## **How to better TTC`s**

Significant progress of Bangladesh has been made in achieving most of the MDG target within the given time-frame of 2015. Now SDGs are running since 2016 which will be implemented within 2030. One of the most important goal is SDG 4: Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all. Also in present context, rights of education means learners must acquire proper knowledge from competent teachers. So Bangladesh government has designed 7FYP (2016-2020) which is based on Human Resource Development (Education). Our government's main target is to ensure quality education at primary, secondary and tertiary level. Also we want to prepare and expect for the 21st Century level competent teachers in secondary and higher secondary level. Now ICT is the basic tool for making quality teacher. ICT based training is very crucial for the teachers to cope up with 21st century skills that will eventually prepare our learners for future Digital Bangladesh. So 14 Teachers` Training Colleges are going to vital role play for Human Resource Development using ICT in B.Ed program.

So I will take some initiatives for increasing quality B.Ed Program through ICT as a Principal, these are-

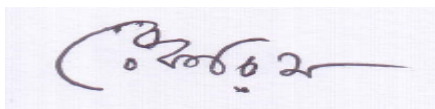

- To identify the infrastructural shortage of our TTC, Khulna & to minimize the shortage.
- To mobilize & proper utilize all kind of resources for TTC`s development which will be implemented by different committee.
- To follow the financial rules strictly.
- To assist & implement of all kind of education projects in TTC`s.
- To identify lack of skills of TTC`s teacher regarding ICT skills.
- To identify the In-house TNA (Training Need Assessment).
- To prepare the In-house Training Schedule.

- To identify the 21st century skills for TTC`s teachers.
- To develop the In-house Training Manual and Teachers Guide.
- To follow the Constitution of Peoples Republic of Bangladesh (regarding article 15) & National Education Policy 2010.
- To identify curriculum issues from the National Curriculum 2012 (Secondary & Higher Secondary Level).
- To assist and prepare digital content according to learning outcomes which exist in B.Ed (Subject wise). Also apply will be same idea in B.Ed (Hons) level.
- To scale up 21st century skills and also integrate current successful initiative like Teachers Portal ([www.teachers.gov.bd](http://www.teachers.gov.bd)), Students Portal and Muktopaath for e- learning.
- To motivate for increasing interest in using MMC apps for establishing Multimedia Classroom among TTC`s/school/madrasah`s teachers.
- To make better liaison with all stakeholders according to training need (Like MOEDU, SHED, Planning Commission, IMED, DSHE, a2i, NCTB, BISE, NU, IER, TTCs, BMTTI, HSTTI, NAEM & Secondary School/Madrasah`s & others).
- To prepare the digital content using by TPACK.
- To improve teaching learning method and techniques in the classroom situation.
- To improve pedagogical and andragogy knowledge among the class teachers and trainers.
- To provide all sorts of technical support for TTC`s teachers.
- To develop ICT based training.
- To design training programme for secondary and higher secondary teachers and to support them.
- Processing paper for Seminar, Workshop and Training with different stakeholders.
- Providing monitoring and mentoring in B.Ed program. Also will be applied B.Ed (Honours) & M.Ed Classroom.

- To establish Language Lab (English & Bangla) which will be developed four skills (Listening, Speaking, Reading & Writing) using ICT materials for B.Ed, B.Ed (Honours) & M.Ed learners. Also different subjects Lab will be established.
- Not only B.Ed program, also B.Ed (Honours) & M.Ed Classroom will be fixed and decorated by ICT materials.
- To initiative & start excellence of all subject in TTC.
- To develop Co-curricular activities.
- To beautify the TTC`s campus.
- To implement the natural forestation in TTC.
- To prepare ICT Teachers Training Database through MS Excel.

Last of all, as a head of institution I will power excise impartially & according to law which will be establish working environment in TTC`s Staff. Also all kind of above mentioned programs will be implemented through detail plan. Finally we will achieved modernized and quality education using ICT skills by our TTC`s teachers. Thanks.

Yours sincerely,

Dr. Sk. Md. Rezaul Karim
