The Embassy of Bangladesh in the Netherlands celebrated the "Youth Festival 2025" on 15 February 2025 at the chancery with tremendous vigor and energy in collaboration with local members of the Bangladesh community.

02. To commemorate the July-August revolution led by youth in Bangladesh, we arranged a day long festival for the expatriate Bangladeshis in the Netherlands.

03. The festival was comprised of an exhibition of the wall graffiti of July-August, a cultural programme and a live cartoon drawing. The event was widely publicized on the website and the social media platforms of the Mission. It was open for everyone to participate via pre-registration. Around 200 expatriate Bangladeshi registered and joined with their families in the event. Some Dutch friends also joined the celebration and was visibly moved at the stories of the July revolution.

04. The Ambassador in his opening remarks praised the youth who protested against discrimination and led the successful revolution in Bangladesh. He offered condolences for the fallen heroes of July-August revolution. He hoped that the youth will remain committed to create a new prosperous Bangladesh.

05. The cultural rendition consisted of dance, songs, instrumental (tabla) and band performance of the expatriate artists. After the programme, a live cartoon drawing session was held. The guests were served traditional Bangladeshi dishes for lunch.

06. You may kindly note that the proforma form regarding the celebration is more or less not relevant for Bangladesh Missions abroad. Therefore, we have narrated the event factually.
