**TO WHOM IT MAY CONCERN**

This is to affirm that I know Md. Afzal Hossain son of Md. Korban Ali of village: Barail, Post: Gopinathpur, Upazilla: Akkelpur and District: Joypurhat, who currently resides at 69/3 Middle Paikpara, Mirpur, Dhaka-1216. He is the owner of cultivatable land inherited from his parents. Being a shrewd Agricultural official in this area, I am familiar with his agriculture production experience. He is making a good living from farming at his paternal property, where he has rice, potato, wheat, mustard crops. His farm including fisheries generates around TK.5,50,000/ (five lakhs and fifty thousand) in annual agriculture revenue.

We wish him good luck in life and hope that his agri-based farm continues to grow.
