Your Excellency,

Greetings from Institut Teknologi Sepuluh Nopember (ITS) Surabaya, Indonesia.

We are honored to take this opportunity to introduce our institution. ITS is a research-based, cutting-edge technological university, distinguished in engineering, technology, art, and design, with strong expertise in supporting the industrial and maritime sectors.

As an aspiring world-class university committed to expanding its global network, ITS launched the Fun Bahasa Indonesia and Cultural Course Program (FBICC) in 2020. Since then, FBICC has become a flagship program of ITS Global Engagement, welcoming more than 4,000 participants from over 100 countries who are eager to learn the Indonesian language and culture. As of today, 67 participants from Bangladesh have previously joined FBICC. We sincerely thank you for your kind assistance in disseminating this program in the past years.

Building upon this success, we are delighted to announce that FBICC will return in 2026 with four batches throughout the year. Each batch will offer diverse themes designed to meet different interests and purposes in learning Indonesian language and culture. Applicants may choose one of the following courses:

- FBICC for General Purposes: Let's Get to Know Indonesia
- FBICC Business: A Business Trip to a Land of Opportunities
- FBICC for Travel: Exploring the Exotic Indonesia
- FBICC University Life: Experiencing Student Life in Indonesia

We sincerely hope that FBICC 2026 will provide global citizens with opportunities to meet peers from different countries, build networks, exchange ideas, and explore Indonesia's rich cultural diversity. Beyond language learning, FBICC also serves as a bridge of cultural diplomacy—strengthening mutual understanding, fostering international collaboration, and promoting people-to-people connections between Indonesia and the world.

In this regard, we kindly request your esteemed support in disseminating the information about FBICC 2026 to potential participants from your country. Registration details and program information will be available through our official channels, and promotional materials are enclosed with this letter.
