

# **Cell Phone Based Surveillance (CPBS), IEDCR**

## **(Mobile Numbers currently in use)**

The Cell Phone Based Surveillance (CPBS) platform of IEDCR often conducts surveys/surveillance for different health related events of public health importance to identify/assess it's status/burden, geographical/population distribution to help plan immediate/future activities/strategies/policies. IEDCR through this CPBS platform also conducts different research activities to gather evidence that helps improve the population health in Bangladesh.

For this purpose, IEDCR uses different cell phone numbers on different occasions. The following numbers are currently in use -

01404427250-9,

01404427261;

01401196294-6;

01404427453-4;

01404427459-69;

01907801857-65;

01958022201,

01958022210,

01958336515,

01958336517.
