c) Abstract

The present report is based on four villages namely Garidah, Kaltapara, Ramnagar and Jamalpur. Garidah, Kaltapara and Ramnagar are in the union of Garidah of Sherpur Thana, Jamalpur is in the Union of Area of Bogra Thana. The villages are at a distance of 10 miles towards south of Bogra. The Bogra-Dacca road passes along the western side of the villages. All the four villages are within walking distance of academy. The purpose of the study was to determine the present socio-economic condition of the villagers and to identify the nature of the development problems at village level. It is also assumed that this study can help future intensive work in studying problems of development at village level. It is purely an attempt to present factual information about the villages.
