Md. Iqbal Hossain has been working as an Assistant Director at Rural Development Academy (RDA), Bogura since April 22, 2024. This prestigious organization is known for its contributions to research and training in rural development. Alongside his main responsibilities, he is currently serving as In-Charge (Fisheries), where he focuses on breeding catfish and carp, as well as promoting modern techniques in fish farming.

Before joining RDA, he held the position of Instructor (Fisheries) at National Institute of Youth Development (NIYD) in Savar, Dhaka, where he was involved in training and capacity building in the fisheries sector.

He completed both his MS in Fisheries Biology and Genetics and BSc. Fisheries (Hons.) degree in 2018 and 2020 respectively from Hajee Mohammad Danesh Science and Technology University (HSTU), Dinajpur. He was awarded Dean Scholarship for his academic excellence and also awarded National Science and Technology (NST) fellowship from Ministry of Science and Technology in 2020 for research purpose.

He brings with him a strong background in fish breeding and aquaculture technologies, and continues to apply his expertise to support the advancement of sustainable fisheries in Bangladesh.
