iBAS Pay

The Game Changer

Integrated Budget and Accounting System (iBAS++) is the Integrated Financial Management Information System (IFMIS) of the Government of Bangladesh (GoB). iBAS++ is one of the most powerful schemes of Strengthening Public Financial Management to enable Service Delivery (SPFMS) program. SPFMS is the flagship program of Finance Division (Ministry of Finance) and it is involved in planning and executing various activities to launch a digitalized finance system. iBAS++ has been designed to ensure quick delivery of services to the clients, the system has evolved over time to meet their emerging needs. It captures all financial transactions of GoB including receipts and payments. The system, as of now, contains as many as eight modules which support activities like budget preparation, budget execution, accounting, online bill submission and payment, financial reporting and so on. It can generate more than 400 financial management reports which feed the auditors with relevant financial data. Interfaced with a number of GoB systems, including Central Bank Core Banking System, Electronic Government Procurement (eGP) system, Tax Identification Number (TIN) database, NID database, Ministry of Public Administration (MoPA) systems and Planning Commission System, it ensures faster delivery of services through quick exchange of information.

Features of iBAS PAY

- More user friendly
- To submit bill from any place at any time
- To forward bill as a DDO
- Processing bills on one click
- Monitor bill Status
- All financial reports at finger tip

Recipients received Payment through iBAS⁺⁺

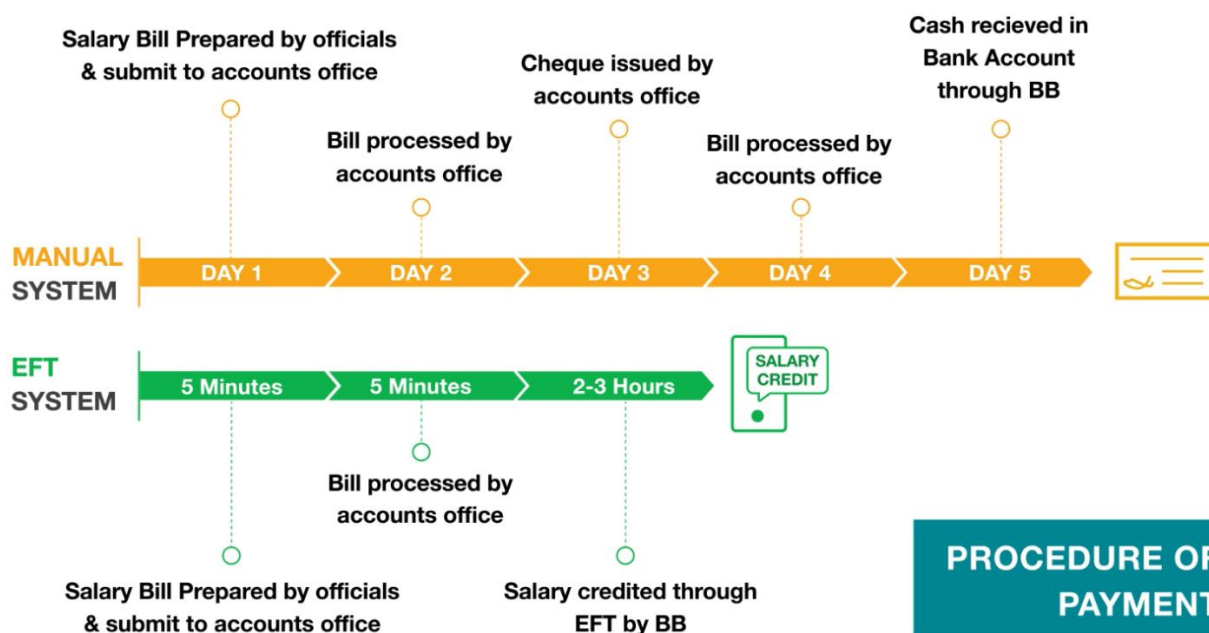

EFT IMPLEMENTATION

Pay and Allowances (Civil Accounting)

PAY POINT	OFFICER			STAFF
