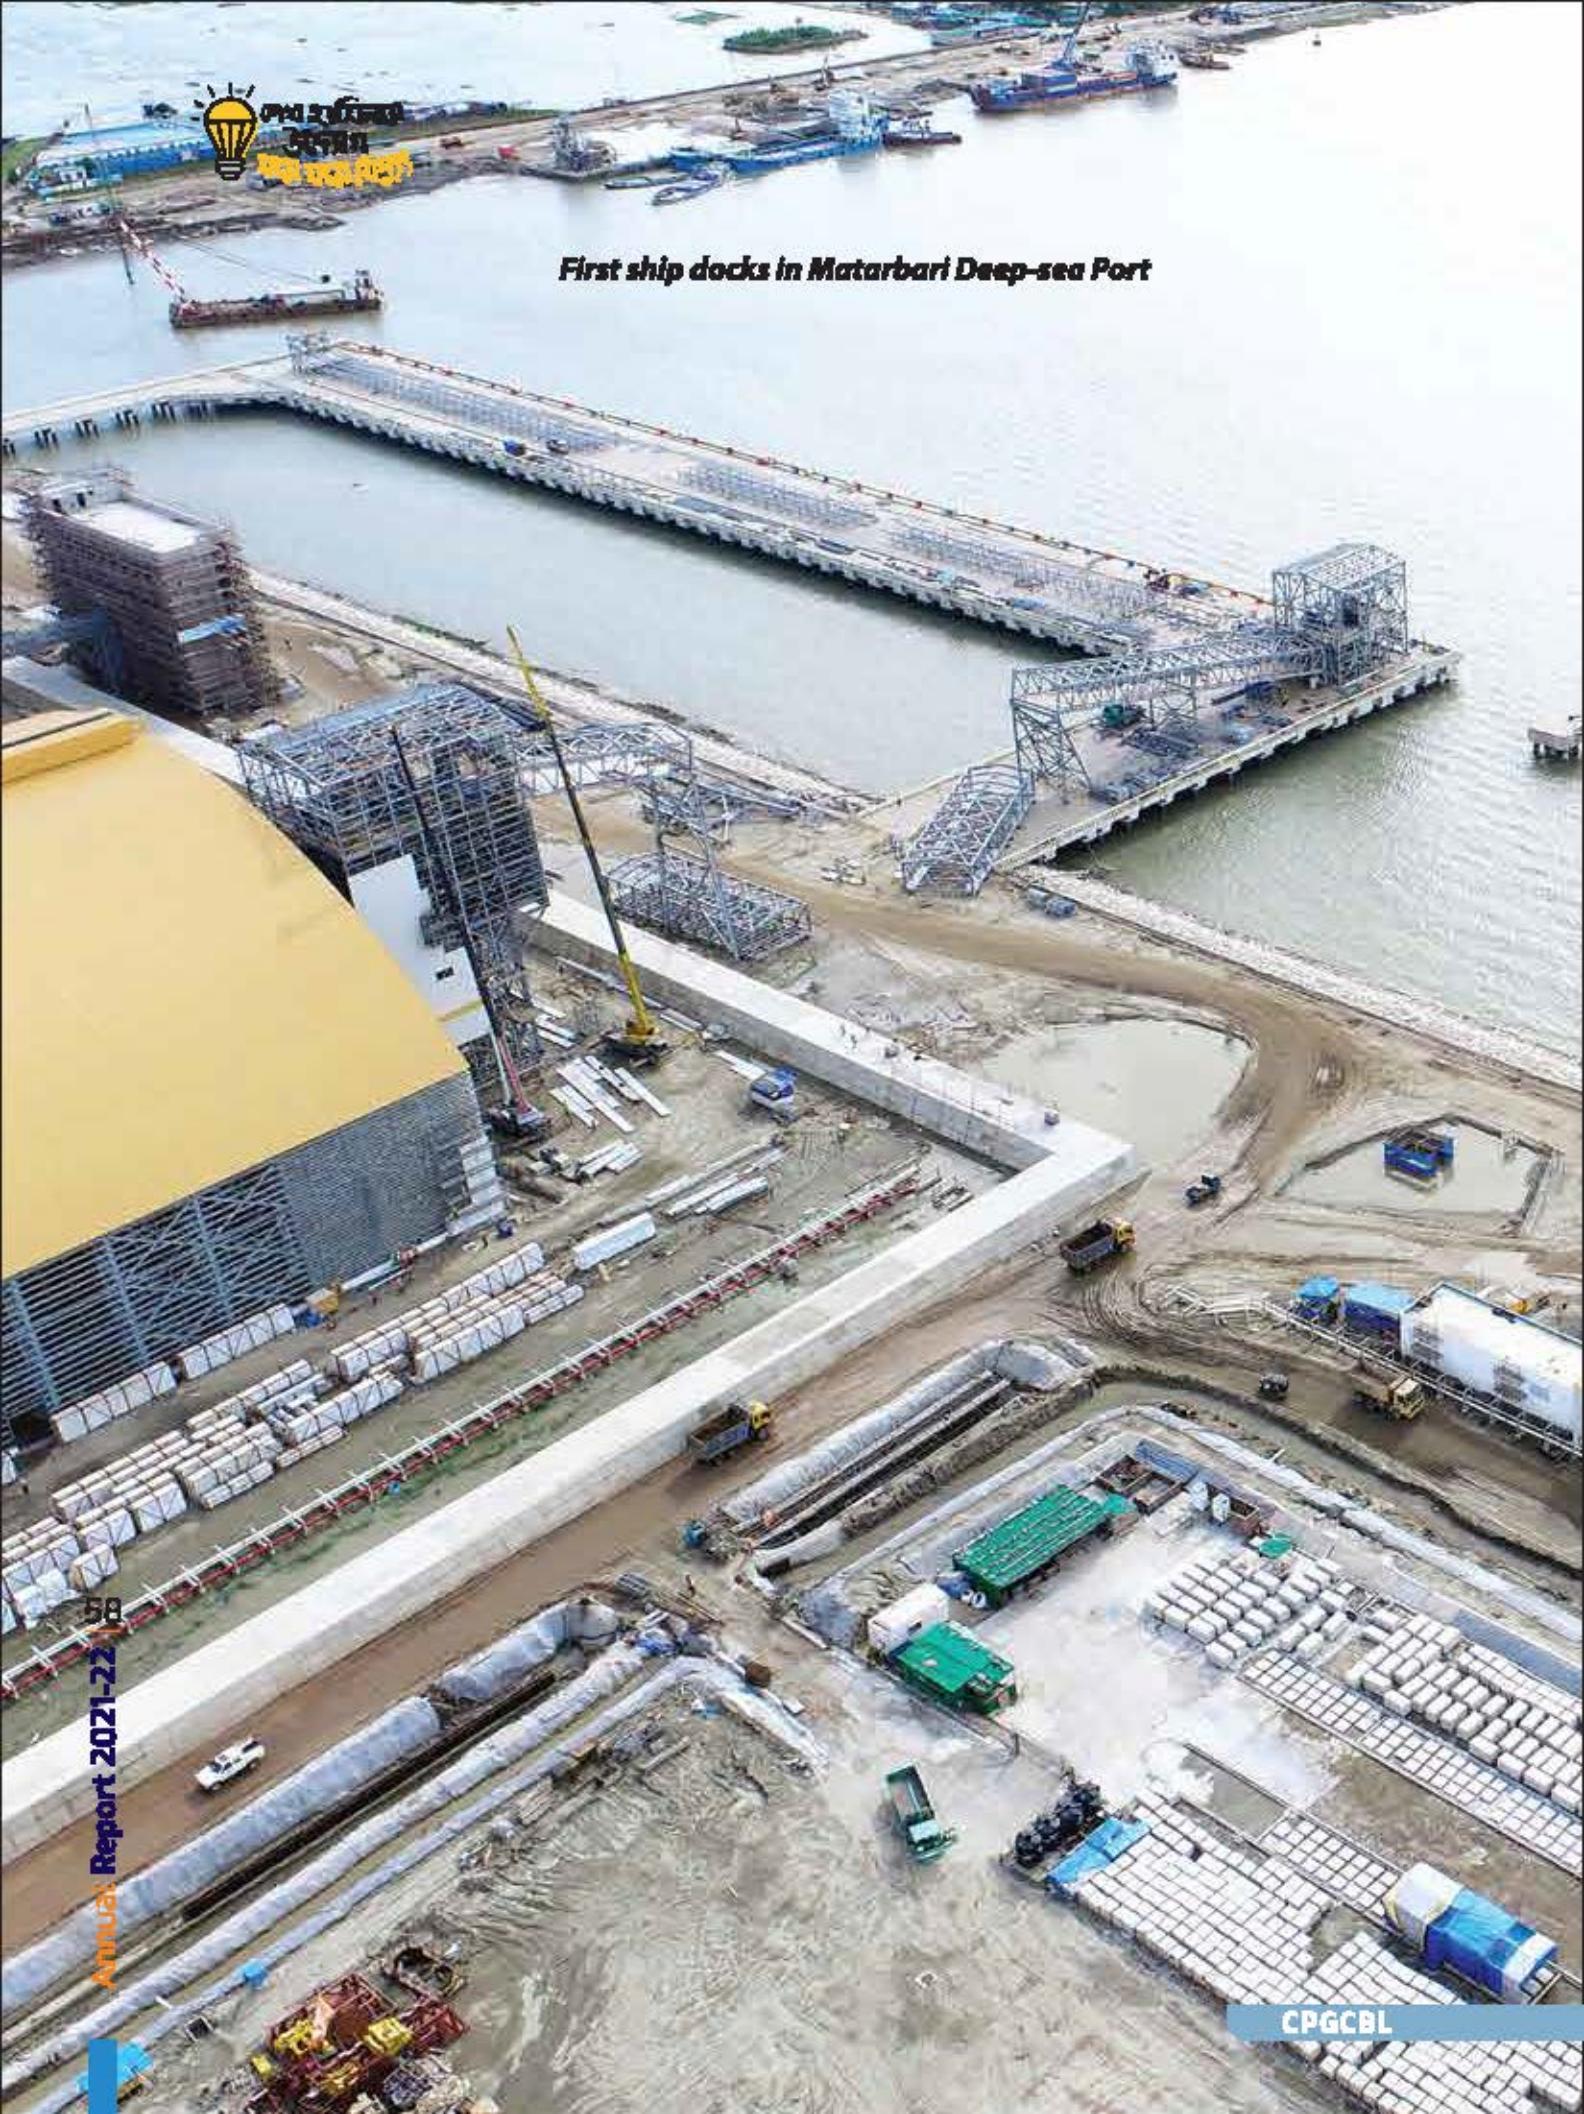

S-Curve for Overall Project

Bird's Eye View of the Power Block Area

First ship docks in Matarbari Deep-sea Port

Matarbari Deep-sea Port

The idea of the Deep-sea port in Matarbari was conceived after the government started a coal based power plant project in the area, as a wider channel and a port would be required to bring in the fuel for the plant. As the Export and Import activities have significantly increased in recent years, the country needs a deep-sea port to support the growing international trade and the

economy. Matarbari Deep Sea Port is being constructed by Chattogram Port Authority (CPA).

Matarbari Approach Channel, a part of the Matarbari Deep Sea Port, has been constructed by CPGCBL under Package 1.2 of Matarbari Ultra Super Critical Coal Fired Power Project. The approach channel is 14.3-kilometer long with the width of 350 meter (Initially the width was 250m) and depth of -18.5m MSL.

The first Mother Vessel was moored at the Oil and Heavy Equipment Jetty of Matarbari Power Project on 29 December 2020 which was marked as a historical event in Bangladesh. Since then, more than 100 Mother Vessel has arrived at the jetties of Matarbari Power Project carrying the goods, equipment and materials of the project.

1.1 Milestones of Matarbari 2x600 MW Ultra Super Critical Coal Fired Power Plant Project:

S/N	Activities	Target	Achievement
01	DPP (Development Project Proposal) Approval	31 March, 2013	12 August, 2014
02	EIA Report Approval of Matarbari USCFPP	31 October, 2013	10 October, 2013
03	Subsidiary Loan Agreement with GoB	April, 2014	28 July, 2015
04	Issuance of Request for Proposal to Select Consultant	April, 2014	8 May, 2014
05	Signing Loan Agreement with JICA	16 March, 2014	06 June, 2014
06	Land Acquisition	-	14 August, 2014
07	Selection of Consultant (MJVC)	October, 2014	7 January, 2015
08	Issuance of Final Bid Document for EPC Selection	March, 2016	24 March, 2016
09	EPC Selection	April, 2017	27 July, 2017
10	EPC Contract Signed	-	27 July, 2017
11	Commencement of EPC Works	-	22 August, 2017
12	Unit-1: Piling Works start of the Boiler	07 April, 2020	05 March, 2020
13	Successful completion of first coal storage yard pile		28 February, 2021
14.	Unit-1: Boiler Pressure Parts Erection Start		20 Sep/21
15.	Unit-1: Generation on Base (U-1)		11 Feb/22
16.	Unit-2: Boiler Parts Erection Start		11 March/22
17.	Turbine on Base (U-1)		19 March /22
18.	Boiler (Unit 1) Hydrostatic test		15 September 2022
19.	Commercial Operation (Unit 1)	January, 2024	
20.	Commercial Operation (Unit 2)	July, 2024	

132 KV Chakaria–Matarbari transmission line (Single circuit) and Matarbari 132/33 KV sub-station have been constructed for power supply during power plant construction phase and rural electrification of that locality.

Moreover, rural electrification is a great part of the project which has brought Matarbari and Dhalghata union under electricity coverage.

Civil ongoing Construction Works

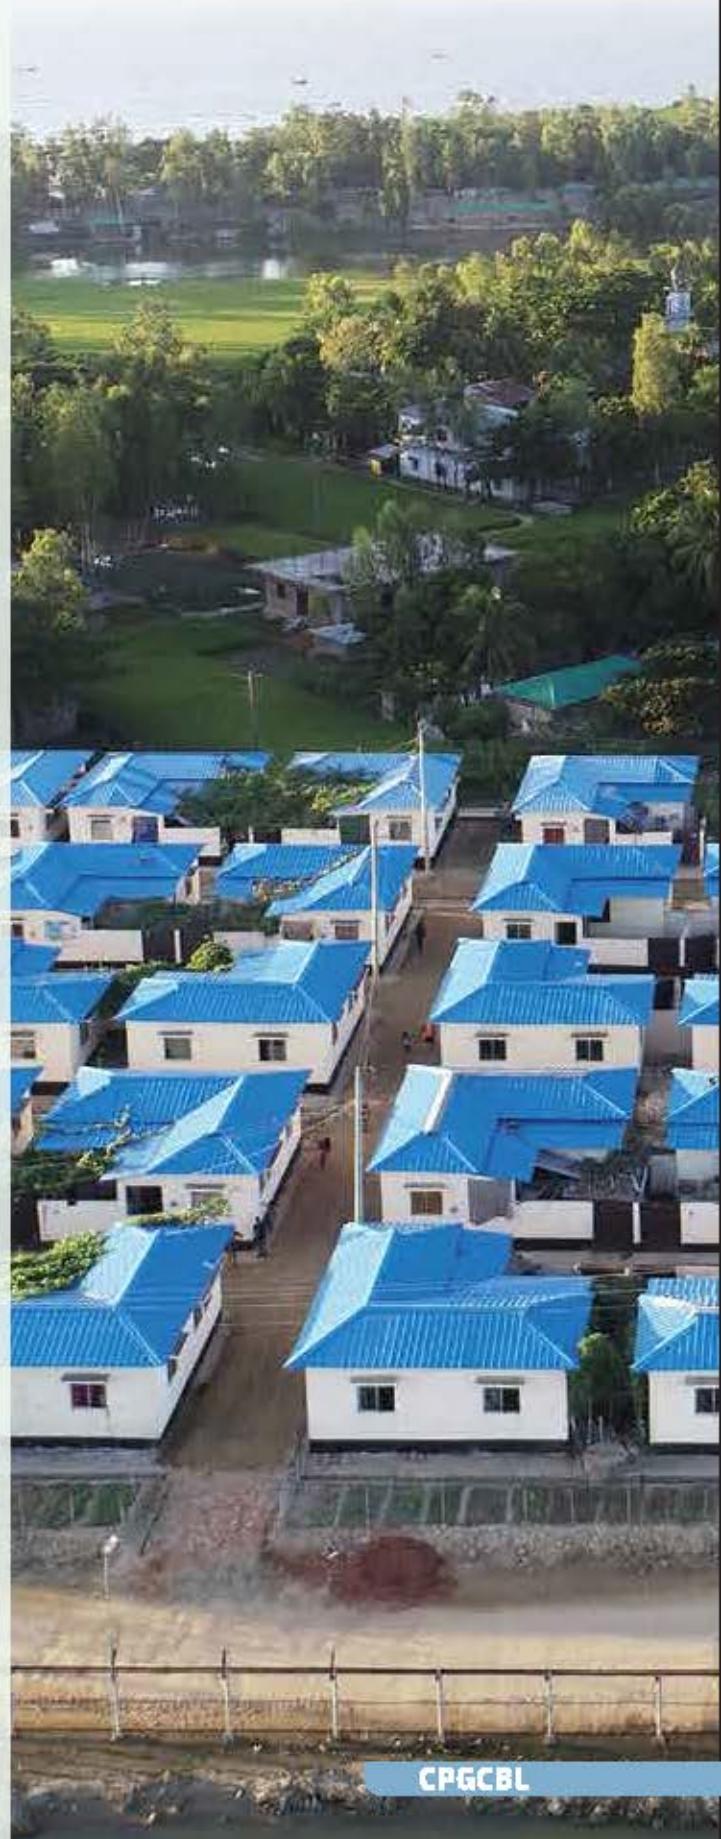

1.2 Resettlement Program

Coal Power Generation Company Bangladesh Limited (CPGCBL) is committed to help the people affected by its power plant projects due to acquisition of land and has been making all its efforts to improve the socio-economic status of the project affected persons. In order to meet its social objectives, CPGCBL has developed a comprehensive Resettlement Action Plan (RAP) to address the resettlement issues of the people who are affected by the project. For implementing this resettlement action plan, an NGO has been engaged to conduct census and socio-economic survey for the project affected households and persons. CPGCBL Board has approved the Entitlement Matrix and estimate for the implementation of the resettlement action plan for the project affected persons. CPGCBL has started the training programs for project affected persons. Up to June 2022, a total number of 2205 project affected individuals have been compensated as top-up and one-time assistance according to the approved Entitlement Matrix. Within this time 940 Labors have received compensation. Moreover, land development and house construction for squatters (land less family/ illegal habitation on the embankment of Bangladesh Water Development Board) have already been completed. Until June 2022, the overall progress of the resettlement program is 95.33%. Due to step-by-step payment from Cox's Bazar DC office, the number of Entitled Persons increase time to time.

1.3 Ultra Super Critical (USC) Technology

In line with the world's commitment, Bangladesh is implementing eco-friendly ultra-supercritical technology-based coal power plants to reduce the carbon level. In Matarbari 1200 MW Coal Fired Power Plant, Ultra Super Critical technology will be used. Though Ultra Super Critical (USC) power plant has relatively higher construction cost, its efficiency is higher relative to sub-critical technology-based power plant. These types of plant have efficiency range from 38% to 42.5% where a sub-critical plant has efficiency up to 36%. That's why a USC coal-based power plant requires less coal to generate the same amount of power than a sub-critical coal fired power plant. As the coal consumption is low at a USC coal fired power plant, the amount of CO₂, SO_x, NO_x etc. emission is relatively low. In this regard, categorically we can say, USC coal power plant is environment friendly.

Aerial View of constructed resettlement houses for the Squatters

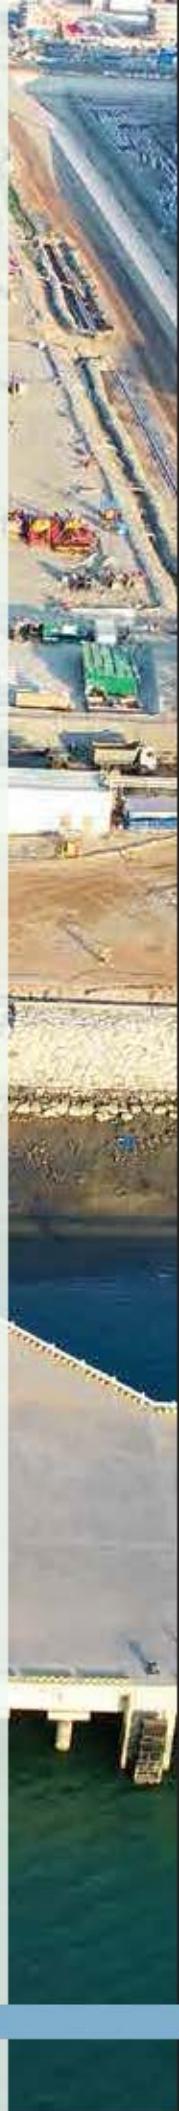

1.4 Clean Coal Technology

Environment friendly Clean Coal Technology will be implemented in Matarbari 2x600 MW USC Coal Fired Power Plant. Low-NOx (nitrogen oxide) burners reduce the creation of nitrogen oxides during the combustion process. Flue gas desulfurization (FGD) process will be used to remove oxides of Sulfur (SOx) from exhaust flue gas. Electrostatic precipitators (ESP) remove very small particulates from flue gas by charging particles with an electrical field and then capturing them on collection plates.

1.5 Security at Matarbari Project Site

CPGCBL has taken the required initiatives to ensure the security of the Matarbari project area and the personnel involved with the project. Firstly, a detailed security survey has been conducted over the total project area and security measures have been taken as per the recommendation of the security survey report. A sufficient number of police, Ansar, Battalion Ansar, Navy, and Coast-Guard members are stationed at the project site to ensure its security. In addition, modern security devices (i.e., Binoculars, Walkie-Talkie, Metal detector, CCTV) are provided to the security personnel. To coordinate the security activities, CPGCBL's own Security Officials are appointed. Four-wheeler vehicles and speed boats have been provided for security patrolling inside the project area; the surrounding river/sea and to facilitate the security patrolling, 6 peripheral roads have been constructed around the project area. To prohibit unauthorized entry into the project area, chain-link fencing with barbed wire at the top has been constructed surrounding the project area. Security camp/ check post/ watchtower have been constructed by CPGCBL at different points of the project area and CCTV surveillance system has been installed at the site office and the surrounding area to enhance the overall security of the area.

Oil & Heavy Equipment Jetty

500-600 MW LNG Based Combined Cycle Power Project

Coal Power Generation Company Bangladesh Limited (CPGCBL) and Mitsui & Co. Ltd., Japan are seeking to develop jointly imported LNG based gas-fired combined cycle power plant with an approximate capacity of 500MW to 600MW at Matarbari Union, Maheshkhali Upazila of Cox's Bazar. In this regard, a Memorandum of Understanding (MoU) was signed between CPGCBL and Mitsui & Co. Ltd, Japan on 8th November, 2017. This plant will be established within the acquired land of Kohelia 700 MW USC Coal Fired Power Project. The Development Project Proposal (DPP) for "To Conduct Feasibility Study for Installation of 500-600 MW LNG Based Combined Cycle Power Plant along with Gas Transmission Line Construction" was approved on 30th October 2018. In order to conduct Environmental and Social Impact Assessment (ESIA) study and Technical Feasibility Study (TFS) contracts have been signed with Environmental Resources Management (ERM), Japan and Tokyo Electric Power Services Co. Ltd. (TEPSCO), Japan respectively in February, 2019. TEPSCO, Japan has already completed the Final Feasibility Study Report and was approved by CPGCBL Board. Also, all the activities of ESIA study are ongoing. Authority appointed MUFG Bank Ltd for Financial Advisory Services (FAS). Furthermore, CPGCBL has already deposited money to DC office, Cox's Bazar for Land necessary for construction of Gas Pipeline associated with this project.

Upcoming Projects

Renewable Energy Projects

The Government of Bangladesh has set a target of generating 10% of total electricity from renewable energy by 2025 as per the 8th Five Year Plan (2021-25). Moreover, SREDA has taken initiative to prepare the National Solar Energy Road Map 2021-2041. According to the draft report, the Target of Energy Generation through RE will be 6,000 MW by 2041. In this regard, the

Power Division sets a target for CPGCBL to Implement 100 MW Wind Power and 50 MW Solar PV Power Project.

(a) Wind Power

CPGCBL has already completed the Feasibility Study for the installation of Wind Farm in Matarbari Island by A Joint venture Company of TUV-SUD Bangladesh Pvt. Ltd and AWS True power, India.

There are plans to build a wind power station on the embankment under construction around the Matarbari power project by CPGCBL. Once the construction of the dam/Embankment is completed, the project will be implemented.

(b) Solar Power

As per decision of power division, CPGCBL has taken initiative to implement a 50 MW capacity Solar Power Plant in Matarbari Mouza of Moheshkhali Upazilla in Cox's Bazar near Matarbari 2x600 MW USC CFPP. The PDPP of the project titled "50 MW Grid-Tied Solar Power Project at Matarbari, Cox's Bazar" has been approved by the Planning Commission. ERD requested multilateral Development Partners to finance the project.

Coal Transshipment Terminal (CTT)

For the convenience of coal supply for the Coal based Power Plants at different region of Bangladesh owned by different authorities, CPGCBL has set a plan for establishing a Coal Transshipment Terminal (CTT) in Dhalghata Mouza of Moheshkhali Upazilla. The administrative approval for the acquisition of 327 acres of land has been given by the Power Division, Ministry of Power, Energy and Mineral Resources. Bangladesh Economic Zone Authority (BEZA) has already planned to allocate 43.32 hectares (107.04 acres) land for construction of CTT (1st Phase). In this regard, necessary initiatives are being taken by CPGCBL. PDPP of the Project titled "Construction of Coal Trans-Shipment Terminal (CTT) at Matarbari, Cox's Bazar" has been approved by the planning Commission.

Board of Directors of CPGCBL

There are 12 distinguished Directors in CPGCBL Board for supervising and policy making including two independent directors, one is from apex body of business community (FBCCI) and another one is from University of Dhaka specialized in accounting and finance and also having affiliation of the professional body (ICMAB). The Managing Director of CPGCBL is 'ex-officio Director' of the Board.

In this financial year (FY 2021-22) and till now, CPGCBL Board has been reformed due to (03) three changes in honorable director's positions. These changes occurred because of change in the honorable director's professional

responsibility. Engr. Md. Belayet Hossain, Chairman, Bangladesh Power Development Board and Md. Abdus Sattar, Joint Secretary, Ministry of Shipping have retired from their service. Mr. Ramendra Nath Biswas has been appointed as the Rector of Bangladesh Public Administration Training Centre. Subsequently, Mr. Md. Mahbubur Rahman, Chairman, Bangladesh Power Development Board; Md. Tofael Islam, Joint Secretary, Ministry of Shipping and Mr. Mohammad Saiful Islam, Additional Secretary, Ministry of Finance have been appointed as director with the advice of Power Division.

Fig: Board Meeting of CPGCBL

Election of Directors

In pursuance to section 91(2), (schedule 1: section 79,80,81) of Companies Act 1994 and Article 115,116 and 117 of Articles of Association of the Company, Engineer A.M.

Khurshedul Alam, Md. Sayed Kutub, Md. Tofael Islam and Barrister Moin Ghani will retire from the Board at this 11th Annual General Meeting and they are eligible to offer themselves for re-election.

Directors Meeting and Their Gracious Appearance

A total number of 08 (Eight) Board Meetings were held during this fiscal year (FY2021-22). The record of honorable directors' gracious presence is given below:

S/N	Directors	Meetings held (within their tenure)	Presence
01.	Md. Habibur Rahman Secretary Power Division	8	8
02.	Md. Mahbubur Rahman Chairman Bangladesh Power Development Board	4	4
03.	Engr. A.M. Khurshedul Alam Chief Executive Officer NWPGCL	8	8
04.	Mr. Mohammad Saiful Islam Additional Secretary Ministry of Finance	4	4
05.	Mr. Md. Abdus Sattar Additional Secretary (P.R.L)	8	8
06.	Md. Nasir Uddin Tarafder Joint Secretary Company Affairs, Power Division	8	8
07.	Mr. Md Sayed Kutub Joint Secretary Ministry of Civil Aviation and Tourism and Former Member (Admin) Bangladesh Power Development Board	7	6
08.	Mr. Golam Kibria Managing Director, PGCB	8	8
09.	Dr. Monowara Hakim Ali Director and Former 1st Vice President FBCCI, Dhaka	8	7
10.	Barrister Moin Ghani Advocate Supreme Court of Bangladesh	8	7
11.	Tanzina Haque Professor, Department of Accounting & Information System, Faculty of Business Studies, DU	8	8
12.	Md. Abdul Mottalib Managing Director, CPGCBL	8	8

VARIOUS BOARD COMMITTEES

In order to get assistance in discharging board's functions, the board has constituted 4 (four) standing committees according to Article 136 of Articles of Association of the company. The Board Committees are responsible for reporting to the Board on the committee's work. The committees are as follows:

- (a) Administrative Affairs Committee
- (b) Audit & Finance Committee
- (c) Legal Affairs Committee
- (d) Technical & Engineering Committee

(a) Administrative Affairs Committee

The major responsibilities of this committee are to provide valuable recommendations to the board regarding administrative matters of the company. The Committee met 02 (two) times in the fiscal year 2021-22.

The committee consists of the following Board Directors:

1 Md. Habibur Rahman Secretary Power Division, MoPEMR	Convener
2 Engineer Md. Mahbubur Rahman Chairman Bangladesh Power Development Board	Member
3 Md. Sayed Kutub Joint Secretary Ministry of Civil Aviation and Tourism and Former Member (Admin) Bangladesh Power Development Board	Member
4 Md. Nasir Uddin Tarafder Joint Secretary Company Affairs, Power Division.	Member
5 Mr. Md. Abdul Mottalib Managing Director CPGCBL	Member

(b) Audit & Finance Committee

The major responsibility of this committee is to address crucial accounting and financial matters of the company and provide recommendations. The Committee met 05(five) times in the fiscal year 2021-22.

The committee consists of the following Board Directors:

1	Ms. Tanzina Haque FCMA Professor Department of Accounting & Information System, Faculty of Business Studies University of Dhaka.	Convener
2	Mr. Mohammad Saiful Islam Additional Secretary Ministry of Finance	Member
3	Mr. Md. Sayed Kutub Joint Secretary Ministry of Civil Aviation and Tourism and Former Member (Admin) Bangladesh Power Development Board	Member
4	Dr. Monowara Hakim Ali Director and Former 1st Vice President FBCCI, Dhaka	Member

(c) Legal Affairs Committee

The major responsibilities of this committee are to provide valuable recommendations considering legal issues of the company. The Committee met twice in the fiscal year 2021-22.

The committee consists of the following Board Directors:

1.	Barrister Moin Ghani Advocate Supreme Court of Bangladesh	Convener
2.	Dr. Monowara Hakim Ali Director and Former 1st Vice President FBCCI, Dhaka	Member
3.	Mr. Md. Tofael Islam Joint Secretary Ministry of Shipping	Member
4.	Mr. Md. Abdul Mottalib Managing Director CPGCL	Member

(d) Technical & Engineering Committee

The major responsibilities of this committee are to consider all the important engineering and technical issues of the company and give advice based thereon. The Committee met 05 (Five) times in the fiscal year 2021-22.

The committee consists of the following Board Directors:

1	Engineer Md. Mahbubur Rahman Chairman Bangladesh Power Development Board	Convener
2	Engr. A.M. Khurshedul Alam Chief Executive Officer North-West Power Generation Co. Ltd.	Member
3	Mr. Golam Kibria Managing Director Power Grid Company of Bangladesh Limited	Member
4	Mr. Md. Abdul Mottalib Managing Director CPGCBL	Member

Innovation of CPGCBL in this fiscal year

CPGCBL's E-Service Software (To Preserve Office Orders)

Coal Power Generation Company Bangladesh Limited (CPGCBL) circulates various office orders among the employees. This purpose was being served by supplying printed copy or email copy or providing copy in e-nothi system. None of the mentioned methods is not centralized and is not suitable for further use after long interval. In order to preserve different office orders, category wise circulars "CPGCBL's E-Service Software (To Preserve Office Orders)" was implemented. Now, we can find desired orders, circulars in more convenient way.

Pros of "CPGCBL's E-Service Software (To Preserve Office Orders)"

- ✓ Different office orders, circulars can be found easily.
- ✓ Information can be preserved for long time.
- ✓ Information uploaded in the system which can be retrieved anytime.
- ✓ Confidential orders can be uploaded and viewed by only permitted users.
- ✓ Information can be shared among employees in real time.
- ✓ Information gap between corporate office and site office has been resolved.
- ✓ Implementation of paperless office will be easier.

Human Resource Management (HRM)

Department overview

The Human Resource department is led by a management team that oversees the core business functions of HR i.e. workforce planning and development, labour relations and HR advisory services, compensation and benefits, and employee safety, health, and well-being. We deliver our services, programs, systems and policies in the spirit of the corporate values, following applicable laws, regulations and contractual agreements. We support a transparent and collaborative work environment

HR Vision

Yearn to amplify a diverse and engaged workforce to lead CPGCBL to the excellence

HR Mission

- ✓ To serve as an effective department by providing efficient and solution-focused services for the stakeholders;
- ✓ Dedicated to attracting, developing, rewarding and retaining a talented and diverse workforce;
- ✓ To support the company's mission of fostering excellence in Power Generation.

Employee information in CPGCBL

CPGCBL being a newly established organization and tentative COD of "Matarbari 2x600 M.W USC Coal Fired Power Project" is January, 2024 employees of different divisions are recruited in different phases and that will be continued until commissioning. Recruitment and employee related information of the last 02 (two) FY years is as below:

Description	FY: 2020 -2021			FY: 2021-2022		
	Officers	Staff (Casual)	Total	Officers	Staff (Casual)	Total
Number of Employees (Contractual)	76	54	130	85	62	147

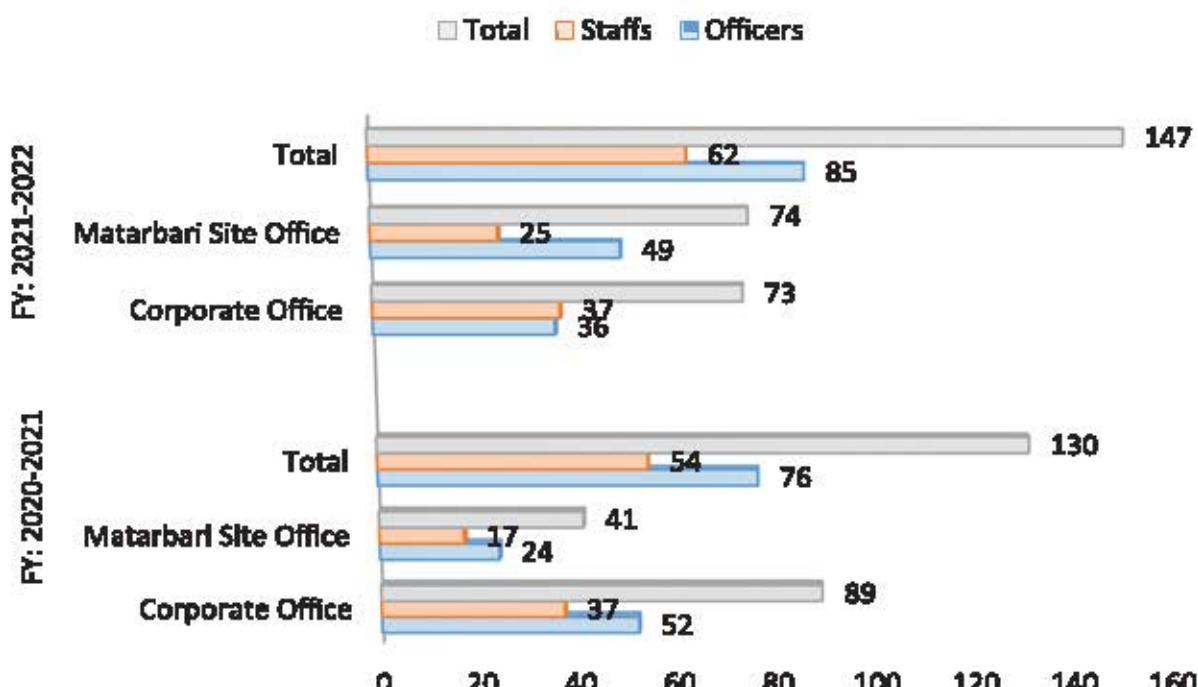

Employees Information of CPGCBL

Employee Information (By Office):

Description	FY: 2020 -21			FY: 2021-22		
	Corporate Office	Matarbari Site Office	Total	Corporate Office	Matarbari Site Office	Total
Officers	52	24	76	36	49	85
Staffs	37	17	54	27	25	62
Total	89	41	130	63	74	147

EMPLOYEE INFORMATION (BY OFFICE)

Recruitment, Selection, Employee Retention
 CPGCBL's human resource management addresses recruitment needs using different recruitment sources and methods suited to different positions in the organization. The company also uses power sector specific criteria in its selection process. To optimize employee retention, CPGCBL's human resource management strategy includes a continually evolving compensation program, together with high employee-management relations and career development.

Career Advancement & Equal Opportunities
 A well-established talent management system comprising of Performance Management System, Leadership Development System, Career Development Scheme and Succession Planning Scheme is in place to ensure that we fulfill our promise of meaningful growth and relevant challenges for our employees. The career development of individuals is linked to diverse job exposure, learning input through planned interventions, clearance of e-learning, functional & administration of assessment tools etc. Since we recognize the value of diverse workforce, CPGCBL is committed to provide equal opportunities in employment and creating

an inclusive work place and work culture in which all employees are treated equally with respect and dignity.

Rewards & Recognitions

We recognize the importance of Rewards and Recognition in building the performance culture of the organization. To this end, we have created a culture of rewards and appreciation through National Integrity Strategy (NIS) and recognizing the contributions behind each success.

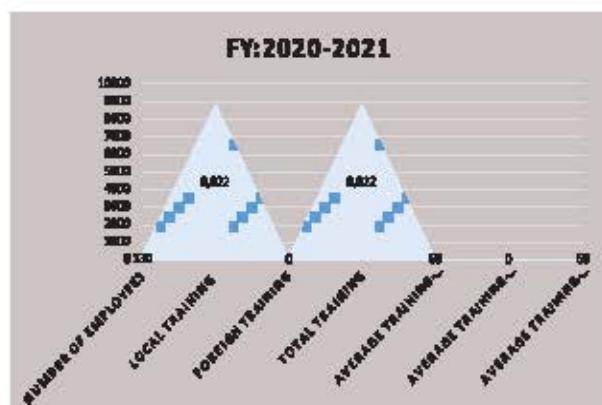

Training & Development

CPGCBL's employee training and performance management are determinants of the

company's human resource management capability in supporting its expansion. CPGCBL's training programs are designed to provide specific knowledge, skills and abilities for developing a truly knowledgeable workforce to ensure effectiveness in handling daily tasks, and capacity to adjust to emergent conditions in the power sector.

In 2021-22 financial year, in order to improve the efficiency of employees, different trainings were arranged by the company. In that financial year total 147 (One Hundred and Forty Seven) employees participated in those trainings. In 2021-22 FY total 12,417 M/H training was arranged in CPGCBL.

Types of Training	FY:2020 -2021	FY: 21-2022
	No/Man-hr	No/Man-hr
Number of employees	130	147
Local Training (Man/hour)	8,822	6,657
Foreign Training (Man/hour)	0	5760
Total Training (Man/hour)	8,822	12,417
Average Training - Man/hour (Local)	68	45
Average Training - Man-hour (Foreign)	0	39
Average Training - Man-hour (Total)	68	84

Appointment of Auditor

Pursuant to Section 210 of the Companies Act 1994, The Company's statutory Auditors M.J ABEDIN & Co. Chartered Accountants retires at the 11th Annual General Meeting as Auditors of the Company. The Board of Directors endorsed the recommendation of Audit & Finance Committee for appointment of S.F. Ahmed & Co., Chartered Accountants as the Auditors of the Company further for the FY 2022-23 at fees of Tk 1,80,000.00 plus VAT.

Management Appreciation

On behalf of the Board of Directors, I would like to take the opportunity to express our heartiest thanks to the shareholders of the company, Power Division, Planning Division, Ministry of Finance, Ministry of Law, Justice and Parliamentary Affairs, Ministry of Shipping, Chittagong Port Authority (CPA), Bangladesh Power Development Board, Rural Electrification Board, Power Grid Company of Bangladesh Ltd. (PGCB), and other companies of power sector, banks, auditors and other stakeholders for their continuous support and belief in us. As we perform for a common cause, I would like to convey my heartfelt gratitude to our esteemed development partner Japan International Cooperation Agency (JICA), our truest friend in any aspect for their able support. The board also appreciates the contributions of contractors and consultants in implementing the project of the company. We would like to express our sincerest gratitude to Her Excellency Prime Minister Sheikh Hasina for her guidance.

As we worked hard to continuous growth of the company to stay on the schedule by overcoming the Corona pandemic through relentless effort, I aspire that we will also be able to pursue the progress effectively addressing the adverse situation arising from the Russia-Ukraine conflict through same commitment.

For and on behalf of the Board of Directors'

(Md. Habibur Rahman)
Chairman, CPGCBL
&
Secretary, Power Division, MoPEMR

INDEPENDENT AUDITORS' REPORT TO THE SHAREHOLDERS OF COAL POWER GENERATION COMPANY BANGLADESH LIMITED Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Coal Power Generation Company Bangladesh Limited (the "Company"), which comprise the Statement of Financial Position as at 30 June 2022, the Statement of Profit or Loss and Other Comprehensive Income, Statement of Changes in Equity, Statement of Cash Flows for the year ended 30 June 2022 and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the company as at 30 June 2022, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards, the Companies Act 1994 and other applicable laws and regulations.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report.

We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Bangladesh, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matters

Without qualifying our opinion, we draw attention to the following matters:

1. The project named Feasibility Study for Construction of CPGCBL-Sumitomo 1200 MW Ultra Super Critical Coal Fired Power Project has been completed during the year as stated in note 1.2. The financial consultant has deemed that the project is not financially feasible as per the project completion report but the project cost is still being included as part of Capital Work in Progress instead of being charged off as expenses (IAS 38 para 54) for reason as disclosed in note 6.
2. As explained in note 15.3, the balance under Equity from the Government against ADP shall be transferred to paid-up capital after due approval.

Other Information

Management is responsible for the other information. The other information comprises all of the information in the Annual Report other than the financial statements and our auditors' report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on such work we perform, we conclude that there is a material misstatement of this other information, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements of the Company in accordance with IFRSs, the Companies Act 1994 and other applicable laws and regulations and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

CPGCBL

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on other Legal and Regulatory Requirements

In accordance with the Companies Act, 1994 we also report that:

- a) We have obtained all the information and explanation which to the best of our knowledge and belief were necessary for the purpose of our audit and made due verification thereof;
- b) In our opinion, proper books of accounts as required by law have been kept by the company so far as it appeared from our examination of those books;
- c) The company's Statement of Financial Position and Statement of Profit or Loss and Other Comprehensive Income dealt with by this report are in agreement with the books of accounts.

Coal Power Generation Company Bangladesh Limited
(An Enterprise of the Government of the People's Republic of Bangladesh)
Notes to the Financial Statements
As at and for the year ended 30 June, 2022

1 Background of the Company

Coal Power Generation Company Bangladesh Limited is an enterprise of the Government of the People's Republic of Bangladesh (hereinafter the 'Company') was incorporated in Bangladesh on 5th September, 2011 as a Public Limited Company with Registrar of Joint Stock Companies & Firms (JSC) bearing Registration #C-95238/11 under the framework of the Government Power Sector Reform Policy and the provision of the Companies Act, 1994.

1.1 Address of Registered Office

The Registered Office of the Company is situated in Bangladesh. The present address of the Head Office is at 117, Kazl Nazul Islam Avenue, Unique Heights (Level-17), Dhaka-1217.

1.2 Nature of Business

This power sector company has been formed with a view to producing power based on coal mainly but not solely. Three power generation projects including two coal based and one LNG based projects are currently being implemented by the Company. Eco-friendly Ultra Super Critical Technology based first 2x600MW Mortarbari project is scheduled to be in operation in January 2024. Full swing operation of the company shall yield 5000 MW of power to the National Grid by 2026.

The following Projects are under implementation :

SL. No.	Coal Based Projects	Schedule date of Operation/Project Completion Date
1	Mortarbari 2x600 MW Ultra Super Critical Coal Fired Power Project	Unit-1, January 2024 Unit-2, July 2024
2	Land Acquisition & Protection and Feasibility Study Project of Bangladesh-Singapore 700 MW Ultra Super Critical Coal Fired Power Plant. (Note 1.2(a))	Duration of this project was ended on 30 June 2022.
3(I)	Land Acquisition and Related activities for Construction of CPGCL-Sumitomo 1200 MW Ultra Supercritical Coal Fired Power Project. (Note 1.2(a))	Duration of this project shall be ended on 31 December 2022.
3(II)	Feasibility Study for Construction of CPGCL-Sumitomo 1200 MW Ultra Super Critical Coal Fired Power Project.	Duration of this project was ended on 31 December 2021.
LNG Based Project		
4	Feasibility Study & Construction of Gas Transmission Line for 500-600MW LNG Based Combined Cycle Power Plant Project.	Duration of this project shall be ended on 30 June 2023.

1.2(a) Power Division (ref. no.27.00.000.075.14.001.21.496) has ordered CPGCL to make arrangement for RLNG or renewable energy sources in the acquired lands of this project instead of coal based power project.
1.2(b) Power Division (ref. no.27.00.000.075.14.001.21.496) has ordered CPGCL to make arrangement for RLNG or renewable energy sources in the acquired lands of this project instead of coal based power project.

1.3 Objectives of Businesses of the Company

As per Memorandum of Association (MOA), the objectives for which the Company was established are all or any of the following:

1. Establish and operate facilities for the generation, distribution and supply of electricity based mainly but not solely on coal.
2. Acquire concessions or licenses granted by or enters into contracts with the Government of Bangladesh or local authority, company or person for the construction and maintenance of any installation for the production of electricity.
3. Acquire and develop land and build necessary infrastructure for installation of coal power station.
4. Carry on the business as consultants and contractors in setting all types of facilities for generation, distribution and supply of electrical energy.
5. Carry on any land, tenements, building easement, machinery, plant and stock-in-trade and on any such lands to erect factories, buildings, or other structures for the works and purchases of the company.
6. Acquire, sale, lease or exchange lands, buildings, flats, easements in Bangladesh or elsewhere for residential, business, manufacturing or other purposes required for the company and
7. Enter into Partnerships, Joint Venture, Takeover or Amalgamate with any other Company.

2. **Summary of significant accounting policies and basis of preparation of the financial statements**

The main accounting policies applied in the preparation of the financial statements are as follows:

2.1 Basis of Measurement

Financial statements have been prepared on the basis of historical cost convention. The preparation of financial statements in conformity with IFRS allows Management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses.

2.2 Accounting Assumptions

i) Accrual Basis of Accounting

The financial statements have been prepared, excepting Statement of Cash Flows and Bank Deposits, under accrual basis of accounting in accordance with applicable International Accounting Standards as adopted in Bangladesh which do not vary from the requirements of the Companies Act, 1994 and other laws and rules as applicable in Bangladesh.

ii) Going Concern

The financial statements are prepared on a going concern basis. As per management's assessment, there is no material uncertainty relating to events or condition which may cast doubt upon the company's ability to continue as a going concern.

iii) Use of Estimates and Judgements

The preparation of Financial Statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. The estimates and underlying assumptions are based on past experience and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of revision and future periods if the revision affects both current and future periods.

2.3 Statement of Compliance

The Financial Reporting Act 2015 (FRA) was enacted in 2015. Under the FRA, the Financial Reporting Council (FRC) was formed in 2017 and has since then adopted International Accounting Standards (IASs) and International Financial Reporting Standards (IFRSs) as the applicable Financial Reporting Standards for public interest entities such as State-Owned Enterprises with effect from 2 November 2020, see Other entity Presentation

- i) The Income Tax Ordinance, 1984 and amendments thereon;
- ii) The Value Added Tax and Supplementary Duties Act, 2012; The Value Added Tax and Supplementary Duties Rules, 2016 and amendments thereon.

2.4 Date of Authorization

The financial statements were authorized for issue by the Board of Directors on 14 November 2022.

2.5 Events After Reporting Period.

Event after reporting period that provide additional information about the Company's position at the date of Statement of Financial Position or those that indicate the going concern assumption is not appropriate are reflected in the Financial Statements. Events after reporting period that are not adjusting events are disclosed in the notes when material. However CPGCBL recognizes an adjusting event that, the final bill of Toma Construction & Co. and Energypac Engineering Ltd. was approved with the provision of final approval of Liquidity Damage (LD) amount by the CPGCBL board. The board has approved tk.11,83,672.34 as LD from Toma Construction & Co. bill and tk.2,59,646 as LD from Energypac Engineering Ltd. on its 05/2022 meeting held on 21 August 2022. This event being an adjusting event under IAS-10, Paragraph 9(a), the effect of these transaction has been presented accordingly in the financial statements.

Besides, Matarbari 2*600MW USCCFP Project DPP has the provision for 47 officers and 69 staffs during the construction period of the project. CPGCBL's manpower has been utilized to implement the project since the inception of the project. In compliance with the provision of Matarbari DPP, the manpower related salary & allowances are to be included in Project's cost. In this regard, CPGCBL has nominated a list of officers to Matarbari Project through office order no 27.32.0000.007.28.052.15-759 & 760, dated 26/08/2022. By dint of these office orders, CPGCBL's officer are nominated to project with effect from 01 July 2014. This event being an adjusting event under Events After the Reporting Period, IAS-10, Paragraph 9(a), the effect of this transaction has been presented in the financial statements in connection with IAS-8.

2.6 Retrospective Application

Prior Period Error

IAS 8 requires retrospective restatement of Financial Statements to adjust prior period errors as if the prior period error had never been occurred. Inadvertently, the company overcharged the depreciation expense on Office Equipment which has been revealed subsequently. Required adjustment with opening balance, retained earnings and accumulated depreciation has been made to rectify the error [see note 5 & Statement of Changes In Equity]. Besides, the entity addresses an issue of understatement of CWP Balance for expense related to Salary and Allowances of Matarbari Project (as per the DPP of Matarbari Project), resulting in an overstatement of corporate office administrative expense since the inception of Matarbari Project implementation. Previously, the Company used to charge all the salary and allowances to corporate office administrative expense instead of charging a part of them to Matarbari Project [see note 6 & Annex-B]. Retrospective adjustment has been made to rectify these errors as per the Paragraph 42 (a), (b) and 43 of IAS 8.

Apart from that, under loan package BD-P76, a payment to EPC contractor amounting tk. 1,713,467,500 was recorded as a direct payment at the end of FY 2020-21 instead of recording as a payment through safe account of Bangladesh Bank in FY 2021-22. This resulted in an overstatement of loan and equity balance; an overstatement of Interest expense for the amount involved and understatement of bills payable for the year ended on 30 June 2021. Required adjustment has been made to rectify the error during the current period.

2.7 Foreign Currency Transactions

Foreign currencies are converted into Bangladesh Taka at the rates and date of the corresponding withdrawal from the Loan Account as per Section 2.09 of Subsidiary Loan Agreement (SLA) between Government of Bangladesh and Coal Power Generation Company Bangladesh Limited dated 28th July 2015. The Government of Bangladesh shall bear the gain / loss arising out of foreign currency translation as per (Section no. 2.03) of SLA.

2.8 Components of Financial Statements

The financial statements include the following components as per IAS-1: "Presentation of Financial Statements"

- I. Statement of Financial Position;
- II. Statement of Profit or Loss and Other Comprehensive Income;
- III. Statement of Changes In Equity;
- IV. Statement of Cash Flows;
- V. Accounting Policies and Explanatory Notes.

2.9 Consistency of presentation

The presentation and classification of all items in the financial statements have been retained from one period to another period except where it is apparent that another presentation or classification would be more appropriate with regard to the selection criteria and application of accounting policies or changes required by another IFRSs.

As required under the provision of the International Financial Reporting Standards in the presentation of financial statements, Statement of Comprehensive Income for the preceding year have to reflect the results of continuing operations and discontinued operations.

For the year under review, no such disclosure is required because there is no such indication of discontinuation of business during the year and in foreseeable future.

2.10 Reporting Period / Comparative Information

The financial statements of the Company are made up for the period from 01 July 2021 to 30 June 2022. Comparative Information has been presented accordingly.

2.11 Functional and Presentation Currency

These financial statements are presented in Bangladesh Taka (BDT) which is the Company's functional currency. Indicated figures have been rounded to the nearest Taka (BDT).

2.12 Statement of Cash Flows

Cash Flow Statement has been prepared under the Indirect method for the period, classified by operating, investing and financing activities as prescribed in paragraph 10 and 18 (a) of IAS 7 Statement of Cash Flows.

2.13 Assets and their Valuation

2.13.1 a. Capital Work In Progress

The entity recognizes its ongoing projects cost as Capital Work In Progress. Capital Work In Progress consists of all directly attributable costs related to individual projects. No depreciation is charged on CWP balance. After the completion of each project the amount expensed for a particular project shall be transferred to fixed assets. Financing of CWP expenses comprises of CPGCBL own fund, Govt ADP allocation and project aid (PA) from JICA.

b. Resettlement Assistance Policy

CPSCBL has ongoing Resettlement Assistance program for meterbari 2*600 MW USCCPP Project and Bangladesh-Singapore 700MW USCCPP Project. Resettlement Assistance is provided to Entitled Persons (EPs) based upon the "Entitlement Matrix" Approved by CPSCBL Board.

2.13.2 Property, Plant & Equipment

a. Recognition & Measurement

Tangible fixed assets are accounted for according to IAS-16 : Property, Plant & Equipment at historical cost less accumulated depreciation. Historical costs include expenditure that are directly attributable to the acquisition of items. Subsequent costs are included in the asset's carrying amount or recognized as separate assets, as appropriate, only when it is probable that future economic benefits associated with the items flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenances are charged to the Un-allocated Expense head during the financial period in which they are incurred.

b. Depreciation

Depreciation of all property and assets is computed using the straight line method. But no depreciation is charged on Land and Land Development. Depreciation on opening balance is charged at the full rate while on additions during the year depreciation is charged at half of the full rate. In case of disposal of fixed assets, no depreciation is charged in the year of disposal.

Particulars	On Opening Balance	On Addition (Half of the rate)
Building	5.20%	1.50%
Office Space at Balaton	5.20%	1.50%
Plant and Machinery	5.20%	1.50%
Furniture and Fixture	5.20%	1.50%
Civil Works	5.20%	1.50%
Office Equipment	20%	10.00%
Vehicles	9%	4.50%

2.13.3 Intangible Assets

Intangible assets are identifiable non-monetary assets which lack physical substance; is separable and thus saleable and whose economic benefits are expected to flow to the entity. The Company currently did not recognize any such intangible asset under IAS 38.

2.14 Impairment of Assets

As per IAS-36 Impairment of Assets, there is no technological, market, economical or legal indication of impairment of assets.

2.15 Cash and Cash Equivalent

Cash and Cash Equivalents comprise of cash and short-term deposit balances having maturity of less three months or less which are subject to insignificant change in fair value from the date of acquisition. The company utilizes the fund to meet its short term.

2.16 Advances & Prepayments

Advances are initially measured at cost. The company's advances are usually not subject to change in fair value subsequently. Prepayments comprise of Advance tax deducted against Interest Income earned on FDR and SND Accounts.

2.17 Share Capital

The Authorized Share Capital of the Company amounts to Tk.10,000 (Ten Thousand) Crore (100,000,000 No. of Ordinary Share of Tk.1000 each) and Paid-up Capital amounts to Tk.1,222,796,000.00 (1,222,796 Ordinary Shares of Tk.1000 each) issued to Government of the People's Republic of Bangladesh as shown in Notes 13.

2.18 Non-Operating Income

This comprises of bank interest, office rent and income from other sources.

2.19 Income Tax

Current Tax

The applicable Tax Rate for the Company is 30%. (See Note 30)

Tax deducted at source is shown as advance income tax which are recovered/adjusted against tax liability at the time of assessment.

Deferred Tax

Deferred tax is computed on taxable and deductible temporary differences. Due to carry forward of business losses in the future, CPSCBL has Deferred Tax Asset in excess of Deferred Tax Liability at the year end. However, deferred tax income has not been recognized due to consideration of the criteria given in IAS 12 para 36.

2.20 Interest on long term loan from BPDB

From the initial stage, to meet the pre-operational day to day expenses of the corporate office, the Company has been taking long term loan from BPDB at 3% compound Interest per annum as per Establishment Support Agreement (ESA).

2.22 Contingent Liabilities and Assets

Contingent liabilities and assets are current or possible obligations or assets, arising from past events and whose existence is due to the occurrence or non-occurrence of one or more uncertain future events which are not within the control of the Company. In accordance with IAS 37: Provision, Contingent Liabilities and Contingent Assets the entity has Provisions for Taxation in the financial year ended on 30 June 2022. Current tax provision has been recognized according to the best estimates of the current obligation as a result of past events.

3 Employee Benefit Schemes

3.1 Contributory Provident Fund

The Company maintains a Contributory Provident Fund (CPF) account for all regular employees. This is a defined contribution scheme as per IAS 19: Employee Benefits. All permanent employees contributes 10% of their basic salary to the Provident Fund and the Company also makes equal contribution.

3.2 Gratuity Fund

The Company maintains an approved Gratuity Fund (GF) account for all regular employees. This is a defined benefit scheme as per IAS 19: Employee Benefits. The amount of gratuity is computed at the rate of 2.5 (two & half) month's basic pay for each completed year of service or any part thereof of minimum 180 days. The pay last drawn shall be the basis for such computation.

3.3 Group Insurance Scheme

The company maintains a group life insurance scheme with Delta Life Insurance Company Ltd. All regular employees are entitled to the group life insurance benefit from the date of joining.

4 Responsibility of preparation and presentation of accounts

The management of the Company is responsible for the preparation and presentation of Financial Statements of Coal Power Generation Company Bangladesh Limited for the period ended 30 June, 2022.
