

BCSIR Dhaka Laboratories, BCSIR

Name of Product

Herbal Shaving Foam

Institute

Chemical Research Division, BCSIR Laboratories,
Dhaka

Type of Product

Skin care Product

Product description

This shaving foam blends the gentleness of natural herbs with advanced skincare science. Its rich, lubricating lift prepares your beard for a supremely close shave while soothing botanicals help prevent razor burn and irritation.

Herbal Shaving Foam

Use of product

Shaving foam is used to soften hairs, lubricate the skin, and create a protective barrier for a manual razor to glide smoothly, reducing friction and preventing cuts, razor burn, and irritation.

Raw Materials

Neem oil, Olive oil, Glycerin, Foaming Agent and Water.

Availability of Raw

Domestic and import dependent

Materials

Product Demand

Domestic and Overseas
