

# Md. Abdul Majid Pramanik, PhD

Director General (Incharge)  
Rural Development Academy (RDA), Bogura  
Bangladesh

## PROFILE

Highly regarded frontline rural development professional with in-depth technical and analytical skills proven through years of successful implementation of projects and programs. Holding over 21 years of extensive full time and consulting experiences spanning over diverse area covering poverty-reduction agriculture and rural development, climate resilience, disaster management, asset transfer, regenerative farming, food safety and security, rural innovation, women empowerment, livelihoods improvement, community engagement, rural seed technology, and human resource development. Worked with government and international development organizations, blending the art of innovation and mandate.

Throughout his distinguished career, Dr. Majid has led and contributed to a wide range of multidisciplinary research and development projects focused on poverty alleviation, climate resilience, inclusive rural innovation, livelihood improvement, and infrastructure development in hard-to-reach areas. His leadership at the RDA has been instrumental in shaping policy dialogues, piloting scalable innovations, and fostering community empowerment across Bangladesh. Known for his academic rigor and practical insight, he has collaborated with national and international organizations, development partners, and academic institutions to promote participatory rural development and adaptive planning in disaster-prone regions. His expertise encompasses strategic program management, participatory research, training, monitoring and evaluation, and policy advisory services.

## Career Track Record

Working as full time carrier in different capacities starting from Assistant Director in 2004 and obtained the role of Director General (Incharge) on April 01, 2026 in Rural Development Academy (RDA), Bogura under the Ministry of Local Government, Rural Development and Cooperatives. The national organization is mandated with training, research action research and policy support.
