M. A. Mannan, MP
Honourable Minister
Ministry of Planning
Government of the People's Republic of Bangladesh

I would like to congratulate the General Economics Division (GED) of Bangladesh Planning Commission for publishing the document on "Revised Mapping of Ministries/Divisions and Custodian/Partner Agencies for SDGs Implementation in Bangladesh". The revised mapping document identifies the responsibilities of the ministries/divisions and custodian/partner agencies in implementing the SDGs according to the global targets and indicators.

The Global Agenda 2030 recognizes that increasing economic growth, eliminating poverty, protecting negative effects of climate change, ensuring sustainable consumption and production, and building stronger institutions provide the foundation of development. Bangladesh aspires to achieve the SDGs within the stipulated time and our commitment to attain sustainable development is rooted in Bangabandhu Sheikh Mujibur Rahman's dream. Our Father of the Nation always dreamt of a nation where there will be no poverty. The pathway he chose for eradicating poverty was to empower the poorest and most vulnerable people. Thus far, we have made strong progress in SDGs implementation. Our Hon'ble Prime Minister has recently been conferred with the "SDG Progress Award". This award is an international acknowledgment of Bangladesh's success in responding to the universal call to end poverty, protect the planet, and ensure peace and prosperity for all.

The first mapping document was published in 2016 by GED. However, several ministries/divisions in the last 5 years went through changes and they have been assigned new roles and responsibilities. Besides, the custodian/partner agencies have emerged as important actors for the implementation

of SDGs since they bring in expertise from around the globe, for instance, in unpacking metadata and generating new data for making evidence-based policy decisions. Therefore, the revision of the previous mapping document was a time demand. I believe that this revised mapping document will help the ministries/divisions along with the custodian/partner agencies to realize their roles in achieving the SDGs and guide them to work in a coordinated manner.

I would like to take this opportunity to thank the GED officials for their initiative and hard work, different ministries/divisions as well as custodian/partner agencies for providing their valuable inputs, and the SC4SDG project of UNDP Bangladesh and UNEP-PEA4SDGs for their support in the preparation of this important document.

Dr. Shamsul Alam
Honorable Minister of State
Ministry of Planning
Government of the People's Republic of Bangladesh

I am delighted to learn that the General Economics Division (GED) of Bangladesh Planning Commission is publishing the revised mapping document titled "Revised Mapping of Ministries/Divisions and Custodian/Partner Agencies for SDGs Implementation in Bangladesh". The previous mapping document published in 2016 required revisiting on an urgent basis as several ministries have recently undergone changes in terms of creation of new divisions in some ministries with new roles and responsibilities that were assigned in the government system. To ensure that ministries/divisions can play their constructive and meaningful roles in achieving the SDGs, the revised mapping document reassigned their role for better coordination to facilitate the implementation of SDGs. The current mapping document is unique because it brings together the custodian and partner agencies so that the ministries/divisions can deliver their assigned tasks in a harmonized way. Besides, this is worth mentioning that the revised mapping document includes the updated list of SDG indicators. The global indicator framework for SDGs is refined annually. The latest global indicator framework includes 231 unique indicators which have been reflected in the revised mapping document.

SDGs are comprehensive and interconnected and thus call for a holistic approach in their implementation. Under the prudent leadership of the Honorable Prime Minister and her strong commitment, the Government of Bangladesh has played an important role in shaping the Sustainable Development Goals. The Government integrated SDGs in the 7th Five Year Plan and ongoing 8th Five Year Plan. Nonetheless, one of the many challenges faced by the Government of Bangladesh while implementing the SDGs is ensuring appropriate coordination across ministries and other levels of the Government. Hence, achieving progress on the SDGs requires the Government to work in policy areas and involve all segmants of

society – Government, private sector, NGOs/INGOs, development partners, and civil society. This revised mapping document aspires to determine the responsibilities of ministries/divisions and resident custodian/partner agencies according to the sustainable development goals, targets, and indicators in one document to ensure coordination among all the actors.

We understand that considerable expertise and coordination across ministries/divisions and custodian/partner agencies are required to generate and compile national statistics and metadata for the SDG indicators. —To meet the internationally agreed data generation standard, custodian/partner agencies should communicate with national statistical systems to generate required metadata for monitoring the progress of SDGs implementation at the national level. Hence, the revised mapping document addresses how ministries/divisions and custodian/partner agencies can coordinate in mining fast-track data for SDGs. Given that there is a growing need to increase the effectiveness and efficiency of action needed to achieve all SDGs by the year 2030, I hope that this revised mapping document will help to accelerate the SDGs implementation in Bangladesh. I believe, successful attainment of SDGs and accompanying targets will pave the startling way for 'Branding Bangladesh' best internationally.

I take this opportunity to thank the GED officials for extending their efforts in revisiting the mapping exercise. The technical and financial support provided by the SC4SDG project of UNDP Bangladesh and UNEP-PEA4SDGs also deserves special thanks. I also acknowledge the support and invaluable contribution of the different ministries/divisions and custodian/partner agencies throughout the revisiting process.

Zuena Aziz
Principal Coordinator (SDG Affairs)
Prime Minister's Office
Government of the People's Republic of Bangladesh

I am happy to learn that the document titled "Revised Mapping of Ministries/Divisions and Custodian/Partner Agencies for SDGs Implementation in Bangladesh" has been finalized and ready to be published by the General Economics Division of the Bangladesh Planning Commission.

With a view to spearheading the process of SDGs implementation in our country, the original exercise of mapping of ministries was done in the initial year of Agenda 2030 and published in September 2016, albeit some indicators were in tier III category and their metadata were not finalized. After the elapse of five years, all indicators are in tier I and their metadata are available, some indicators are newly included, some are deleted, and some are modified. Hence, it was felt to update the original document. Some implementation ministries/divisions also requested to revisit the document.

I am pleased knowing that the revised document has been finalized after multiple consultations with government agencies, development partners including various UN agencies and relevant stakeholders. The document contains an update on the lead, co-lead and associate ministries/divisions, data sources, and custodian as well as partner agencies for all goals of the Agenda 2030. I wish the revised SDGs mapping document will act as the main instrument and catalyst for ministries and divisions to update their current SDGs Action Plan and ensure effective implementation for achieving the targets of the SDGs by 2030, and eventually becoming a developed country by 2041.

Bangladesh has done a tremendous job in the last few years in the dimensions of social, economic and biosphere under the dynamic leadership of Hon'ble Prime Minister Sheikh Hasina. As a consequence, she was conferred with the "SDGs Progress Award" in September 2021 at the 9th International Conference on Sustainable Development by the UN-sponsored Sustainable Development Solutions Network (SDSN).

I hope this document will serve as a key instrument in taking the initiatives of the SDGs implementation further forward in Bangladesh. The added clarity with regards to the custodian/partner agencies and ministries/divisions in charge of different indicators should allow for better inter-agency coordination and more streamlined collaboration.

Finally, I would like to express my sincere gratitude to all the concerned ministries/divisions of the Government of Bangladesh, as well as all development partners for their efforts and contributions to this document. I like to take this opportunity to express my sincere thanks to all the members of 'SDGs Implementation and Review Committee' who were present in the meeting to finalize this document. I would also like to thank the officials of General Economics Divisions (GED), Bangladesh Planning Commission for their endeavours throughout this process and for taking the initiative of publishing this document.

Foreword

Dr. Md. Kawser Ahmed Member (Secretary) General Economics Division (GED) Bangladesh Planning Commission

The Government of Bangladesh has played a critical role in formulating SDGs and has been contributing since the Rio+20 Earth Conference in 2012. The Government of Bangladesh's commitment to attaining SDGs has been manifested in the development plans. In the meantime, GED has framed a mapping for each of the 169 targets of SDGs to identify the responsible ministries/divisions/agencies for achieving the SDGs successfully. This document was our first effort to implement the sustainable development agenda. I take the opportunity to thank the team GED for their efforts in determining the role and responsibilities of Ministries, Divisions and Custodian Agencies as the first important step toward achieving SDGs.

"Mapping of Ministries by Targets in the implementation of SDGs aligning with 7th Five Year Plan (2016-20)" was published on 27 July 2016. GED has recently reviewed and revised this mapping document for determining the new roles and responsibilities of the ministries and divisions that went under reform. The revised mapping template includes custodian/partner agencies' role and data sources by global SDG indicators for the Lead, Colead, and Associate Ministries/Divisions. The revised mapping document is a well thought out exercise.

This document will add value and support ministries/divisions/agencies to understand their roles and responsibilities clearly and that, in turn, will help to contribute to achieving the sustainable development agenda. In addition, this document will help the ministries/divisions to charter its own

programs and intervention for accelerated achievement of the Sustainable Development. It further aims to provide an understanding of the current SDG indicators and reporting progress at the global level.

It is evident that the lack of disaggregated data has been a major challenge for SDG implementation in Bangladesh. An evidence-based real-time, up-to-date, credible, and representative data is very important for making informed policy decisions. It is necessary to strengthen national data ecosystems and report the development progress accordingly. This revised mapping document is one output of a larger initiative to implement SDGs that seeks to respond to the needs of country for strategic and practical direction in framing national policies and strategies for achieving SDGs.

I express my gratitude to all the relevant ministries, divisions, and agencies for their support in reviewing and updating the mapping document. I am thankful to all my GED colleagues for their efforts in preparing this important document. I would also like to extend my appreciation to the SC4SDG project of UNDP Bangladesh and UNEP-PEA4SDGs for their technical and financial assistance in publishing the report. Finally, I am grateful to Mr. M. A. Mannan MP, Hon'ble Minister, Ministry of Planning and Dr. Shamsul Alam, Hon'ble Minister of State, Ministry of Planning for their constant guidance in finalizing the revised mapping document.

The Preparation Process and the Acknowledgements

The first mapping handbook "Mapping of Ministries by Targets in the implementation of SDGs aligning with 7th Five Year Plan (2016-20)" was first published in September 2016. This document has been revised mainly for four reasons- 1. Global Indicator Framework has been revisited drastically by the UNSD; 2. A number of ministries have been divided into several divisions; 3. Goal-wise coordinating ministry/division has been assigned by the PMO; 4. this mapping is also warranted to be synced with the custodianship of the international agencies as they can provide us with expertise from around the globe in debunking metadata and generation of new data.

The revised mapping template includes custodian/partner agencies and data sources by global SDG indicators along with the lead, co-lead, and associate ministries/divisions, which were absent in the first mapping document. This revised Mapping document has determined the responsibilities of Ministries/Divisions/custodian/Partner Agencies by SDG goals, targets, and indicators in one single document for achieving the SDGs targets successfully. The data sources of each indicator has also been incorporated in this document to make it more user friendly. In this endeavor, GED drove the whole process to collect the experience, organized a series of consultation workshops with all the Ministries/Divisions and Partner/Custodian Agencies to incorporate their feedback. The first consultation workshop was organized with Custodian Agencies on November 19-21, 2019 followed by an Inter-ministerial Consultation Workshop on November 26-28, 2019. The next consultation workshop was held with the SDG Focal Points of 58 Ministries/Divisions on 14 March 2021. The last consultation workshop was held on 22 September 2021 with the Government representatives from multiple agencies such as BBS, as well as from various UN agencies such as UNRCO, ILO, UNAIDS, WFP, WHO, UNDP, and others. After receiving all the comments/suggestions from all the stakeholders, GED finalized the document and placed it before the SDG Implementation and Review Committee Meeting held on 06 October 2021. The Committee approved the document along with the directive to provide further feedback, if any, from the ministries/divisions to GED by 13 October 2021. Upon this, the document was thoroughly edited.

The inputs from Ministries/Divisions and Custodian/partner Agencies have been compiled and analyzed to prepare the revised Handbook by an expert team of GED led by Mr. Md. Mahbubul Hoque Patwary, Joint Chief. Other members of the team were Ms. Munira Begum, Joint Chief; Mr. Md. Mahbubul Alam Siddiquee, Deputy Chief; Mr. Mohammad Fahim Afsan Chowdhury, Senior Assistant Chief; Mr. Nepoleon Dewan, Senior Assistant Chief; Mr. Shimul Sen, Senior Assistant Chief; and Mr. A.Z.M. Saleh, Ex SDG and M&E Analyst, SC4SDG Project. Mr. Md. Mafidul Islam, Ex-Chief, GED deserves special thanks for his extensive contribution and guidance.

We acknowledge the contribution of all SDG Focal Point Officers of all Ministries/Divisions, Focal Point Officers of custodian agencies and the officials of BBS, especially Mr. Md. Alamgir Hossen, Deputy Director and Focal Point Officer, SDG Cell, BBS. Thanks are due to all the officials of "Strengthening Institutional Capacity for SDGs Achievement in Bangladesh (SC4SDG)" Project for their efforts in arranging consultation workshops and inputs in finalizing the document. Thanks are also due to the Prime Minister's Office, Specially Mr. Md. Monirul Islam, Joint Secretary (SDG) for the continuous support and contribution for publishing this document. Sincere thanks and gratitude to Honorable Minister of State, Ministry of Planning, Dr. Shamsul Alam for his passion, inspiration, and guidance in bringing out this important SDGs publication.

Glossary

Coordinating Ministry/Division:

With the aim to implement the Sustainable Development Goals (SDGs) in synergized and coordinated way, the Prime Minister's Office (PMO) assigned Goal-wise Coordinating Ministry/Division on 30 September 2019. The roles of the Coordinating Ministry/Division are: (a) to coordinate the goal-wise implementation as directed by the SDGs Implementation and Review Committee, (b) To organize bi-annual workshops by involving other (Lead, Co-Lead, Associate) Ministry/Division, development partners, NGOs, CSOs and relevant stakeholders for reviewing goal-wise progress and attainment, and (c) To identify goal-wise implementation challenges, figure out possible way outs for overcoming the challenges, promote innovation, and adopt and replicate best practices

Lead Ministry/Division:

The Lead Ministry/Division is supposed to translate the respective targets/indicators into actionable programmes/projects/activities. Lead Ministry/Division needs to include Co-lead and Associate Ministry/Division in policy formulation and implementation to achieve their respective targets/indicators. The Lead Ministry/Division must communicate with the Co-lead and Associate Ministry/Division to determine the responsibilities of ministries/divisions according to their respective SDG targets and indicators.

Co-lead Ministry/Division:

Co-lead Ministry/Division will assess the alignment of the undertaken projects/activities with ministries' structures and examine how well the programmes can be implemented to achieve their respective targets/indicators. Co-lead Ministry/Division can also help ensure agenda-setting that may lead to an agreed and realistic approach towards achieving their respective targets/indicators. Co-lead Ministry/Division will support the Lead Ministry/Division to ensure robust mechanisms to successfully implement SDGs in Bangladesh.

Associate Ministry/Division:

Associate Ministry/Division with the relevant expertise can also share their experiences and essential information to identify appropriate programmes/projects/activities in order to achieve SDG targets/indicators.

Data Sources:

The primary responsibility of the Data Source is to provide timely and credible data to the Bangladesh Bureau of Statistics (BBS). The Data Source is also required to provide data to the SDG Tracker. In addition, the Data Sources need to ensure the availability of quality data and coordinate among Lead, Co-lead, and Associate Ministries/Divisions and Custodian Agencies to fast-track data generation for SDGs.

105

Custodian Agency and Partner Agency:

Custodian/Partner agencies are United Nations bodies (and in some cases, other international organizations) responsible for debunking metadata for national governments, compiling, verifying and reporting data for global indicators (by regional and global aggregates). Custodian/Partner agencies are also responsible for strengthening national statistical capacity (data generation, monitoring and reporting capacity). All the assigned Data Sources must coordinate with the designated Custodian/Partner agencies to have clear understanding on metadata under existing mandates.

N.B. The responsibilities of custodianship of the non-resident Custodian/Partner agencies have been assigned among the resident Custodian/Partner agencies (within the parenthesis in the Revised Mapping Document under Custodian and Partner Agency column). These locally assigned Custodian/Partner agencies are mainly responsible for providing expertise and technical support to the ministries/divisions/agencies.
