

BANGLADESH RURAL ELECTRIFICATION BOARD
DHAKA, BANGLADESH

PBS INSTRUCTION 300-16

SUBJECT : A GUIDE FOR A POLICY MANUAL FOR PBS

Date of Approval : 27-06-1979
Date of Last Revision : 24-12-2013

PURPOSE:

To help each PBS develop and maintain a manual of written policy statements as a basic management tool of the Board of Directors and the Senior General Manager/General Manager in operating the PBS.

POLICY:

BREB will expect each PBS to compile and maintain its operating policies in a series of written statements in a policy manual. These will be determined by the PBS Board of Directors, in consultation with the Senior General Manager/ General Manager, and serve as guidelines for assuring the conduct of the PBS's affairs according to the decisions of the Board and within the requirements set forth in the PBS's bylaws, its loan contract and mortgage with BREB.

The manual of policy statements of the PBS will be available for inspection by BREB on request, as well as members and employee.

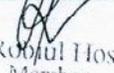

IMPLEMENTATION:

1. WHAT IS POLICY
 - a. Policy is a general plan of action for the conduct of operations.
 - b. A policy is a statement which provides guidelines for making decisions in recurring situations without consulting a superior, yet assuring that decisions are consistent and move toward objectives.
 - c. A policy is different from an objective and different from a procedure. The objective of the PBS comes first. This is stated in the bylaws. Policies are based on the objective, and these, in turn, permit the determination of procedures, which are the vehicles for carrying out policy. Procedures are the rules and methods developed by the Senior General Manager/ General Manager, usually in consultation with key members of his staff to perform particular work operations.

2. WHAT WRITTEN POLICIES CAN DO?

- a. Define and sustain a balanced working relationship between the Board and the Senior General Manager/ General Manager. The Board makes policy and the Senior General Manager/General Manager carries it out.
- b. Tell the Senior General Manager/General Manager what the Board expects of him and delegate him the authority to get the job done. Spell out the limits within which the Senior General Manager/ General Manager may make decisions so that he can act without waiting for the Board to meet.
- c. Get consistent action in similar recurring situations. Avoid having to make similar formal decisions over and over again.
- d. Assure uniformity of action by staff members and keeps the organization moving together toward the attainment of its objective. Establishes equality of treatment for consumers and for employees.

3. HOW TO GET STARTED ?

- a. In a PBS, the Board represents the entire membership in setting policy. It may, however, designate the secretary or a committee of directors with assistance from key employees to draft policy statements and submit them to the Board for action.
- b. The secretary or committee should start the compilation of the PBS's policies by searching the minutes of meetings for motions and resolutions which control or set a pattern for similar future actions.
- c. The bye-laws will contain some basic policies in such matters as the annual meeting, equal treatment of consumers, and the handling of margins. PBS Instructions, as well as the loan contract and mortgage, will furnish the basis for policy statements on such subjects as area coverage, insurance, construction standards, and house wiring, etc. The secretary or the policy drafting committee also may discover general practices already in use which have not yet been written into policy.
- d. The Senior General Manager/ General Manager should propose, advise and assist the Board of Directors in the formulation of written policies.
- e. Board approval of the statements in the initial policy manual and of each subsequent policy statement or of any change, must be recorded in the minutes of the Board meeting at which the action was taken.

- f. Each policy statement should cover a single subject. It should be simply and clearly stated, and be as complete as possible without being unnecessarily long, detailed, or complex.
- g. Each policy statement should follow standard format adopted by the Board. This should include uniform headings and arrangement on the page. (See Attachment 1 for a suggested sample format.)
- h. Each policy statement should carry an identifying number (see Attachment 2) and the date of adoption by the Board.

4. PUT POLICY INTO ACTION

- a. The policies should be written down and kept together in a book or manual. This keeps them all in a single place for easy reference, prevents the loss of individual statements, and encourages review to keep policies current. A loose-leaf binder permits insertion of and additions.
- b. There is no point in having policies agreed upon and written down if they are not followed. Therefore, make sure that the, key employees, and each director has a copy of the policy manual which is kept up to date. A copy should also be kept at a convenient and conspicuous place in the office where employees and members may examine it.
- c. The Board should expect the PBS Management to check regularly on how well operations conform to established policies as set forth in the policy manual. The reports should not only indicate the extent to which policies are being followed in day-to-day activities but also suggest additional subjects which need to be covered by policies and of changes needed in existing policies.

Revision Dates: 31-10-1996, 24-12-2013				

5. GENERAL CONDITIONS:

- (1) The members of a PBS expect the Board to see that their system is properly managed to provide the best possible service at the lowest feasible cost. To do this, all members of the Board and all employees under the supervision of the Senior General Manager/ General Manager must understand the PBS's objective and know what its policies are. Definite policies clearly stated and understood by all are one of the most effective tools available to any organization for harmonious day-to-day operations and the achievement of their common objective.

BREB expects the Board of Directors of each PBS to fulfill its obligation to maintain written policies in usable form for the guidance of everyone in the PBS's family of directors, employees, and member-owners.

(2) HOW TO IMPLEMENT THE AMENDMENT/UPDATING OF PBS INSTRUCTION

The compliance of the procedures as laid down in the BREB Board decision no.13132 (**Annexure-III**) in regard to amendment or updating or reviewing of PBS Instruction(s) by the PBS and/or BREB authority/ office(s) shall be mandatory.
