3.3 Remittances

Workers' remittances after March FY24 increased by 6.51 percent to USD 17,080.37 million against USD 16,036.45 million after March FY23. Various initiatives of the Government to incentivize remittance inflow such as 2.5 percent cash incentive, easing the rules on the furnishing of documents and depreciation of exchange rate (BDT/USD) might have worked on the overseas migrants to send remittances through legal channel. The rising number of labour migration in FY22 may also have a positive impact on inward remittances.
