

Press Release

Government Committed to Promoting Local Industries, Creating Employment, and Building a Technology-Driven Economy — Faqir Mahbub Anam, MP

Khulna, 16 June 2026

The Minister of Posts, Telecommunications and Information Technology, Faqir Mahbub Anam, made these remarks today while exchanging views with the officers and employees of Bangladesh Cable Shilpa Limited following a visit to the company's facilities in Khulna. Nazrul Islam Manju, Administrator of the Khulna City Corporation (KCC), was also present on the occasion.

The Minister said, “Local industrial enterprises play a vital role in strengthening Bangladesh’s telecommunications infrastructure. Bangladesh Cable Shilpa Limited has been making significant contributions to the development of the country’s telecommunications and information technology sectors. The company must continue to move forward by enhancing its technological capabilities and manufacturing products that meet international standards.”

Faqir Mahbub Anam noted that Bangladesh Cable Shilpa Limited manufactures various types of cable products. He emphasized the need for the company to continuously adopt modern technologies in place of outdated ones. He also highlighted the importance of effective planning, sound marketing strategies, efficient distribution systems, and the development of a proactive marketing network.

The Minister further stated that employees must regard the company as their own institution, as such a sense of ownership is essential to its growth and success. He assured the officers and employees that all necessary measures would be taken to support the development and advancement of Bangladesh Cable Shilpa Limited.

During the visit, the Minister toured the production facilities and observed various stages of the manufacturing process. He reviewed the company's operations and emphasized the importance of enhancing productivity, maintaining quality standards, and increasing the use of modern technologies.

The Minister praised the dedication, professionalism, and efficiency of the officers and employees and called upon all concerned to work collectively for the overall development of the organization.

Following the visit, the Minister planted a sapling of a native mango variety on the premises of Bangladesh Cable Shilpa Limited.

Senior officials of Bangladesh Cable Shilpa Limited were present during the visit. They briefed the Minister on the company's production activities, future plans, and ongoing development initiatives.
