

Grid Power Evacuation System Development for WZPDCL

Implementation period: July'2024 - Jun'2027

Project Cost: 51254.54 Lakh Tk.
[GoB: 48373.34 Lakh Tk.
WZPDCL: 2881.20 Lakh Tk.]

Scope

Construction of 33 KV Switching Station - 11

Installation of telecom equipment and 48 volt DC system at 11 switching stations and SCADA integration

Land Acquisition: 1.5 Acres

Construction of 33 KV (Grossbeak) line - 5.50 km

Objective of the Project

- ✓ Reduction of system losses
- ✓ Reduction of power outages due to faults and Maintenance of 33 KV source lines

Grid Power Evacuation System Development for WZPDCL

Progress

- ✓ DPP of this project has been submitted to Power Division on 02 April 2024.
- ✓ Power Division has sent a letter to Finance Division for their opinion on the DPP.
- ✓ Finance Division has sent their opinion on GoB part of this project cost on 15 July 2024.
