Guidance Notes on the Use of The Standard Request for Application for Selection Of Individual Consultants (National)

These guidance notes have been prepared by the BPPA to assist a Client in the preparation, using the Standard Request for Application (SRFA), for procurement of Individual Consultants (National). The Client should also refer to the Public Procurement Act 2006 (Act No 24 of 2006), and the Public Procurement Rules 2008, issued to supplement the Act available on BPPA's website www.bppa.gov.bd/ All concerned are advised to refer to the aforementioned Act and Rules while participating in any selection process of Consultants

Individual Consultants shall be employed in accordance with Section 38 of the Public Procurement Act 2006 and Rule 112 of the Public Procurement Rule 2008 for assignments for which the qualifications and experience of the individual are the overriding requirements and no team of staff and no additional professional support are required.

This document shall be used when a Procuring Entity (the Client) wishes to select an Individual Consultant (National) for **assignments for which the qualifications and experience of the individual are the overriding requirement**, for which payment is linked to reports/deliverables prepared and submitted by the Consultant on specific dates i.e. **payment related to milestone basis**.

Lump sum based contracts are not commonly used in the selection of Individual Consultants. Lump sum based contracts are recommended when the Scope of the Services is clearly defined and Consultant's remuneration is linked to the delivery of certain outputs, usually reports, etc. A major advantage of the **lump-sum** contract is the simplicity of its administration; the Client needs only to be satisfied with the output.

SRFA (PS3) has been designed to suit the particular needs of procurement within Bangladesh, and has four (4) Sections, of which **Section 1: Information to the Applicants and the Contract Agreement in Section 4 must not be altered or modified under any circumstances.**

The Client addresses its specific needs through the **Section 2: Terms of Reference (TOR)**. The way in which an Applicant expresses his/her interest is by completion and submission of the Application Forms in **Section 3**.

Guidance notes in brackets and italics are provided for both the Client and the Applicants and as such the Client should carefully decide what notes need to remain and what other guidance notes might be required to assist the Applicant in preparing its Application submission; so as to minimize the inept Selection process.

SRFA (PS3), when properly completed will provide all the information that an Individual Consultant (National) needs in order to prepare and submit an Application. This should provide a sound basis on which the Client can fairly, transparently and accurately carry out an evaluation process on the application submitted by the Individual Consultant

SRFA(PS3) duly tailored may also be used for the purpose of Single Source Selection Method.

The following briefly describes the Section of SRFA (PS3) and how a Client should use these when preparing a particular request for Applications.

Section 1: Information to the Applicants

This Section provides relevant information to help Consultants prepare their Applications. Information is also provided for submission, opening, and evaluation of Applications and on the award of Contract.

This Section also contains the criteria for selection of suitable Applicant
The text of the clauses in this section shall not be modified.

Section 2. Terms of Reference

This section defines clearly the Objectives, Goals, and Scope of the assignment, and provides background information (including a list of existing relevant studies and basic data) to enable the Individual Consultant to clearly understand the assignment. This section lists the Services and surveys that may be necessary to carry out the assignment and the expected outputs (for example, reports, data, maps, surveys); it also clearly defines the Client's and Consultants' respective responsibilities.

Section 3. Application Forms

This section provides the standard format that permits the requested information to be presented in a clear, precise and readily available manner and allows the Client to readily understand and evaluate Applications in accordance with the pre-disclosed criteria. The completed forms will indicate details of the Applicant's qualifications and experience best suited to the specific assignment.

Section 4. Contract Agreement Forms

The Form of Contract Agreement which, once completed and signed by the Client and the Consultant clearly defines the Client's and Consultants' respective responsibilities. The Annexes to the formal Contract include a Description of the Services, the Reporting Schedule and **Cost estimates** of Services.
