Respected Madam,

Please take my salam.

I am happy to share the WTO's long-term placement programmes, the French-Irish Mission Programme (FIMiP) and the Netherlands Talent Programme (NTP), for the 2027 intake. The selected participants are expected to start their programmes in Geneva in March 2027.

It is to be noted that these placement programmes are primarily aimed at providing capacity building to developing Members and Observers, LDCs, and other low-income countries in areas related to trade policy. The WTO has provided specific information on eligibility and selection criteria for both the FIMiP and the NTP in the Annex to their letter, which is attached.

The WTO letter mentioned,

"To support the WTO's commitment to a paperless environment, only electronic application forms will be accepted for consideration. **Applicants must complete the e-candidature form by 31 August 2026**, using the following link: <https://wto.formstack.com/forms/trainingprogrammes2027> WTO Funded Training Programmes Form 2027 - Intellistack. Eligible Members and Observers **may submit a maximum of four (4) applications in total**, across the available programmes. *Although applicants can apply for either of the programmes and indicating their preference, we cannot guarantee that we will adhere to these preferences.*"

The letters are attached.

Kind regards.
