COUNTRIES: BANGLADESH

II.a: Certificate reference number: 1096

CERTIFICATION:

Insofar as can be determined, after necessary inquiry and investigation and based on written declaration of the exporter, the undersigned Official Veterinarian certifies that the hatching eggs described above satisfy the following requirements:

1. The breeder flock from which the hatching eggs are produced is under regular veterinary supervision and disease monitoring.
2. The flock has been maintained in accordance with established biosecurity and disease prevention measures.
3. The parent stock farm has remained free from Newcastle disease and Avian Influenza during the last twelve (12) months.
4. The parent stock flock has been vaccinated in accordance with the approved vaccination programme, including Infectious Bronchitis (IB) and Newcastle Disease (ND) vaccines.
5. The hatching eggs intended for export have been collected, handled, stored in a fumigated egg storage room, and transported under hygienic conditions.
6. The feed supplied to the parent stock flock is free from hormonal additives and antibiotic growth promoters.
7. The farm maintains records of vaccination, health monitoring, mortality, laboratory testing and biosecurity measures, which are available for inspection by the competent authority.
8. The hatching eggs has been tested at Central Disease Investigation Laboratory (CDIL), Dhaka under the Department of Livestock Services and found negative for AIV H5, *Salmonella spp.* and Newcastle disease during the period of examination according to the report no: Report No: CDIL-EI-100708; CDIL-EI-100706 and CDIL-EI-100707; Date: 21-06-2026
9. This certificate is valid for 30 days from the date of issue
