Commencement of Works

Office Memo No: Date:

To:
[Name of Contractor]
[Address)
Contract Reference:

Pursuant to GCC Sub Clause 39.1 of the above-mentioned Contract Agreement, this is to notify you that the following precedent conditions have been duly fulfilled:

(i) the Contract Agreement has been signed;
(ii) the possession of the Site has been given; and
(iii) the advance payment has been made *(delete if not appropriate).*

You are therefore requested to:

1. Commence execution of the Works, in accordance with GCC Sub Clause 1.1(nn), within *(specify date)*;
2. Submit Insurance Policy Documents, in accordance with GCC Sub Clause 36.2, within (*specify date*)
3. Submit Programme of Works, in accordance with GCC Sub Clause 41.1, within (*specify date*)

CONTRACT AMENDMENT

Contract No.	
Amendment No.	
Approval Reference No.	

Contract No. [insert number/year] by and between the [insert Procuring Entity's name] and [insert Contractor's legal title] for the contract named [insert name of the Works and physical services] is amended as follows:

1. GCC Clause [insert clause no], is hereby revised as _____

_____

_____

2. GCC Clause [insert clause no], is hereby revised as _____

_____

_____

and so on.

The effective date of this Amendment is [insert effective date] or upon execution whichever is later.

ALL OTHER TERMS AND CONDITIONS OF THE ORIGINAL CONTRACT SHALL REMAIN IN FULL FORCE AND EFFECT

THIS AMENDMENT, consisting of [insert number] page(s) and [insert number] attachment(s), is executed by the persons signing below who warrant that they have the authority to execute this Amendment under the original Contract.

IN WITNESS WHEREOF, the Procuring Entity and the Contractor have signed this Amendment.

7.2 Work Procedure of Development & Project Division

7.2.1 Overhead Line Construction Wing

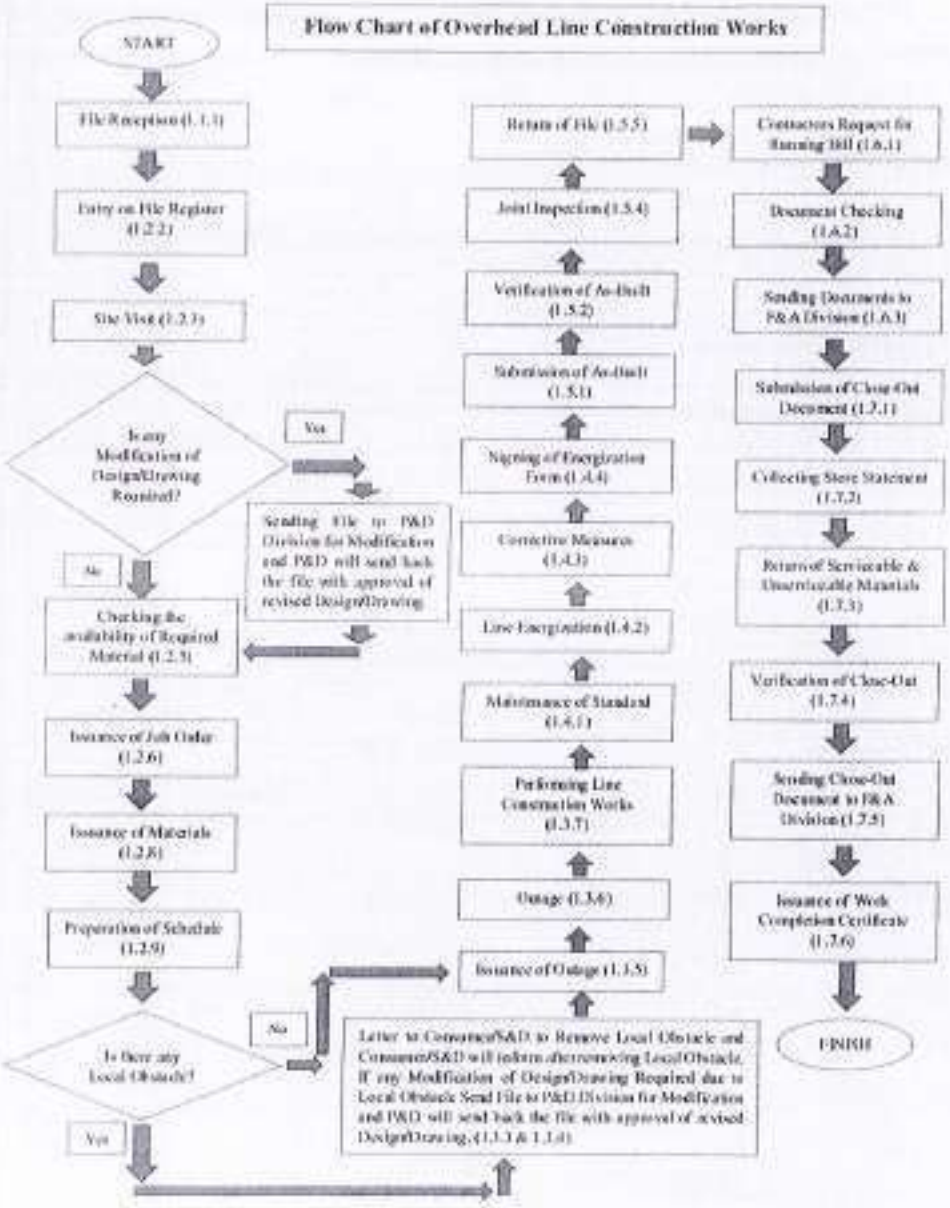
Sl. No.	Activity (Including check points)	Ref. Doc.	Responsibility		Freq./Time	Output
	Overhead Line Construction		Key	Associates		
1.1	**Job Assign**					
1.1.1	***File Reception:*** Overhead line construction related files sent by S&D or P&D division are received and registered.	S&D Division	O.A	SAE	2 Days	SF-D&P-E29
1.2	**Planning**					
1.2.1	***Approval for Construction:*** Note sheet is prepared for approval for executing the work. It is processed up to final approval from ED (Engg.)	P&D Division	SAE, AE, SDE, XEN, SE			
1.2.2	***Entry on the Register:*** Files are registered serially as 'first come first registered' basis.	Registrar Books as S&D	SAE	AE/SDE	Two Working days basis on the present at office.	
1.2.3	***Site Visit:*** Sites are visited prior to assigning work & viability of performing particular job is checked. The contractors are provided necessary instruction regarding execution of the job.		SAE	AE/SDE	7 days	SF- D&P-E08
1.2.4	***Modification of Design/Drawing:*** If any work seems to be not executable then related file, with necessary recommended design/drawing is sent back to P&D or S&D for necessary correction or approval.	PDB/DESCO Line construction Design Manual	SAE/AE	SDE/XEN	As required During Execution Time	
1.2.5	***Checking the availability of required materials:*** Availability of required materials is checked prior to issuing work order.	Inventory software.	SAE AE/	SDE	3days	
1.2.6	***Issuance of Job Order:*** Line construction work is issued to the contractor in the name of 'Job order'.	Contract agreement & P&D	SAE, AE, SDE/ XEN	SE	7days Or As required	SF-D&P-E09
1.2.7	***Requisition for Materials:*** Requisition of necessary materials is approved by Project Division as per job order and sent to the store.	Inventory software.	SAE, AE, SDE, XEN, SE		As required	As per Store Managament Software
1.2.8	***Issuance of Materials:*** Materials are issued from central store & from S&D s in some cases. (Central Store's procedure for issuing materials is to be followed.)	Inventory software.	Contractor.	Store, S&D (occasionally)	3 days /as required	
1.2.9	***Preparation of Schedule:*** Schedule of performing particular job is prepared but exceptions are found in-case of any emergency, system up-gradation activities etc.	S&D requirement	SAE, AE SDE/XEN		As required	SF-D&P-E10

Sl. No.	Activity (Including check points)	Ref. Doc.	Responsibility		Freq./Time	Output
			Key	Associates		
1.3	**Implementation(Job Execution)**					
1.3.1	***Preparation for Performing Job:*** To perform particular line construction work, contractor's line construction gang reaches the site with all necessary equipments & materials. All prerequisite safety measures are taken and ensured by concerning DESCO officials.	PDB/DESCO Standard	SAE	AE/SDE/ XEN	As required	
1.3.2	***Elimination of Local Obstacle:*** If any obstacle is raised from local people then measures are taken to eliminate the obstacles; e.g. consulting with the local S&D, ward commissioner, chairman, member, etc., attempting to make people understand mentioning the welfare obtainable afterwards.		SAE, AE/ SDE,	S&D Division/ Local Delegates	15 days.	
1.3.3	***Issuing Letter to the Client:*** If the obstacle is not removed through the procedure mentioned above, consumer is issued with a letter mentioning a deadline for eliminating the obstacle. If the obstacle is not eliminated through the above processes then related file is sent back to concerning S&D s and P&D.		SAE, AE/ SDE	XEN	7 dys	SF-D&P-E18
1.3.4	***Modification in design/drawing due to Public Installation/utilities:*** If any problem to accommodate public installation/utilities arises, consultation with related organizations/clients is done and recommendations for necessary modification are submitted where applicable & sent back to P&D division.		SAE AE,	SDE/ XEN	7 days/as required	
1.3.5	***Issuance of Outage:*** Necessary request for outage letter is issued by Project Division& approved by concerning S&D Division		SAE, AE, SDE, XEN	XEN	As required.	SF-D&P-E11
1.3.6	***Outage:*** Required LT/HT outage is arranged under supervision of engineer in charge.		S&D Divisio n			
1.3.7	***Performing line construction work:*** Line construction work is accomplished by concerning contractor's line construction gang under direct supervision of concerning DESCO officials.		SAE,	AE/ SDE	AS required	

Sl. No.	Activity (Including check points)	Ref.Doc.	Responsibility		Freq./ Time	Output
1.4.0	**Testing & Commissioning**		Key	Associat es		
1.4.1	***Maintenance of Standard:*** Upon successful completion of line construction, the standard of constructed line is ensured by the engineer in charge as per approved drawing & design		SAE, AE		-	SF-D&P-E12
1.4.2	***Line Energization:*** Constructed line, installed transformer etc. are charged and then observed to check whether any malfunctioning occurs or not		SAE, AE		-	
1.4.3	***Corrective Measures:*** If any flaw is detected then corrective directions and suggestions are given where necessary.		SAE, AE		03Days	SF-D&P-E13
1.4.4	***Signing of Energization Form:*** 'Transformer/line equipment energization' form is signed after successful commissioning.		SAE, AE, SDE, XEN			SF-D&P-E14
1.5.0	**Post Commissioning tasks**					
1.5.1	***Submission of As Built:*** After the commissioning 'As-Built' drawing with installed 'Material list' is prepared & submitted by the concerning contractor immediately.		Contract or	SAE	As per contract agreeme nt	SF-D&P-E15
1.5.2	***Verification of As-Built:*** 'As-Built' drawing with installed 'Material list' of accomplished work is checked by concerning employee.		SAE	AE/SDE/ XEN	05Days	
1.5.3	***Entry of As-Built:*** Record of As-Built & Material list are kept on Excel Worksheet.		OA / SAE	AE/SDE/ XEN		
1.5.4 a	***Joint Inspection:*** Joint inspection is done& constructed line is handed over to the concerning S&D.		SAE (Project) SAE (S&D)	Contract or	07Days	SF-D&P-E16 SF-D&P-E30
1.5.4 b	***Joint Inspection: After Joint Inspection if any rectification necessary, send a letter to D&P***		SAE/AE/ SDE (S&D)	XEN(S& D)		SF-D&P-E24
1.5.5	***Return of File:*** After completion of work, file is sent back to the S&D division for further processing.		SAE, AE,	SDE, XEN, SE	01Days	
1.6.0	**Payment of Running Bill**					
1.6.1	***Contractor's Request for Running Bill:*** Contractors ask for & submit running bills when their bills reach a certain percentage of their contract value as mentioned in the contract.		Contractor			SF-D&P-E25
1.6.2	***Document Checking:*** Submitted bill and supporting documents (As-Built, Gate-pass, Store Ticket etc.) required for paying the running bill are checked.		SAE, AE, SDE	XEN	03Days	
1.6.3	***'Sending Documents to F&A:*** After checking & verifying bill and other supporting documents, they are sent to F&A division for 'Bill-Payment' and bill is paid to contractor.		SE		04Days	SF-D&P-E19

Sl. No.	Activity (Including check points)	Ref.Doc.	Responsibility		Freq./Time	Output
1.7.0	**Close-Out & Final Bill Payment**		Key	Assosiates		
1.7.1	***Submission of Close Out*** :Depending upon satisfactory completion of work 'Close out' documents are submitted by the contractor	Contract agreement	Contractor		30days	SF-D&P-E23
1.7.2	***Collecting the Store Statement:*** Store statement is collected from Central Store & from S&D s where required for checking the amount of total issued materials to contractor & amount of materials received from contractor in the whole 'work order' period.	Contract agreement	SAE,	AE, SDE, XEN, SE	15 days	
1.7.3	***Return of Serviceable & Unserviceable Materials:*** Remaining serviceable & unserviceable materials after the stipulated work order period are returned to Central Store.	Contract agreement	Contractor		15days	As per store Managem ent Software
1.7.4	***Verification of Close Out:*** When all issued & used materials get balanced after returning remaining materials to central store, 'Close-out ' is regarded satisfactory . Supporting documents with close out documents are checked properly to ensure their authentication.	Contract agreement	SAE, AE, SDE	XEN	30days	
1.7.5	***Sending Close out documents to F&A :*** All checked & verified documents are sent to Finance & Accounts division for paying the final bill to contractor.		SAE, AE, SDE,	XEN, SE	7days	
1.7.6	***Issuance of Work Completion Certificate:*** Work completion certificate is issued at the end of the 'Contract Period.		SAE, AE, SDE,	XEN, SE		SF-D&P-E17

Flow Chart of Overhead Line Construction Works



7.2.2Underground Cable Installation Wing

Sl. No.	Activity (Including check points)	Ref.Coc.	Responsibility	Freq./Time	Output
1.0	**Underground Cable Laying**				
1.1.0	**Arrival of Work**				
1.1.1	***File Reception:*** Cable Laying related files sent by P&D are received and registered.		OA	01 Day	SF-D&P-E29
1.2.0	**Pre-Execution Planning**				
1.2.1	***Site Visit:*** Sites are visited prior to assigning work and viability of performing particular job is checked.		SAE, AE	01 Days	SF-D&P-E05A
1.2.2	***Modification of Design/Drawing:*** If any work seems to be not executable then related file, with necessary recommended design/drawing is sent back to P&D for necessary correction or approval.	When and as required	SAE, AE,SDE, XEN,SE	10 Days	
1.2.3	***Approval:*** Files are approved for executing the work.		SAE, AE,SDE, XEN,SE	01 Days	
1.2.4	***Checking the availability of required materials:*** Availability of required materials is checked prior to allowing the work to be performed. In case of insufficient stock of materials note shall be forwarded for procurement.		SAE, AE	02 Days	
1.2.5	***Acquisition of Necessary Permission:*** 'Road Cutting Permission' & other necessary permissions are asked and acquired for underground cable laying. (In case of deposit work consumer shall arrange all necessary permissions)	As per necessity	SAE, AE, SDE, XEN, SE	Depends on respective agency	
1.2.5 a	*Issuing Letter to Concerned Authority for Road Cutting Permission*		SAE, AE, SDE, XEN, SE	04 Days	SF-D&P-E28
1.2.5 b	*Receiving Demand Note for Road Cutting*			-	
1.2.5 c	*Checking Demand Note and send back to DNCC or other agency for modification, if required.*		SAE, AE, SDE, XEN, SE	07 Days	
1.2.5 d	*Sending e-Note to F&A Division for Issuing Check*		SAE, AE, SDE, XEN, SE	03 Days	
1.2.5 e	*Receiving Check From F&A Division*			02 Days	
1.2.5f	*Sending Check to Concerned Authority*		SAE, AE, SDE, XEN, SE	01 Day	
1.2.5 g	*Receiving Road Cutting Permission Letter from Concerned Authority*			-	
1.2.6	***Issuance of Job Order:*** UG line construction/RMU installation work is issued to the contractor in the name of 'Job Order'. Site book is also issued with the Job Order.	As per normal practice	SAE, AE, SDE, XEN, SE	02 Days	SF-D&P-E26 SF-D&P-E27
1.2.7	***Preparation of Schedule:*** Schedule of performing particular job is prepared but exceptions should be considered in-case of any emergency situation, system up-gradation activities or natural calamities.		SAE, AE, Contractor	02 Days	SF-D&P-E10

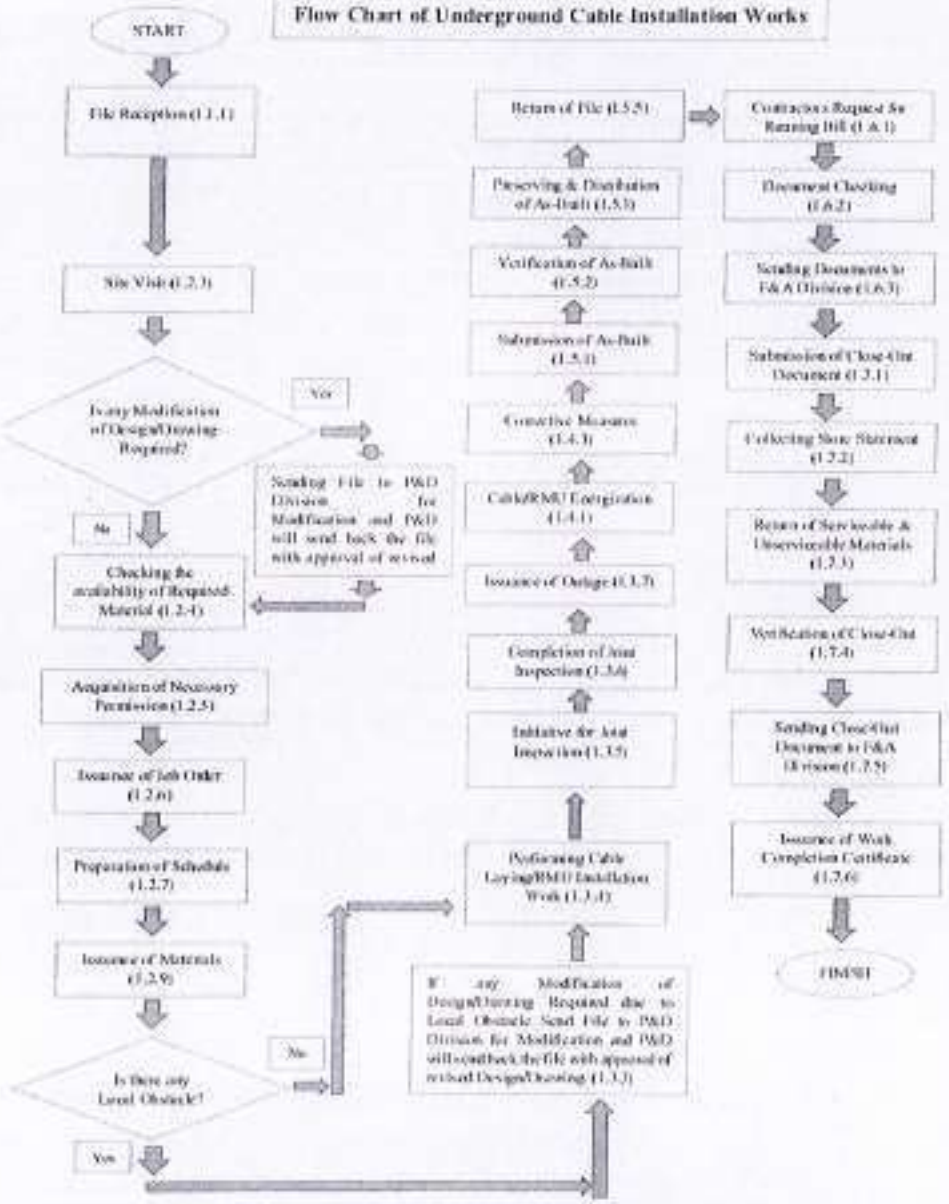
Sl. No.	Activity (Including check points)	Ref. Doc.	Responsibility	Freq./Time	Output
1.2.8	***Requisition for Materials:*** Requisition of necessary materials is approved by Project/Development Division as per requirement and sent to the store.		SAE, AE, SDE, XEN, SE	As per schedule	As per Store Management Software
1.2.9	***Issuance of Materials:*** Materials are issued from central store by contractor. (Central Store's procedure for issuing materials is to be followed)		Central Store, Contractor	Depends on central store	
1.3.0	**Implementation (Job Execution)**				
1.3.1	***Preparation for Performing Job:*** To perform particular cable laying work, contractor's gang reaches the site with all necessary equipments & materials. All prerequisite safety measures are taken by contractor and ensured by concerning DESCO officials.	As per Agreement	Contractor's Gang, SAE, AE	As per schedule	
1.3.2	***Elimination of Local Obstacle:*** If any obstacle is raised from local people or different public utilities, then measures are taken to eliminate the obstacles; *e.g.* consulting with the local S&D, ward commissioner, chairman, member, City Corporation, Titas Gas, T&T, B.T.C.L, WASA etc.	As per normal practice	SAE, AE, S&D Division/ Local Delegates/Public utilities	As per situation demand	
1.3.3	***Modification in design/drawing due to Public Installation/utilities:*** If any problem to accommodate public installation/utilities arises, consultation with related organizations/clients is done and recommendations for necessary modification are submitted where applicable & sent back to P&D division.	If necessary	SAE, AE, S&D Division/ Public utilities	01 Days	
1.3.4	***Performing Cable Laying/RMU Installation Work:*** Cable laying/RMU installation work is accomplished by contractor's gang under direct supervision of concerned DESCO officials.	As per Agreement	SAE, AE, Contractor	As per schedule (20 days)	SF-D&P-E20
1.3.5	***Initiative for Joint Inspection:*** *Notifying concerned S&D division to depute an engineer for joint inspection.*	As per practice	AE,SDE,XEN	01 Days	SF-D&P-E16
1.3.6	***Completion of Joint Inspection:*** After completion of joint inspection notification shall be obtained from concerned S&D division.		XEN(S&D), XEN(D&MW)	As per date	SF-D&P-E24
1.3.7	***Issuance of Outage:*** Necessary request for outage is issued by Project/Development Division& approved by concerned S&D Division or Network Operation Division where necessary.	When and as required	SAE, AE, SDE, XEN, SE, Network Operation Division/ S&D Division.	03 Days	SF-D&P-E11
1.3.8	***Outage:*** Required outage is arranged under supervision of engineer in charge.	As per practice	Network Operation Division/ S&D Division.	01 Day	
1.4.0	**Testing & Commissioning**				
1.4.1a	**Notification for Cable Energization:** To notify network operation and concerned S&D Division about scheduled date of cable energization and request to take necessary steps at their end.	-	SAE, AE	01 Day	

Sl. No.	Activity (Including check points)	Ref.Coc.	Responsibility	Freq./Time	Output
1.4.1b	***Cable Energization:*** Laid cable is tested & charged and observed to check whether any malfunctioning occurs or not. After successful energization the laid cable is handed over to concerned S&D Division.	-	SAE, AE(SDE, AE/SDE (Net.Op.), AE/SDE (S&D)	-	SF-D&P-E2
1.4.1c	**Notification for RMU Energization:** To notify MVSSMC and concerned S&D Division about scheduled date of RMU energization and request to take necessary steps of their end.	-	SAE, AE	01 Day	
1.4.1d	***RMU Energization:*** Installed RMU is tested and charged. After successful energization installed RMU is handed over to concerned S&D Division.	-	SAE, AE(SDE, AE/SDE (MVSSMC), AE/SDE (S&D)	-	SF-D&P-E2
1.4.3	***Corrective Measures:*** If any flaw is detected then corrective directions and suggestions are given where necessary.	As per requirement	SAE, AE, SDE, XEN	03 Days	SF-D&P-E1
1.4.4	***Conveying the information of Cable/RMU Energization:*** Information of cable/RMU energization is conveyed to Network Operation/MVSSMC Division after successful commissioning.		SAE, AE, SDE, XEN, SE	01 Day	
1.5.0	**Post Commissioning tasks**				
1.5.1	***Submission of As Built Drawing & Material List:*** After the commissioning 'As-Built' drawing with installed 'Material list' is prepared & submitted by concerning contractor immediately.	As per contract agreement	SAE, Contractor	As per contract agreement	SF-D&P-E1
1.5.2	***Verification of As-Built:*** 'As-Built' drawing with installed 'Material list' of accomplished work is checked by concerning employee.	If necessary	SAE, AE	05 Days	
1.5.3	***Preservation & Distribution of As-Built Drawing:*** 01 nos As-Built drawing shall be preserved in D&MW Division and 03 nos As-Built drawing shall be distributed to P&D, Network Operation and concerned S&D Division.	-	OA,XEN,SE	-	
1.5.4	***Return of File:*** After completion of work, file is sent back to the Network Operation Division via P&D Division for further processing.	-	SAE, AE, SDE, XEN, SE, CE	01 Days	
1.6.0	***Payment of Running Bill***				
1.6.1	***Contractor's Request for Running Bill:*** Contractors ask for & submit running bill when their bills reach a certain percentage of their contract value as mentioned in the contract.	As per contract	Contractor	As per contract agreement	SF-D&P-E2
1.6.2	***Document Checking:*** Submitted bill and supporting documents (As-Built, Gate-pass, Store Ticket, site book etc.) required for paying the running bill are checked.	Must be checked	SAE, AE, SDE	01 Days	
1.6.3	***Sending Documents to F&A:*** After checking & verifying bill and other supporting documents, they are sent to F&A division for 'Bill-Payment' and bill is paid to contractor.	As per requirement	SAE, AE, SDE, XEN, SE, F&A Division	04 Days	
1.7.0	***Close-Out & Final Bill Payment***				
1.7.1	***Submission of Close Out Report:*** Depending upon satisfactory completion of work 'Close out' documents are submitted by the contractor	As per contract	Contractor	As per contract agreement	SF-D&P-E2

21

Sl. No.	Activity (Including check points)	Ref.Coc.	Responsibility	Freq./Time	Output
1.7.2	***Collecting the Store Statement***: Store statement is collected from Central Store & from S&D's where required for checking the amount of total issued materials to contractor & amount of materials received by contractor in the whole 'work order' period.	As per necessity	SAE, AE, SDE, XEN, SE	Within 14 days after completion of contract	
1.7.3	***Return of Serviceable & Unserviceable Materials***: Remaining serviceable & unserviceable materials after the stipulated work order period are returned to Central Store.		Contractor	As per contract agreement	
1.7.4	***Verification of Close Out***: When all issued & used materials get balanced after returning remaining materials to central store, 'Close-out ' is regarded as satisfactory. Supporting documents with close out documents are checked properly to ensure their authentication.		SAE, AE, SDE		
1.7.5	***Sending Close out documents to F&A***: All checked & verified documents are sent to Finance & Accounts division for paying the final bill to contractor		SAE, AE, SDE, XEN, SE	05 Days	
1.7.6	***Issuance of Work Completion Certificate***: Work completion certificate is issued at the end of the 'Contract Period.'	As per contract	S.E.	As per contract agreement	SF-O&P-E17

Flow Chart of Underground Cable Installation Works



23

7.2.3 Civil Works Wing

Sl. No.	Activity	Ref.Coc.	Responsibility	Time (day)	Output
1.0	**Planning**				
1.1	Works undertaken by Development and Project office as per requirements of DESCO which are included in APP and Budget. Proposal of repair and maintenance works and new construction works of others department. Different steps are given below.	-APP -Budget -Demand of other Division	CE/SE/XEN/SDE /AE		SF-D&P-C01
2.0	**Preparation of Works**				
2.1	**Check list before preparation of estimate:** -Existing structure (if any) condition -Primary layout check as per proposal -Apparent soil condition -Need for site improvement and approach road -Source of water supply -Sewerage disposal -Source of power supply -Need for boundary wall or retaining wall		AE/SDE	1 days	SF-D&P-C02
2.2	**Structural Design:** Design is prepared by following the standard reference document and considering structure type and structural system, special type foundation.	-BNBC -Soil test report(if applicable) - Procurement Guideline	AE/SDE Checked by-XEN Verified by-SE Approved by -CE	Consultant /30 days	SF-PRO-16 SF-PRO-22 (if soil test applicable)
2.3	**Preparation of Detail Drawing:** Detail building plan, elevation, section and structural drawing	BNBC	CAD Operator/SAE AE/SDE Checked by-XEN Verified by-SE Approved by -CE	As require/ 1 days	SF-D&P-C03
2.4	**Preparation of Detail Estimate:** Estimate is prepared by considering the following issues -Additional cost in foundation due to poor soil condition -Detail measurement of each individual item along with information in drawings, sites etc. -Rates of items not covered by schedule of rates shall be accompanied by analysis	-URSPD -PWD'RS Up to date material price	SAE Checked by- AE/SDE Verified by-XEN Approved by -CE	As require/ 1 days	Cost Estimate
2.5	Specification of each item is compiled as per the reference document.	BNBC, BSTI,HBRI, UBC, BSPWD	AE Checked by-SDE Verified by-XEN	2 days	Standard Specification
2.6	Drawing, design, cost estimate and specification are forwarded for administrative approval to higher authority and purchase requisition for financial approval to higher authority.	Procurement Guide Line	SE/CE/ED/MD	As require / 15 days	Annexure-2A, 2B

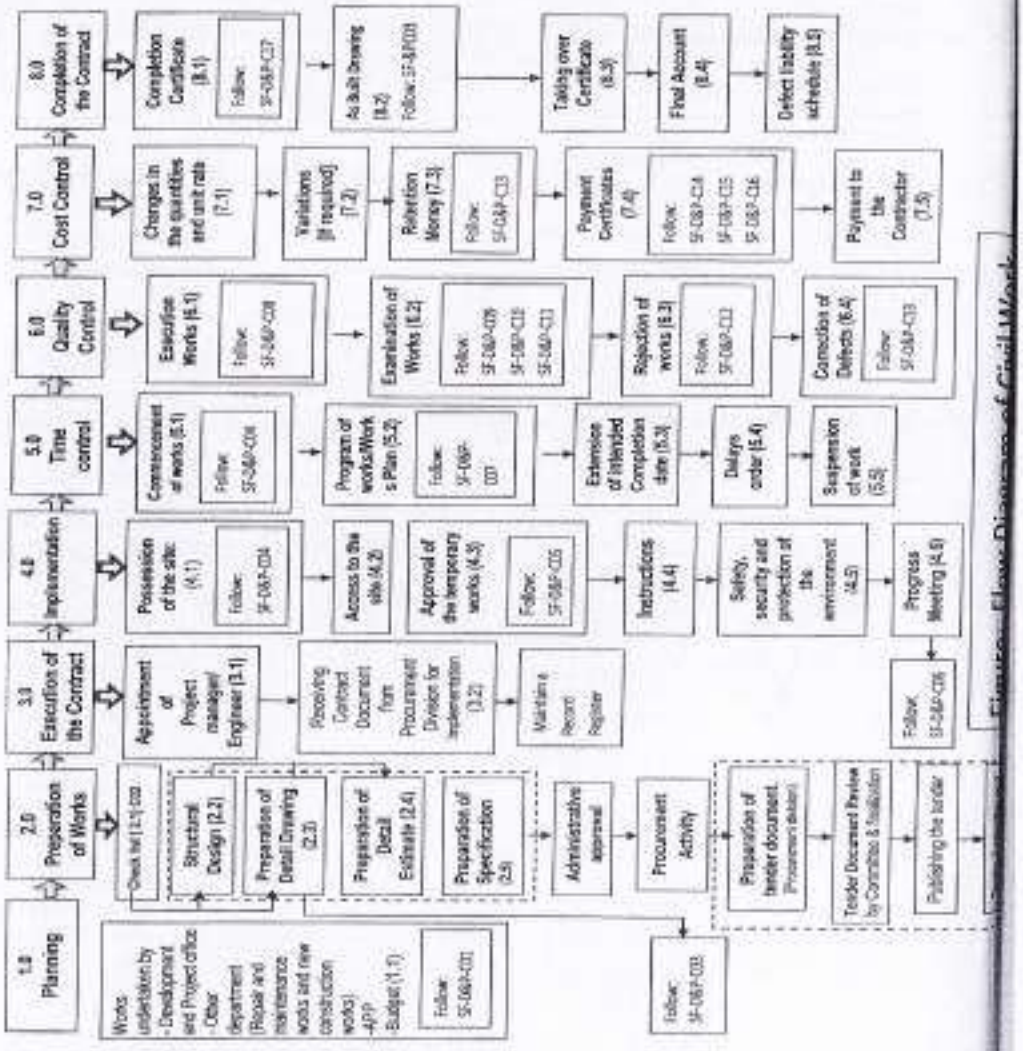
Sl. No.	Activity	Ref.Coc.	Responsibility	Time (day)	Output
2.1	After final approval from ED (Engg.)/MD, file is sending to procurement division for preparing tender document.	Procurement Guide Line of DESCO	SE/CE	As require	Tender document
2.8	After approval, procurement Dept. prepares a tender document and sends to review committee for finalization.		Review committee	As require	Final tender document
2.9	After review of the tender document, committee sends it to procurement Dept. for publishing the tender.		Procurement Division		
2.10	Tender evaluation, examination, approval and contract management are completed by procurement division and tenderer.	As per Tender Document	Procurement Division	28	
3	**Execution of the Contract:**				
3.1	Project manager/Engineer in charge is appointed by procurement division through administration dept.	As per contract agreement	Procurement & Administration Division	As require	
3.2	Contract document is sent to development division from procurement division for implementing the mentioned works.		Procurement Division		Contract agreement Maintain a record register
4	**Implementation**				
4.1	**Possession of the site:** Project Manager/Engineer in charge shall give possession of the site within the stipulated date in contract document. If Engineer in charge does not give the access to or possession of the site. Engineer in charge modifies the schedule through the aporoval of PE	As per contract agreement	AE/SDE/XEN	As require/ 15 days	SF-D&P-C0
4.2	**Access to the site:** Project Manger may delegate any of his duties and responsibilities to his representatives for site supervision	As per contract agreement	AE/SDE/XEN	2 days (If required)	
4.3	**Approval of the temporary works:** The project manger shall give the approval of submitted specification and drawings of the temporary works.	As per contract agreement	AE/SDE/XEN	2 days	SF-D&P-C0 SF-D&P-C0
4.4	**Instructions:** Project Manger shall give the instruction to contractors that comply with the applicable law. The project manager, on behalf of the PE, will clarify queries on the condition of contract	As per contract agreement	AE/SDE/XEN	1 day	
4.5	**Safety, security and protection of the environment:** Project Manager will ensure the safety security and environmental issues by the contractor	As per contract agreement	AE/SDE/XEN	1 day	

Sl. No.	Activity	Ref.Coc.	Responsibility	Time (day)	Output
4.6	**Progress Meeting:** Project Manger will arrange/conduct the progress meeting and review the progress and plans for remaining works and to deal with matters raised in accordance with the early warning	As per contract agreement	AE/SDE/XEN	15 days	SF-D&P-C06
5	**Time control**				
5.1	**Commencement of works:** The project manger shall ensure the start date of work, which is not later than 15 days from the date of signing	As per contract agreement	AE/SDE/XEN	15 days	SF-D&P-C04
5.2	**Program of works:** The contractor shall submit to the project manager for approval a program me of works showing the general methods, arrangements, order and timing for all the activities in the works.	As per contract agreement	AE/SDE/XEN	1 days	SF-D&P-C07
5.3	**Extension of intended Completion date:** The project manager shall decide whether or how much to extend the intended completion date with in 21(twenty one) days of the contractor asking the project manager for decision upon the effect of a compensation event or variation and submitting full supporting information.	As per contract agreement	AE/SDE/XEN	As require	
5.4	**Delays order:** The project manager may instruct the contractor to delay the start or progress of any activity within the works	As per contract agreement	AE/SDE/XEN	As require	
5.5	**Suspension of work:** The project manger may at any time instruct the contractor to suspend the progress of part or all of the works	As per contract agreement	AE/SDE/XEN	As require	
6	**Quality Control**				
6.1	**Execution Works:** All works are executed, completed and maintained in accordance with bill of quantity, specification and drawings.	As per contract agreement	AE/SDE/XEN	Within contract period	SF-D&P-C08
6.2	**Examination of Works:** All works shall be open to examination, inspection, measurements, testing and supervision. The contractor shall give notice to the project manager whenever any such part of the works is ready for examination.	As per contract agreement	AE/SDE/XEN		SF-D&P-C09 SF-D&P-C10 SF-D&P-C11

Sl. No.	Activity	Ref.Doc.	Responsibility	Time (day)	Output
6.3	**Rejection of works:** The project manger shall check the works and notify the contractor of any defect found. Project manger instructs to carry out test, if defect found, project manager may reject the works by giving notice to the contractor and subsequently ensure the rejected works comply with the contract	As per contract agreement	AE/SDE/XEN		SF-D&P-C
6.4	**Correction of Defects:** The project manager shall give notice to the contractor of any defects before the end of the defects liability period. The defect liability period shall be extended for as long as defects remain to be corrected	As per contract agreement	AE/SDE/XEN		SF-D&P-C
6.5	If the contractor has not corrected a defect ,the project manager shall assess the cost of having the defect corrected by it, and the contractor shall remain liable to pay the expenditures incurred on account of correction of such defects	As per contract agreement	AE/SDE/XEN		
7	**Cost Control**				
7.1	**Changes in the quantities and unit rate:** If the final quantity of the work done for any particular item increases from the quantity in the bill of quantity by more than 25%, provided the change in case exceeds one (1%) of the original contract price, the project manager shall adjust the rate to allow for the change	As per contract agreement	AE/SDE/XEN	Within contract period	
7.2	**Variations:** All variations and extra work order under the contract shall be included in the work programme of works produced by the contactor	As per contract agreement	AE/SDE/XEN	Within contract period	
7.3	**Retention Money:** Project manager will issue a defect correction certificate after passing defect liability period for realizing retention money	As per contract agreement	AE/SDE/XEN		SF-D&P-C
7.4	**Payment Certificates:** The basis for payment certificates shall be bill of quantity used to determine the contract price. The project manager shall check the contractor's monthly statement and certify the amount to be paid to the contractor. The value of work executed shall be determined by the project manager through measurement book.	As per contract agreement	AE/SDE/XEN		SF-D&P-C SF-D&P-C SF-D&P-C
7.5	**Payment to the Contractor:** The PE shall pay the contactor the amount certified by the project manager with in twenty eight (28) days of the date of each certificate	As per contract agreement	AE/SDE/XEN	28 days	
8	**Completion of the Contract**				

Sl. No.	Activity	Ref.Coc.	Responsibility	Time (day)	Output
8.1	**Completion Certificate:** The project manager shall issue a completion certificate upon deciding that the work is completed	As per contract agreement	AE/SDE/XEN		SF-D&P-C17
8.2	**As- Built Drawing:** If "As Built" Drawings are required, the contractor shall them by the date stated in the document	As per contract agreement	AE/SDE/XEN		SF-D&P-C03
8.3	**Taking Over:** The PE shall take over the site and works after issuing a completion certificate	As per contract agreement		1	
8.4	**Final Account:** The project manager shall certify the final payment within fifty six (56) days of receiving the contractor account	As per contract agreement (56 days)	AE/SDE/XEN	As require/56 days	
8.5	If it is not, the project manager shall issue within 56 fifty six days a defect liability schedule that states the scope of the correction	As per contract agreement (56 days)	AE/SDE/XEN	As require/56 days	

Civil Work Flow Chart: The project manager will follow this chart for taking necessary action in every stage.



1.0 Planning
Works undertaken by Development and Project office -Other department (Repair and maintenance works and new construction works) -APP Budget (1.1)
Follow: SF-D&P-001
2.0 Preparation of Works
Check list (2.1) CDI
Structural Design (2.2)
Preparation of Detail Drawing (2.3)
Preparation of Detail Estimate (2.4)
Preparation of Specification (2.5)
Administrative approval
Procurement Activity
Follow: SF-D&P-003
Preparation of tender document. (Procurement division)
Tender Document Review by Committee & Finalization
Publishing the tender
3.0 Execution of the Contract
Appointment of Project manager/ Engineer (3.1)
Receiving Contract Document from Procurement Division for implementation (3.2)
Maintains Record Register
4.0 Implementation
Possession of the site (4.1)
Follow: SF-D&P-004
Access to the site (4.2)
Approval of the temporary works (4.3)
Follow: SF-D&P-005

Certification of standard

This is to certify that, the overhead distribution network constructed/shifted under the job no..... at the location named .....which belongs to the feeder ..... & transformer .....has been performed by the contractor M/S. ..... Satisfactorily. The above mentioned job comprises constructing/installing/ shifting/recovery of .....

Now it can be declared that the constructed/shifted network meets the minimum standard after having assured by getting ok at every item in the following checklist.

Checklist:

- ☐ Sag ok
- ☐ Jumper connection ok
- ☐ Clearance of the constructed/shifted network from ground & public installation ok
- ☐ Installation of line hardware ok
- ☐ Installed Quantity of line hardware is as per design requirement
- ☐ Planting depth of pole ok
- ☐ For cable laying excavation of earth is as per design requirement
- ☐ Covering by earth for laid cable ok
- ☐ Laid cable shows no trouble while energized

Therefore, the bill against the completed work may be paid upon the submission of As-Built of the completed Job.
