

Our Ref: UKM.ISR.500-4/2/18
Date: 15th June 2023

Dr. Syed Farid Uddin Farhad
Principal Scientific Officer,
BCSIR Laboratories,
Dhaka, Bangladesh

Dear Sir,

AN INVITATION AS INVITED TALK AND COLLABORATION PURPOSES

We thank you very much for your interest in conducting collaborative research for mutual benefits by exchanging research students/scientists for short-term and long-term visits, split-site Ph.D. students, joint grant applications for research funding, etc. We discovered that SERI, UKM, Malaysia, and IPD, BCSIR Laboratories, Dhaka, Bangladesh, have some overlapping research activities on thin film-based solar cells and Bismuth and Nitride-based materials for solar hydrogen production. To explore specific research scopes and identify our mutual needs, we cordially invite you to deliver an Invited Talk on your current research activities here in the SERI, preferably on 8 - 9 August 2023. Please note that we will happily arrange a lab visit to show our research facilities and share your knowledge with us.

We look forward to welcoming you to SERI for further discussions.

Yours sincerely,

ASSOC. PROF. DR. MOHD ADIB IBRAHIM
Director
Solar Energy Research Institute
