Title	: The design pertains to a Fun, Iconic and Urban motorcycle. The motorcycle has Uni-body sculptural design and a naked fairing. The motorcycle includes floating body panels supported by its strong core structure which influence aerodynamics. The floating panels on the headlight, tank lower area and seat cowl improves the overall aesthetics of the motorcycle. The motorcycle has central muscular metal tank with shrouds on either side. The motorcycle tank flaps and lower shrouds have strong character lines depicting speed and aggression. The motorcycle has split pillion seat configuration, contoured and lowered rider seat for better ground reach and improved comfort. The sharp and chiselled LED headlamp enhances the mean and aggressive look. The fork sleeves add to the butch and confident frontal stance while providing protection to the forks from dust and muck.
