11.	Brief Description of the Assignment	<p>Bangladesh Government introduced Health Care Financing Strategy (HCFS): 2012-2032 in 2012. The second strategic objective of this strategy is to improve equity and increase health care access especially for the poor and vulnerable. Hence, as a strategic intervention to meet the aforementioned objective, Health Economics Unit (HEU) has been piloting a scheme called Shasthyo Suroksha Karmasuci (SSK) for the health care of Below Poverty Line (BPL) population in three upazilas of Tangail since 2016 and expansion of SSK to rest of the upazilas are underway.</p> <p>An independent evaluation conducted by ICDDR,B and funded by USAID has found that SSK is successful in mitigating its financial objectives of reducing Out-Of-Pocket (OOP) expenditure, Catastrophic Health Expenditure (CHE) and impoverishment of SSK cardholders who received healthcare services using SSK card. Under such circumstances, to achieve the target of Universal Health Coverage (UHC) by utilizing knowledge and experience of SSK piloting, the government has decided to expand SSK activities in Dhaka City and six new Districts including Barguna. To do that, it is necessary to conduct a study titled "Identification and Listing of BPL Households for Shasthyo Shuroksha Karmasuchi (SSK) in Barguna Districts" to identify and prepare the BPL household list for Barguna District.</p>	
12.	Experience, Resource and Delivery Capacity Required	<p>To be selected, the organization must have the following:</p> <ul style="list-style-type: none"> • Familiarity with the Health, Nutrition, and Population Sector Program • Having experience in identification and listing of targeted group for different safety net programs • Proven ability to manage and conduct large data set • Expertise in use of STATA/SPSS statistical software for data analysis • Proven expertise in quality report writing & policy recommendations in English
