9. Description:

a) Background information, current situation and its relevance to National Policies, Sectoral Policy, MDG, vision 2021, Sixth five Year Plan, MTBF etc.

Alternative Medicine (AM)/ Traditional Medicine is as ancient as human civilization, dating back to 5000 B.C. in China. 4500 B.C in India 1600 B.C in Egypt & Babylon. Traditional Medicine includes mainly Unani, Ayurvedic medicine in this region. These medicine may be herbal, animal & mineral origin, Both the Systems of medicine can be called as Traditional Medicine, which are used in this country for years together & is handed down generation to generation. TM Provide health care mostly in the rural community. Our country is very rich in medicinal flora & these System are closed at our culture, diet & regimen. Introducing Traditional Medicine as an Alternative Medicine will help the Nation in four dimensions;-

- a) Saving foreign exchange.
- b) Use general labour for intensive Cottage Industries.
- c) Make self reliant medicine.
- d) It will save the environmental balance by Plantation of more medicinal Plants.

The rural people of Bangladesh accept the Alternative medicine over western allopathic medicine due to .

- a) It is cheap, simple & generally with out serious side effects,
- b) It involves Indigenous technology & labor .
- c) It is locally available & culturally acceptable

It is an effective extension of home remedies quite prevalent in rural areas. Alternative medicine (AM) playing a significant role in health care delivery not only in developing countries but also in the developed countries including USA, UK, Canada and others. The Alternative medicine in Sri Lanka meets the basic health needs of 70% of population. up to 80% of the people in Africa are reported to seek traditional medicine for their medical care. In China it is said to be 40%. The percentage of traditional medicine utilized in Australia is reported to be 48%, 70% in Canada, 42% in the USA, 38% in Belgium and 75% in France.

After the Drug Control Act of 1982 Bangladesh Government has taken different steps for the development of alternate medical care; Government Unani and Ayurvedic Medical College & Hospital with Production & Research Unit was established in 1990 and Govt; Homeopathic Medical College & Hospital established separately in the same year. Bachelor of Unani Medicine & Surgery (BUMS), Bachelor of Ayurvedic Medicine & Surgery (BAMS), Bachelor of Homeopathic Medicine & Surgery (BHMS) degrees are given in the three disciplines after five years of study. After graduation a one year internship is compulsory in the 100 bed hospital established for the AMC. In addition a private Homeopathic degree College, 11 Unani diploma institutes, 7 Ayurvedic diploma institutes and 38 homeopathic diploma institutes in Bangladesh. These diplomas are given after four years of study and 6 months of internship. The Board of Unani & Ayurvedic Systems of Medicine and Homeopathic board controls offering of the diploma certificates & Practice Registration. Bachelor degrees in any of these three disciplines are given by the University, e.g., Dhaka University and registration for graduate doctors are given by the DGHS. Near about 1,50,000 different categories U/A/H doctors are practicing in our country and about 700 industries are producing Unani, Ayurvedic & Homeopathic drugs.

In the 40th World Health Assembly held in May 1987, a resolution urging the member states to utilize the traditional practitioners of their country optimally was adopted unanimously. In the proposed National Health Policy of 2010 of Bangladesh, which was approved in the Cabinet, particular emphasis has been given to encourage systematic improvement in the practice of indigenous systems of medicine and to engage additional man power, giving particular attention to the scientific evaluation of indigenous medicines,

b. Issues to be addressed:

The use of Traditional Medicine is increasing throughout the world. In this subcontinent Traditional Medicine is being utilized from very ancient time. The demand of Traditional Medicine in our country is increasing day by day. If the Alternative Medical Care facilities is expanded throughout the country people will get the service easily with least cost. Expansion of Alternative Medical Care services will help the people of all classes to get health facilities with least costs, burden on conventional treatment can be reduced and also unscientific and quackery treatment can also be reduced.

- a. Creation of central herbal garden will be used for academic and research purpose for both students and researchers, collection of raw materials and also preservation of some medicinal plants to avoid distinction.

Office equipments, furniture's and other accessories will help to lead better treatment, data collection for patients, data collection from herbal garden, Record keeping, communication with headquarter, global perspective and other for smooth running of the college and Hospitals, District Hospitals and Upazilla Health Complexes.

10. Priority activities of the OP :

- a) Conduct research for standardization of Unani, Ayurvedic & Homeopathic system of medicine to establish efficacy and safety of Unani, Ayurvedic & Homeopathic medicines.
- b) Strengthening AMC Council to regulate AMC practitioner through initiating a registration system.
- c) Procurement of furniture, transports, equipment, medicine and MSR to ensure steady availability of services and maintenance of the gardens,
- d) Standardization of AMC drugs, preparation of UAH pharmacopeias, formularies & introduction of standard treatment guidelines and introduction of licensing system
- e) Up Graduation of Govt: Tibbia (Unani) Medical College & established more three Graduate Unani, Ayurvedic & Homeopathic College in Chittagong, Rajshahi & Barisal division.

- f) Extension of Medicinal Plants gardens in all Institutions, District Hospitals and Upazila Health Complex.
- g) Development of existing Govt: Unani, Ayurvedic & Homeopathic Medical College, Hospital, Production & Research Unite by recruiting of AMC Teachers, doctors, Compounder, Herbal Assistant etc;
- h) Awareness & Capacity building by seminar/workshop/training/Orientation of the providers and recipient on Alternative Medical Care and strengthening capacity of the providers through Local and overseas training.
