Dear Syed Farhad,

I am pleased to confirm that you have been awarded a bursary of **£300** by the **68_Energy Group Group**, as a contribution towards the cost of attending **MRS Fall Meeting and Exhibit 2018**. I have attached the group logo, we would be grateful if you could acknowledge them on any posters/talks at the event.

When you have returned from your conference, you will need to produce a report in order to claim your bursary. The report should be no longer than one side of A4 paper and should include the following:

- any highlights of the conference e.g. guest speakers, discussion sessions of interest
- any benefits you think you have obtained from attending
- whether you thought the conference was a success
- any other information which you think may make relevant and interesting reading to non-attendees

Please submit your report within 1 month of returning from your event, electronically to supportandgrants@iop.org, preferably in Word format. Reports may be published by the awarding group in their newsletter or made available on their website for other members to read.

Once you have submitted your report, we will need your bank details so that we can process your payment. These can be sent to me by email or you can call me on the number below. We will need to know the following details:

- name of your bank
- your name as it appears on the account
- the sort-code
- account number

If you have any questions, please feel free to contact me.

Kind Regards,

Michelle Bieger

Subject: ESED Your RSC Travel Grant application

Dear Dr Farhad,

Thank you for your application to our Travel Grants for PhD Students and Early Career Scientists. I am pleased to inform you that the Energy Sustainable Environmental Division committee have agreed to award you £800 for your participation at MRS Fall Meeting and Exhibit 2018. Please note that the award is for travel only.

Applicants may only receive one grant from the RSC per activity. If you have already received funding from other RSC sources for the same activity, you must inform us immediately. Alternatively, you must also inform us if you have an application to another RSC grant in process for the same activity. This includes funding from Interest Groups.

The Energy Sustainable Environmental Division should be acknowledged for their support (e.g. in a Powerpoint slide) – I have attached our brand pack here (including colour and greyscale versions of our logo and some short guidelines on usage) to assist you. If you have any questions, please do get in touch.

After your meeting, we ask for a brief report for the Energy Sustainable Environmental Division Council, giving highlights of the event and what benefits you received from it. We will be in touch, after your event has taken place, to provide you with the link to our online feedback form for you to make this report. At this point we also ask that you notify us of any remaining funds (that have not been used on travel expenses) so that we can provide you with the details to return them to us.

We are happy to pay your grant directly into your bank account by BACs. **Please can you send us the following information at your earliest convenience:**

- Name of bank
- Address of bank
- Account holder name
- Account holder address
- Currency of bank
- Account number
- Sort code
- IBAN (If NON UK)
- Swift/BIC/IFCC (If NON UK)

We wish you all the best for your event. If you have any more questions, please don't hesitate to get in touch.

Kind regards,

Angela Sells
