Dear Dr. Farhad,

Thank you for confirming your intention to participate in the Virtual IEEE PVSC 2020 as a **delegate from a member country of the International Solar Alliance (ISA)**.

As you know, your participation is made possible by special funding obtained from IEEE Electron Devices Society, and your registration fee will be waived. You may now register for the conference.

Please go to <https://www.ieee-pvsc.org/PVSC47/registration-information.php>, and commence the registration process (you will initially be requested to create an account). Since you are an IEEE member, please select this option. Under "Registration Type", in the box for Special Registration Code, please enter the following code: isawaived

Please note that this code is valid for you in conjunction with the name Syed Farid Uddin Farhad, and email [sf1878.2011@my.bristol.ac.uk](mailto:sf1878.2011@my.bristol.ac.uk).

Please also note that the fee waiver is applicable **only for the conference**, and not for the tutorials. **Please do not register for the tutorials.**

After the registration is successfully completed, you will receive an email from IEEE PVSC. **Please also confirm back to me that your registration has been successful**, so that you will be officially included in the list of ISA delegates. In case of any problem, please contact me or Mr. Adam Kohm.

Best regards,

Juzer Vasi
