INFORMATION FOR APPLICANT		
15	Brief Description of Assignment	Key Objectives: a) The tenth round of Bangladesh Demographic and Health Survey (BDHS) 2026 will collect data using computer-based data collection system from a nationally representative sample of ever-married women of reproductive age (15-49 years) to provide (i) up-to-date data on demographic rates, particularly availability and use of contraceptives, fertility rates, and infant and child mortality rates at the national and divisional levels (ii) analyze the direct and indirect factors that determine levels and trends in fertility and infant and child mortality including causes of death among children under age 5 (iii) assess maternal and child health, including antenatal care, assistance at delivery, postnatal care, newborn care, breastfeeding, and prevalence and treatment of acute respiratory infections (ARIs), diarrhea, and other diseases among children under age 5, alongside selected communicable diseases such as tuberculosis and emerging infections, as well as disability and health care utilization (iv) obtain data on the nutritional status of children under age 5, women, and men using anthropometric measurements (weight and height), and infant and child feeding practices (v) measure biomarkers, such as blood pressure, and blood glucose for women (15 years or older) and men (18 years or older). b) Ensure engagement of at least a renowned international university/organization to address selected technical aspects to adopt and design BDHS 2026 survey and to maintain international standards. The technical aspects mostly contribute advanced technical expertise in survey questionnaires, biomarker tools, manuals, computer-based interviewing programs for data collection, fieldwork training and monitoring, design, and sampling techniques. In addition, strengthen capacity-development activities for NIPORT professionals to enable them to conduct tabulations, data processing, data analysis, and both preliminary and final report writing, as well as dissemination activities of BDHS 2026, ensuring long-term sustainability and alignment with international standards.

16	Experience, Resources and Delivery Capacity Required	1. The research organization or firm, in collaboration with at least one international university or organization, must have a minimum of 02 years of experience in health and/or demographic research and surveys 2. Research organization/firm along with a renowned international university/ organization are requested to submit their required documents including trade license, experience, CVs, publications, capacity, TIN, proposal synopsis and relevant documents of their organization/firm as well as the international university/organization 3. Experience in leading and/or providing technical assistance in nationally representative demographic and health surveys/research (with supporting documents) 4. Demonstrated experience in implementing surveys following BDHS Program guidelines, including sampling design, data quality assurance, and report preparation aligned with international standards 5. Experience in large-scale data collection (more than 20,000 samples) through a computer-based data collection system, field supervision, and monitoring in a nationally representative large survey 6. The applicant must demonstrate a track record of producing national survey reports, peer reviewed publications, and policy outputs based on large scale demographic and health data 7. Ensure the engagement of two internationally reputed experts, one epidemiologist and one demographer, preferably having experience working with an international university or organization, each with at least 03 years of experience in conducting health and demographic related research and surveys 8. The research work and all other activities will be completed in FY 2026-27 (The project duration may be extended subject to approval by the Government). 9. Working on health and demographic related surveys will get priority 10. Must comply with PPA-2006 and PPR-2025 11. Incomplete EOIs will be rejected 12. Proposal should not exceed 100 pages 13. Authority may visit offices if necessary 14. Only short-listed participants will be invited to participate in the next stage of the selection process
