Message

Md. Mahfuzur Rahman Riton, Honorable Administrator of Rajshahi City Corporation, delivered a message on the occasion of International May Day.

In his message, he said, "On the occasion of the International May Day, I extend my warmest greetings to all the working brothers and sisters of Rajshahi Metropolitan City. May 1st is a glorious history of achieving the rights of working people. The sacrifices made by workers in Chicago, USA on May Day, 1886, demanding fair wages, fixed working hours and humane working conditions, are still a source of inspiration for us today. Their struggle has laid the foundation for establishing today's labour rights. Workers are the main driving force of development. A prosperous city, a strong economy and a developed country are built on their sweat and labor. Rajshahi City Corporation is committed to ensuring the welfare of working people, a safe working environment and a dignified life. On this great day, we pledge to work together to establish the fair rights of workers, build a non-discriminatory society and distribute the benefits of development equally among all.

I wish everyone good health and well-being."
